Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, net assets available for benefits as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - PLAN DESCRIPTION

The following description of the Buckeye Corrugated, Inc. (the "Company" or "Plan Administrator") Employee Stock Ownership Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Company established the Plan effective January 1, 1994. The Plan operates, in relevant part, as an employee stock ownership plan ("ESOP"), and is designed to comply with Section 4975(e)(7) and the regulations there under of the Internal Revenue Code of 1986 ("IRC") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a defined contribution plan covering substantially all employees of the Company who have completed one year of service and are at least eighteen years of age and are not covered by a collective bargaining agreement. Effective July 1, 2017, employees of the Drake Division who have completed at least one year of service with the Company became eligible to participate in the Plan.

As of December 31, 2017 and 2016, and for the years then ended, the trustee of the Plan is GreatBanc Trust Company (the "Trustee"). The Trustee is in charge of receiving, holding and investing the assets of the Plan, allocating contributions, earnings and forfeitures and paying distributions according to the Plan document.

The Company may elect to contribute up to fifteen percent (up to twenty-five percent under certain circumstances) of the combined eligible compensation paid to all Plan participants during the Plan year. Plan benefits are paid for and funded by either contribution from the Company into a trust fund with the Trustee of the Plan, or by purchase of withdrawing participants' shares with the liquid portion of continuing participants' accounts. Distributions from the Plan are made upon retirement, death, permanent disability or termination of employment with the Company.

Participants have the right to instruct the Trustee as to how to vote Buckeye Corrugated, Inc. common stock ("Company stock") allocated to their account with respect to specific and stated corporate issues. If participants do not instruct the Trustee as to the voting of the stock held in their account, the Trustee shall not vote these shares in any manner.

Administrative Expenses

Trustee fees and administrative expenses can be paid from the assets of the Plan or by the Company. The Company paid the administrative fees of the Plan in their entirety during the years ended December 31, 2017 and 2016.

Participant Accounts

Each participant's account is credited with the allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant compensation.

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are vested based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Allocation of Forfeitures

Forfeitures are allocated, as defined, to the remaining participant accounts as of the last day of the year.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of their investment in Company stock into investments which are more diversified. Participants who are age 55 to 59 with at least 10 years of participation in the Plan may elect to diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. Once a participant has reached at least age 60 with at least 10 years of participation in the Plan, they may diversify up to 50 percent of the number of shares allocated to his or her account, less any previously diversified shares. Participants who elect to diversify receive a cash distribution. Participants may receive shares, provided the shares are immediately sold back the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Plan Assets and Valuation

All assets of the Plan are held and invested by the Trustee. The investments are presented at fair market value as of the date of the statements of net assets available for benefits. The fair value of the common stock of the Company is determined by an annual independent appraisal.

Due to the investment in Company stock not being traded on an active market, the value as of any particular date is not necessarily indicative of amounts that may ultimately be realized as a result of future sales or other dispositions of the investment held. The estimated value may differ significantly from the value that would have been used had an active market for the securities existed.

BUCKEYE CORRUGATED, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Fair Value of Financial Instruments

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Distributions to Participants

All distributions are paid in the form of cash, except that the Company may determine to make a distribution in shares provided that the shares are immediately sold back to the Company. The Plan records distributions to participants in the year they are paid.

Former employees are not invested in the Company stock and their accounts are reinvested in a distribution fund established by the Trustee. The distribution fund is held and administered by the Trustee within the Plan. Any dividends, interest, or other income received by the Trustee in respect to the distribution fund are reinvested. The transfer of former employees' funds out of the Company stock and into the distribution fund occurs automatically in the year following termination of employment, after the completion of the annual stock valuation.

The Plan includes the adoption by the Board of Directors of the Company of a distribution policy. The policy sets annual limitations on the distribution amount based on the type of distribution and balance of the participant's account. As of December 31, 2017, provisions of the distributions policy are as follows:

- Retirement – full payout of the participant's account balance in the year following the participant's year of retirement.
- Early retirement – up to \$500,000 per year beginning in the year following the participant's year of early retirement, defined as the participant's employment with the Company terminates on or after reaching age 62, but before reaching age 65. For account balances exceeding \$1,800,000, the account will be paid out in six substantially equal installments over five years.
- Disability – up to \$300,000 per year beginning in the year following the year in which the participant becomes disabled. For account balances exceeding \$1,800,000, the account will be paid out in six substantially equal installments over five years.
- Death – full payout of the participant's account balance as soon as administratively feasible upon receipt of request from participant's beneficiary.
- All other separation of service – up to \$300,000 per year beginning in the year following the year in which the participant's separation of service occurs. For account balances exceeding \$1,800,000, the account will be paid out in six substantially equal installments over five years.

At December 31, 2017, future installment payments amount to \$2,222,119. For accounts valued at \$1,000 or less, the participant's consent to a distribution is not required. The policy may be amended from time to time by the Company's Board of Directors.

Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the years ended December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

The Plan has evaluated subsequent events through June 27, 2018, the date the financial statements were available to be issued.

NOTE 3 - TAX STATUS OF THE PLAN

The Internal Revenue Service has determined and informed the Company by letter dated September 24, 2013 that the Plan and related trust are designed in accordance with applicable sections of the IRC. As such, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since receiving this determination. However, the Plan Administrator believes the Plan still complies with the IRC.

NOTE 4 - INVESTMENTS

The Plan's investment in the Company stock is as follows at December 31:

	<u>2017</u>	<u>2016</u>
Number of shares	967,688	1,044,192
Cost	\$ 111,264,759	\$ 103,362,555
Market	\$ 192,569,899	\$ 151,407,801

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 - Observable inputs such as quoted prices in active markets;
- Level 2 - Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 - Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

BUCKEYE CORRUGATED, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Assets measured at fair value on a recurring basis are as follows at December 31:

2017				
	Level 1	Level 2	Level 3	Total
Company stock	\$ -	\$ -	\$ 192,569,899	\$ 192,569,899
Money market fund	-	7,929,468	-	7,929,468
	<u>\$ -</u>	<u>\$ 7,929,468</u>	<u>\$ 192,569,899</u>	<u>\$ 200,499,367</u>

2016				
	Level 1	Level 2	Level 3	Total
Company stock	\$ -	\$ -	\$ 151,407,801	\$ 151,407,801
Money market fund	-	8,875,057	-	8,875,057
	<u>\$ -</u>	<u>\$ 8,875,057</u>	<u>\$ 151,407,801</u>	<u>\$ 160,282,858</u>

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Company stock: Valued based on an independent appraisal. The appraisal was based upon the income approach using the discounted cash flow method and the guideline public company method.
- Money market fund: Valued based underlying investments traded on active market.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth a summary of changes in fair value of the Plan's Level 3 assets for the year ended December 31:

	Company Stock	
	2017	2016
Balance, beginning of year	\$ 151,407,801	\$ 117,150,869
Sales proceeds	(11,093,064)	(4,384,989)
Realized gain on investment	3,520,099	1,023,193
Unrealized gain on investment	48,735,063	37,618,728
Balance, end of year	<u>\$ 192,569,899</u>	<u>\$ 151,407,801</u>

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

The Plan allows the Company to purchase the shares from terminating participants' accounts at the fair market value as determined by the most recent valuation performed for the Company stock. Effective January 1, 2014, the valuation date was amended to include the last day of each Plan year and any other dates designated by the Company and communicated in writing to the Trustee.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests almost entirely in common stock of Buckeye Corrugated, Inc. Accordingly, the Plan is exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
