Fulton County Processing 401(k) Plan

Notes to Financial Statements

December 31, 2017

Note 1 - Description of Plan

The following description of the Fulton County Processing 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan that provides benefits to eligible participants as determined according to the provision of the plan agreement. Employees of Fulton County Processing, Ltd. (the “Organization”) are eligible to participate in the Plan at the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary reduction contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan accepts rollover contributions from other qualified plans.

Each year, participants can elect to receive an employer contribution from the Organization once they have worked for 3 months and are over the age of 20. The contribution will then take place on the first day of the month of the following quarter. Upon electing to receive this employer contribution, participants receive a 100% match for employee contributions of 1%, 2%, 3% of eligible compensation contribution to their account each pay period as long as they are employed by the Organization. For employee contributions of 4%, the Company will contribute 3.5% of eligible compensation, employee contributions of 5% or greater, the Company will contribute 4% of eligible compensation.

The Organization may also contribute an additional discretionary employer contribution to the Plan. This contribution is then allocated to individuals based on each individual’s eligible compensation compared to the eligible compensation of all individuals in total.

Participant Accounts - Each participant’s account is credited with the participant’s contributions and an allocation of the Organization’s contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants’ earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

John Hancock Pooled Separate Accounts - The Separate Accounts are ‘pooled’ investments. Some of these investments may be in stocks. Others may be in bonds or other types of investments. They are similar to mutual funds, but they are only available to group annuity contract holders of John Hancock Life Insurance Company (U.S.A.), (John Hancock). Changes in market value from year to year are reported as gains to the Pooled Separate Accounts. Realized gains or losses are not reported. Even through the pooled account may have earned realized gains, these gains are generated from sales of investments in the pool, not from any surrender of units for any specific plan. Participating plans do not share in the realized gains of the investment, just in the change in fair market value.

Fulton County Processing 401(k) Plan

Notes to Financial Statements

December 31, 2017

Note 1 - Description of Plan (Continued)

Vesting - Participants are immediately vested 100 percent in their voluntary, Company match, and rollover contributions plus actual earnings thereon. Vesting in the profit sharing plan is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
Over 6 years	100%

For the years ending December 31, 2017 and 2016, the profit sharing plan was not utilized, therefore there were no vesting amounts.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of their account, or annual installments.

Distribution Prior to Termination - In-service withdrawals are subject to varying rules depending on the source of the funds in the participant's account. Participants may withdraw all or part of their deferral contributions account and qualified non-elective contributions account provided they have attained age 59½. Participants may take hardship distributions from their vested account balances. These distributions would be subject to potential penalties and taxation. Participants are advised to consult a tax advisor for the most recent tax laws.

Death Benefits - Upon the death of a participant, the account becomes available for distribution to the participant's beneficiaries.

Forfeitures - Forfeited amounts attributable to the Organization matching portion of a participant's account will be applied to reduce the Organization matching contribution for the Plan year in which such forfeitures occur. Forfeited amounts attributable to the Organization discretionary portion of a participant's account will be reallocated to all participants based on compensation, as defined. There were no forfeited accounts for the years ending December 31, 2017 and 2016.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by John Hancock, the directed custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan.

Basis of Accounting - The Plan prepares its financial statements on the accrual basis. Unrealized gains and losses on the Plan's assets are reported even though no sales of such assets actually took place.

Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation - Interests in the investments are valued based on the fair market values of the underlying assets. If available, quoted market prices are used to value investments.

Contributions - Contributions to the Plan are accrued, if necessary, to the year to which they apply.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly fashion between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Net appreciation (or depreciation) in fair value of investments is reflected in the statement of changes in net assets available for benefits. Plan investments are held in pooled separate accounts (PSA) which is an investment contract held with an insurance company. The insurance company maintains investments in a PSA for two or more unrelated Plan's. Realized gains and losses on investments bought and sold and the change in appreciation from one period to the next, in addition to interest and dividends earned by the investments held in the PSA are pooled together in one account. The Plan is allocated its respective appreciation (or depreciation) in that account based on units of participation owned by the Plan.

Information Certified by Custodian - The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certification from John Hancock that all information relating to the Plan's investments and related investment income is complete and accurate. Information as to the value of the investments in the trust fund managed by the custodian, investment income (loss), and all information in the supplemental schedule is presented in reliance solely upon those certifications.

Note 3 - Plan Termination

Although it has not expressed any intention to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth in ERISA.

Note 4 - Investment Contract with Insurance Company (Unaudited)

The plan has an investment contract with John Hancock. John Hancock maintains the contributions in a pooled account. The accounts are credited with actual earnings on the underlying investments and charged for participant withdrawals and administration expenses. The fair value of the investment contracts at December 31, 2017 and 2016 was \$1,108,157 and \$627,905, respectively. The following table represents the fair value of investments at John Hancock, the custodian. Investments included in the Plan's net assets available for plan benefits at December 31, 2017 and 2016, are as follows with those representing 5% or more displayed separately:

	<u>December 31,</u> <u>2017</u>	<u>December 31,</u> <u>2016</u>
Investments at Fair Value as Determined by		
Quoted Market Price		
Pooled Separate Accounts:		
JH Multi-Index 2020	\$ 64,386	\$ 57,944
JH Multi-Index 2025	115,937	45,149
JH Multi-Index 2030	248,699	195,288

JH Multi-Index 2050	140,623	64,808
JH Multi-Index 2055	165,281	86,154
Other Investments	116,917	48,993
Total Investments at Fair Value	<u>\$ 1,108,157</u>	<u>\$ 627,905</u>

Note 5 - Fair Value Measurements

Financial Accounting Standards Board ASC 820, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. All investments of the Plan were measured using Level 1 inputs.

Level 1 Fair Value Measurements

The fair values of mutual funds holding cash, cash equivalents, common stock, corporate bonds, and U.S. government securities are based on quoted market prices, when available.

Fulton County Processing 401(k) Plan

Notes to Financial Statements

December 31, 2017

Note 5 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurement Using:	
	Quoted Prices in Active Markets for Identical Assets (Level 1)	
		Fair Value Total
December 31, 2017:		
Pooled Separate Accounts	<u>\$ 1,108,157</u>	<u>\$ 1,108,157</u>
December 31, 2016:		
Pooled Separate Accounts	<u>\$ 627,905</u>	<u>\$ 627,905</u>

Note 6 - Income Tax Status

The Plan is designed based on a prototype plan established by John Hancock. The Internal Revenue Service has provided an opinion to John Hancock by a letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan was designed in accordance with the applicable requirements of the Internal Revenue Code. Although the Plan has not requested a letter of determination from the Internal Revenue Service, the Plan administrator and the plan's tax council believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Subsequent Events

Management has evaluated subsequent events through August 31, 2018, the date on which the financial statements were available to be issued. There are no subsequent events to disclose.
