Children's Retirement Income Benefit Plan
Notes to Financial Statements

December 31, 2017 and 2016
(Dollars in Thousands)

1. Description of the Plan

The Children's Retirement Income Benefit Plan (the "Plan") is a defined contribution 403(b) plan that covers substantially all Children's Hospital Medical Center of Akron ("Children's" and "Plan Administrator") employees. The current contract through Variable Annuity Life Insurance Company / AIG Federal Savings Bank ("AIG") was established March 3, 1996 and was restated effective January 1, 2006. All prior 403(b) contracts with other vendors (collectively referred to as the "Custodians"), which date back to 1969, are included in the Plan's financial statements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to the maximum allowed by current law, which was \$18 in 2017 and 2016 with an additional \$6, allowed for participants age 50 and older. In addition, there is an additional maximum \$3 contribution that is available for employees who have 15 or more years of service. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. Upon reaching one year of service, if in the prior calendar year a minimum of 1,000 hours has been worked, Children's matches participant contributions as follows: Children's contributes 50 percent of the first 4% of base compensation (6% for Children's Home Care Group (subsidiary of Children's) employees). The Plan allows for Roth contributions. Children's has the right under the Plan to discontinue such contributions at any time and to terminate the Plan.

An employee shall become eligible to participate in the Plan as of the first day of the first full pay period after the date all other eligibility requirements are satisfied.

For employees hired on or after July 1, 2014, the new employees shall have their compensation automatically reduced by 6% for elective deferrals into the Plan unless they elect to opt out of the Plan or adjust the amount contributed.

Participant Accounts

Each participant's account is credited with the participant's contribution of (a) Children's contribution and (b) plan earnings, and charged with an allocation of fund and specific administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued)

Notes Receivable from Participants

The Plan allows for participants to take loans from their individual vested account balances. The maximum loan a participant may take from the plan may not exceed the lesser of \$50 or 50% of participant's vested balance in the Plan with a minimum loan amount of \$1. Participants are only allowed to make one loan every three years and will only be allowed to have one loan outstanding at a time. The notes receivable from participants have repayment terms of 5 years (15 years for principal residence loans) with a fixed interest equal to the prime interest rate plus one percent at the date of inception of the note.

Vesting

Participants are vested immediately in their contributions and Children's contributions plus actual earnings thereon.

Payment of Benefits

On termination of service due to death, disability, or retirement, or upon reaching the age where minimum distribution rules apply (currently age 70 ½), a participant may elect to receive distributions on both the elective deferral portion and Children's contribution portion of their account. In accordance with Internal Revenue Service ("IRS") regulations, a participant may elect to receive distributions on the elective deferral portion of their account at age 59 ½. For termination of service for other reasons, a participant may receive the value of the vested balance in his or her account as a lump-sum distribution, or may leave their account with the Custodians.

Information about the Plan agreement, the vesting and benefit provisions is contained in the *Summary Plan Description*. Copies of the *Summary Plan Description* are available from the Human Resources Department at Children's.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. Significant Accounting Policies (continued)

Administrative Fees

Investment management expenses, custodian fees, and other administrative expenses are paid by the Plan. Certain other costs are paid by Children's.

Investment Valuation and Income Recognition

Investments in mutual funds have readily determinable fair values and are measured at fair value in the Statements of Net Assets Available for Benefits. Fair values of investments in mutual funds are based on quoted market prices.

Fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value, as reported to the Plan by the Custodians, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses.

Investment income or loss and net realized and unrealized gains and losses are reflected in the Statements of Changes in Net Assets Available for Benefits.

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported based on historical cost.

Fair Value of Financial Assets and Liabilities

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

The framework for measuring fair value is comprised of a three-level hierarchy based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Children's Retirement Income Benefit Plan
Notes to Financial Statements

December 31, 2017 and 2016
(Dollars in Thousands)

2. Significant Accounting Policies (continued)

- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Children's believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

Notes Receivable

Notes receivable from Plan participants are measured at their unpaid principal balance.

Allowances for credit losses are recorded for active participants whose loans have been deemed to be in default by the Plan Administrator, if the Plan Administrator believes the loan balance to be uncollectible. For deemed inactive participant loan balances, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through July 23, 2018, the date the financial statements were available to be issued.

3. Assets and Liabilities Measured at Fair Value

Assets measured at fair value on a recurring basis as of December 31:

	2017		
	Level 1	Level 2	Total
Mutual funds	\$ 277,213	\$ -	\$ 277,213
Money market funds	1,230	-	1,230
Fixed interest accounts	-	280	280
Total assets at fair value	\$ 278,443	\$ 280	\$ 278,723

	2016		
	Level 1	Level 2	Total
Mutual funds	\$ 219,072	\$ -	\$ 219,072
Money market funds	1,119	-	1,119
Fixed interest accounts	-	285	285
Total assets at fair value	\$ 220,191	\$ 285	\$ 220,476

Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- **Mutual funds:** Securities and mutual funds listed or traded on securities exchanges are valued at the closing price on the exchange where the security is principally traded. These securities are classified as Level 1 because quoted prices in active markets are available.
- **Money market funds:** Money market funds are valued at net asset value ("NAV"). NAV is equal to the market value of each money market fund's investments and other assets, less liabilities, divided by the number of fund shares. These funds are valued at a daily close price as reported by the fund. The funds are required to publish their daily NAV and transact at that price. Additionally money market funds are actively traded, and are classified as Level 1.
- **Fixed interest accounts:** These fixed income accounts are valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer, and are classified as Level 2.

4. Income Tax Status

It is the Plan's intention to be organized and operated as tax-exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The Internal Revenue Service does not yet have a determination letter program for 403(b) plans and therefore the Plan has not yet applied for a determination. The Plan Administrator does intend to file for determination once a program has been established. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the years then ended December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Guaranteed Investment Contracts

The Plan has entered into traditional benefit-responsive guaranteed investment contracts with AIG, Mass Mutual, and Great West. The accounts are maintained in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contracts issued are contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.
