A - DESCRIPTION OF PLAN

The following description of the Weir's Retirement Plan ("the plan") provides only general information. The plan sponsor is Weir's Furniture Village, Inc. Participants should refer to the Summary Plan Description (SPD) for additional information.

General

The plan was established on and effective as of April 1, 1994 and last amended January 1, 2016. The plan is a qualified defined contribution plan covering all employees of the Company who have six months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). July Business Services, Inc. acts as record keeper and third-party administrator of the plan. Mid Atlantic Trust Company is the custodian of the plan.

Allocations

Assets of the plan are allocated to participant accounts based on specific contributions made by each participant and respective matches made by the Company. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participant's account and any earnings thereon.

Contributions

Each year, participants may contribute up to annual federally-defined limits. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. At the discretion of the Company's Board of Directors, the Company contributes 50% of the first 6% of base compensation that a participant contributes to the plan. Contributions are subject to certain limitations. The Company elected not to make a contribution to the plan in the current year.

Vesting

Participants are immediately vested in their contributions and applicable Company contributions plus actual earnings thereon.

Disposition of forfeitures

Forfeitures, if any, are used to pay plan expenses in the year they occur. There were no unallocated forfeitures for the year ended December 31, 2017.

Benefit payments

Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum distribution or, at the participation's election, in annual installments. Upon termination, other than by retirement, disability or death, a participant becomes eligible to receive the current value of their vested account in a lump-sum.

A - DESCRIPTION OF PLAN (Continued)

Participant accounts
The plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan gains and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Investment options
Upon enrollment in the plan, participants direct the investment of their contributions and the Company contributions into various investment options offered by the plan. Participants may direct their contributions into one or more mutual funds and a money market fund.

Plan termination
Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions and distributions would be made as soon as administratively practical after the plan terminates.

Notes receivable from participants
Participants may borrow from their fund accounts, for certain hardship needs, up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The term of the loan may not exceed 5 years except for the purpose of purchasing a primary residence. The loans are secured by the balance in the participant's account.

The loans bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through monthly payroll deductions.

Participant rollovers
Participants are allowed to transfer or rollover funds into the plan from other qualified plans.

B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following summary of the plan's significant accounting policies is presented to assist in understanding the financial statements. The financial statements and notes are representations of the plan's management, who is responsible for their integrity and objectivity.

Basis of presentation and use of estimates
The plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The accrual basis of accounting requires the use of estimates and assumptions that affect the assets, liabilities, revenues and expenses reported in the financial statements, as well as amounts included in the notes thereto, including discussion and disclosure of contingent liabilities. Although the plan uses its best estimates and judgments, actual results could differ from these estimates as future confirming events occur.

Plan expenses
Plan expenses are paid by both the Company and the plan.

Payment of benefits
Benefits are recorded when paid.

Contributions
Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from participant earnings.

Investments
Fair value of investments in mutual funds is determined by the funds' managers using quoted market values for each fund's investments. Income on investments is recorded as earned. Purchases and sales of investments are recorded on a trade date basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal. Interest income is recorded when collected. No allowance for credit losses has been recorded at December 31, 2017 or 2016.

D - INCOME TAX STATUS

Weir's Retirement Plan has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the plan is designed in accordance with applicable sections of the IRC. The plan document is based upon a volume submitter plan instrument from July Business Services, Inc. which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. Management Committee of Weir's Retirement Plan and plan administrator believe that the plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

F - FAIR VALUE MEASUREMENTS

The framework for measuring fair value is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted price in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1
Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2
Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

Level 3
Fair values are based on at least one significant unobservable input for the asset.

The methods and significant assumptions used to estimate fair values of financial instruments are as follows. There have been no changes in the methodologies used in the previous year.

Asset type	Proposed level	Rationale
Mutual funds	Level 2	Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

F - FAIR VALUE MEASUREMENTS (Continued)

Following is a summary of plan assets measured at fair value.

INPUT LEVELS BY INVESTMENT CATEGORY

	Year ended December 31, 2017			
Investment category	Level 1	Level 2	Level 3	Total
Money market fund*	$ -	$ -	$ -	$ 370,682
Mutual funds	-	5,044,542	-	5,044,542
Total	$ -	$ 5,044,542	$ -	$ 5,415,224

	Year ended December 31, 2016			
Investment category	Level 1	Level 2	Level 3	Total
Money market fund*	$ -	$ -	$ -	$ 492,483
Mutual funds	-	4,304,522	-	4,304,522
Total	$ -	$ 4,304,522	$ -	$ 4,797,005

For the year ended December 31, 2017, the plan had net realized/unrealized gain (loss) from investments of $783,976. The carrying value of cash, notes receivable from participants and accounts payable approximate their fair values at December 31, 2017 and 2016, respectively.

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

G – CONCENTRATION OF RISKS

Financial instruments subject to credit risk consist primarily of investment securities and participant notes receivable.

Investment securities

The plan's investments are not insured by agencies of the United States government. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits. The maximum amount of loss due to credit risk that the plan would incur if parties to the financial instruments failed to perform according to the terms of the contracts and the collateral, if any proved to be of no value, would approximate the balances that appear on the Statement of Net Assets Available for Benefits.

G – CONCENTRATION OF RISKS (Continued)

Notes receivable from participants

As previously stated, participant notes receivable are secured by the balance in the participant's account. Consequently, management considers any risk of collectability to be very unlikely. However, if such events should occur, the loss would be limited to the balance reported in the statement of net assets available for benefits at year end.

General business economy

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.
