Red Canoe Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Red Canoe Credit Union 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Red Canoe Credit Union, and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Red Canoe Credit Union (the Credit Union) is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Credit Union are eligible to participate in the Plan upon reaching 60 days of service. Participants are eligible to participate in all contribution types on the date of the eligibility. The entry date for new participants is the first day of the month coinciding with or next following date requirements are met.

Contributions

Participant contributions – Each year, participants may contribute between 1–100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals are automatically increased annually on the first day of the plan year by 1%, up to a maximum auto-deferral of 5%.

Employer profit sharing contributions – The Credit Union makes profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants based on a fixed contribution depending on the participant years of service. Participants with less than five years of service receive 1% of their eligible compensation. Participants with more than five years of service receive 4% of their eligible compensation. For the year ended December 31, 2017 the Credit Union made a \$82,755 profit sharing contribution to the Plan.

Employer safe harbor matching contributions – The Credit Union also makes safe harbor matching contributions equal to 100% of elective contributions up to 3% of the participant's eligible compensation and equal to 50% of elective contributions between 3% and 5%, regardless of the employee's hours of service or employment on the last day of the plan year. The safe harbor contribution for the year ended December 31, 2017 was \$172,599.

Contributions are subject to regulatory limitations.

Red Canoe Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Participant accounts – Each participant's account is credited with the participant's contributions and Credit Union profit sharing and safe harbor matching contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Credit Union's profit sharing contribution portion of their accounts is based on years of continuous service. Participants vest in the Credit Union's profit sharing contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed fifteen years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest of 1% higher than the prime rate. Principal and interest is paid ratably through monthly payroll deductions. As of December 31, 2017, the rates of interest on outstanding loans ranged from 4.25% – 5.25% with various maturities through November 2022.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Involuntary cash-outs can be made for participant balances under \$1,000.

Red Canoe Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, and used to reduce future Credit Union contributions. As of December 31, 2017 and 2016, there were no forfeited nonvested account balances. For the year ended December 31, 2017, Credit Union matching contributions were reduced by \$2,409 from forfeited nonvested accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value and contract value. The Plan's custodian, CMFG Life Insurance Company certifies the contract value of the deposit administration account. The Plan's custodian, Matrix Trust Company certifies the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of benefits – Benefits are recorded when paid.

Red Canoe Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Expenses – Certain expenses of maintaining the Plan are paid directly by the Credit Union and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued. Note 10 provides disclosure of certain subsequent events that did not result in recognition in the financial statements.

The Plan has evaluated subsequent events through September 18, 2018, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Red Canoe Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2017 and 2016.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Collective trusts – Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

The Plan invests in the following significant collective trusts:

- *CUNA Mutual Lifestyle Income Fund* – The fund seeks to provide income with minimal capital growth by investing in a professionally managed portfolio of mutual funds and collective investment trusts. The fund may also invest in individual fixed income and equity securities. The fund may invest up to 25% of its portfolio in equity securities.
- *CUNA Mutual Lifestyle Conservative Fund* – The fund seeks to provide current income with modest capital growth by investing in a professionally managed portfolio of mutual funds and collective investment trusts. The fund may also invest in individual fixed income and equity securities. The fund may invest up to 40% of its portfolio in equity securities.
- *CUNA Mutual Lifestyle Moderate Fund* – The fund seeks to provide capital growth and modest current income by investing in a professionally managed portfolio of mutual funds and collective investment trusts. The fund may also invest in individual fixed income and equity securities. The fund may invest up to 65% of its portfolio in equity securities.
- *CUNA Mutual Lifestyle Aggressive Fund* – The fund seeks to provide capital growth and modest current income by investing in a professionally managed portfolio of mutual funds and collective investment trusts. The fund may also invest in individual fixed income and equity securities. The fund may invest up to 90% of its portfolio in equity securities.
- *CUNA Mutual Lifestyle Diversified Equity Fund* – The fund seeks to provide capital growth and modest current income by investing in a professionally managed portfolio of mutual funds and collective investment trusts. The fund may also invest in individual fixed income and equity securities. The fund may invest up to 100% of its portfolio in equity securities.

Red Canoe Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

Deposit Administration Account – The fair value of the deposit administration account is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. There are no observable inputs and the contract is not traded in an active market, therefore it is classified as a level 3 value. See Note 4.

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair Value 12/31/17	Fair Value 12/31/16 (compiled)	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
Collective Trusts					
CUNA Mutual Lifestyle Mod	\$ 158,396	\$ 108,308	Daily	N/A	N/A
CUNA Mut Lifestyle Aggr	150,346	111,040	Daily	N/A	N/A
CUNA Mut Lifestyle Cons	40,059	18,305	Daily	N/A	N/A
CUNA Mut Lifestyle Income	37,832	22,667	Daily	N/A	N/A
CUNA Mutual Diversified Eqty	862	-	Daily	N/A	N/A
	<u>\$ 387,495</u>	<u>\$ 260,320</u>			

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2017 and 2016:

	Fair Value Measurement at December 31, 2017			
	Level 1	Level 2	Level 3	Total

The following table discloses the summary of changes in the fair value of the Plan's Level 3 investment assets:

Purchases	9,898
Unrealized gains arising during the period	345
 Balance, end of year	 \$ 29,119

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Note 4 – Deposit Administration Contract with CMFG Life Insurance Company

The Plan's investment in the CUNA Mutual Stable Value Fund is a benefit-responsive deposit administration group annuity contract with CMFG Mutual Life Insurance Company (CMFG). This account is credited with interest at the rate specified in the contract and charged with participant withdrawals. As described in Note 1, because the deposit administration contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the deposit administration group annuity contract. Contract value, as reported to the Plan by CMFG, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, less applicable penalties.

Red Canoe Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 4 – Deposit Administration Contract with CMFG Life Insurance Company (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Crediting rates on the investment contract are based on a formula agreed upon with the issuer, but may not be less than 0%. Interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

Note 5 – Tax Status

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014 which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements

Note 7 – Information Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments, except the deposit administration account, reflected on the accompany statements of net assets available for benefits as of December 31, 2017.
- Net appreciation in fair value of investments, except the deposit administration account, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.
- Investments reflected on the schedule of assets (held at end of year), except the deposit administration account.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by CMFG Life Insurance Company, custodian:

- The deposit administration account and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2017.
- Net appreciation in fair value of the deposit administration account and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017.
- The deposit administration account and notes receivable from participants reflected on the schedule of assets (held at end of year).

Note 8 – Party-In-Interest Transactions

Certain Plan investments are managed by CUNA Mutual Group. CMFG Life Insurance Company is a custodian of the Plan and an affiliate of CUNA Mutual Group and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.
