Heritage HR LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2017 and 2016

1. Plan Description

The following brief description of the Heritage HR LLC 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of College View Operating, LLC, Fox Run Assisted Living Operating, LLC, Heritage Pointe Operating, LLC, Heritage Ridge Operating, LLC, Meridian Gardens Operating, LLC, NHAO, LLC, NHI, LLC, Orchard Pointe Operating, LLC, Shalimar Gardens, LLC, Heritage Management Service, Inc., Heritage at Sterling Ridge Operating, LLC, Heritage at Legacy Operating, LLC, and Orchard Pointe at Arrowhead Operating, LLC (collectively the Companies).

Employees are eligible to make salary reduction contributions and receive safe harbor employer matching contributions after attaining 21 years of age and completing 90 days of service. Eligible employees may become a participant as of the earlier of the first day of the fourth month of the Plan year or the first day of the tenth month of the Plan year on which entry requirements are fulfilled.

Contributions

Participants may contribute up to the maximum dollar limit allowable by law of pre-tax or Roth after-tax contributions based on annual eligible compensation in connection with the 401(k) provisions of the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan is a "Safe Harbor 401(k) Plan", whereby the Companies make safe harbor matching contributions. The Companies' safe harbor matching contributions are made in amounts equal to 100% of each participant's elective deferrals up to 3% of the participant's eligible compensation, plus 50% of each participant's elective deferrals between 3% and 5% of the participant's eligible compensation.

All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year are eligible to make catch-up contributions. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Companies' safe harbor matching contributions and, b) Plan earnings or losses. The Companies' safe harbor matching contributions are allocated among participants based upon each eligible participant's elected salary deferral. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by Newport Trust Company (Newport).

Vesting

Participants are 100% vested in their own contributions and the Companies' contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal on the 14th of each month, plus two percentage points. Loans must be repaid through payroll deductions within five years unless the loan is used for the purchase of a principal residence in which case the loan must be repaid within thirty years.

Payment of Benefits

Upon termination, retirement, disability, hardship, or death, the participant or beneficiary may elect to receive a lump sum, or in certain instances installment payments, equal to the value of the vested funds allocated to the participant's account. Benefits are recorded when paid.

The Plan requires mandatory distribution of payments equal to or less than $5,000 be paid out to the participant in the event that the participant did not elect a payout option. The Plan also requires automatic rollover into an Individual Retirement Account for payments between $1,000 and $5,000 in the event that the participant did not elect a payout option.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth on the following page.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to buy or sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Other

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related solely to a specific participant may be charged directly to the participant's account and are included in administrative expenses. Investment advisory and management fees are also included in administrative expenses.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through September 6, 2018, noting no items requiring disclosure.

3. Information Certified by Newport

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Newport, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental information.

The following table presents the fair value of the participant-directed investments in this Plan that were certified by Newport as of December 31,:

	2017	2016
Investments at Fair Value	$ 3,543,025	$ 2,467,152
Notes Receivable from Participants	$ 129,126	$ 84,496

Newport also certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31,:

	2017	2016
Net Appreciation in Fair Value of Investments	$ 294,311	$ 140,421
Interest and Dividends from Investments	110,503	65,357
Net Investment Income	$ 404,814	$ 205,778
Interest Income on Notes Receivable from Participants	$ 4,388	$ 1,720

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2017 and 2016:

Mutual Funds and Money Market Funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,521,738	$ -	$ -	$ 3,521,738
Money Market Fund	21,287	-	-	21,287
Total	$ 3,543,025	$ -	$ -	$ 3,543,025

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 2,455,500	$ -	$ -	$ 2,455,500
Money Market Fund	11,652	-	-	11,652
	$ 2,467,152	$ -	$ -	$ 2,467,152

5. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.
