Independent Auditors' Report

To the Administrative Committee of
Metric Engineering Savings and Retirement Plan
Miami, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Metric Engineering Savings and Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Trust Company LLC, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A. Description of the Plan

The following description of the Metric Engineering ("Company") Savings and Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company. This is a 401(k) deferred compensation plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Upon death or disability, the accrued benefits of the participants will be paid to the beneficiaries as designated by the participants.

Great-West Trust Company, LLC ("Great-West" or the "Trustee") is the trustee and custodian of the Plan. Great-West Life & Annuity Insurance Company is the record keeper of the Plan. Management of the Company controls and manages the operation and administration of the Plan.

Contributions

For the year 2017 and 2016, employees eligible to participate were permitted to make elected deferrals in any amount from 2% up to 75% of their pretax annual compensation, as defined in the Plan. However, for any calendar year the elective deferrals may not exceed a specific amount determined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers forty one (41) mutual funds and one (1) guaranteed interest contract. The Company contributes 25% of the first 8% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company's board of directors. Participants and employer contributions are held and managed (as directed by the participants), by the insurance company, which invest the cash received, interest and dividend income and make distributions to participants.

Participant Account

Each participant's account was credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. In 2002 and thereafter the vesting was amended to 20% after two years, 40% after three years, 60% after four years, and 100% after five years of credited service.

Note A. Description of the Plan – continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, provided the loan is adequately secured and bears a reasonable rate of interest commensurate with local prevailing rates. Repayment should take place within a specified period of time within a range of 5 years or up to 10 years for the purchase of a primary residence. Principal and interest is paid biweekly through payroll deductions. The insurance company administers the notes receivables from participants.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant could elect to either lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-Service Distributions

The plan allows in-service distributions if the participant has a hardship, attained the normal retirement age or attained the early retirement age. In-service distributions are permitted if the Participant is 100% vested in the amount being withdrawn.

Forfeited Accounts

Upon termination of service, a participant's non-vested account balance is treated as forfeiture. At December 31, 2017 and 2016, unused forfeited non-vested accounts totaled $1,121 and $11,783, respectively, as included within other assets. Forfeitures are allocated to pay plan expenses, reduce future employer contributions or reallocated to participant accounts on a pro rata basis. In 2017 and 2016, $11,783 and $4,229, respectively, were reallocated to participant accounts. In 2017 employer contributions were reduced by $8,324 from forfeited non-vested accounts.

Note B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note B. Summary of Accounting Policies – continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices were used to value investments. Shares of mutual funds were valued at quoted market prices, which represented the net asset value of shares held by the Plan at year end. The notes receivable from participants are secured by vested account balances of borrowing participants, are valued at amortized cost, which approximates at fair value. See Note C for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when incurred. No allowance has been recorded as of December 31, 2017 or 2016.

Excess Contributions Payable

During 2017 and 2016, there were excess employee contributions of $37,972 and $21,982, respectively. The plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payments of Benefits

Benefits are recorded when paid.

New Accounting Standards

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully-Benefit Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient." This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Company adopted Parts I and II of this ASU on January 1, 2016. Accordingly, the amendments were retrospectively applied resulting in the fully benefit-responsive investment being reported at contract value in the accompanying financial statements and certain disclosures no longer required under the new standard were removed. Part III is not applicable to this Plan.

Note B. Summary of Accounting Policies – continued

Subsequent Events

The Plan has evaluated subsequent events through July 26, 2018, the date the financial statements were available to be issued. No significant subsequent events have been identified by management.

Note C. Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the Trustee for the Plan, has certified as to the completeness and accuracy of all the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2017 and 2016.

The Plan has investments that are held in a guaranteed investment contract directed by each participant. The annuity contract has a guaranteed interest minimum. The aggregate value of the minimum guarantee is $2,469,772 and $2,596,881 at December 31, 2017 and 2016, respectively.

During 2017 and 2016, the Plan's investments in shares of registered investment companies appreciated in value (including gains and losses on investments bought and sold, as well as held during the year) by $949,576 and $342,427, respectively.

Fair Value Measurements

The Financial Accounting Standard Board Accounting Standards Codification provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level l

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

Note C. Investments – continued

Fair Value Measurements – continued

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded and have a readily determinable fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies (mutual funds)	$ 11,360,571	$ -	$ -	$ 11,360,571
Guaranteed Investment Contract	-	2,469,772	-	2,469,772
Total assets at fair value	$ 11,360,571	$ 2,469,772	$ -	$ 13,830,343

Note C. Investments – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies (mutual funds)	$ 8,933,294	$ -	$ -	$ 8,933,294
Guaranteed Investment Contract	-	2,596,881	-	2,596,881
Total assets at fair value	$ 8,933,294	$ 2,596,881	$ -	$ 11,530,175

Note D. Bonding Requirements

The Employee Retirement Income Security Act of 1974 requires fiduciaries of qualified benefit plans to be bonded with a bond equivalent to 10% of the assets held in the Plan at the beginning of the Plan year.

The minimum bond is $1,000 and the maximum bond is $500,000. The Plan is in compliance with bonding requirements.

Note E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note F. Reconciliation of Financial Statements to Schedule H of Form 5500

Rounding difference	1	-
Benefit payments per Schedule H of Form 5500	$ 559,673	$ 1,437,224

Note G. Tax Status

The IRS has determined and informed the plan sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Note H. Guaranteed Investment Contract

The Plan has entered into a group annuity contract with Great-West Trust Company, LLC, an insurance company totaling $2,469,772 and $2,596,881 for 2017 and 2016, respectively. The account is credited with participant contributions to the account and earnings on the underling investments and charged for participant withdrawals and administrative expenses. The crediting rate is compounded daily to the

Note H. Guaranteed Investment Contract – continued

effective annual interest rate. The interest rate to be credited will be determined by Great-West Trust Company, LLC prior to the last day of the previous calendar. The effective annual interest rate will never be less than 0%.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great West Trust Company, LLC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan's sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contracts issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contact with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note I. Related Party Transactions and Party in Interest Transactions

The Plan invests in shares of mutual funds managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee as defined by the plan and, therefore these transactions qualify as party-in-interest transactions. During the years ended December 31, 2017 and 2016, the Plan paid $82,992 and $66,475, respectively in administrative expenses to Great-West.

Note J. Contingencies

There were no unusual or infrequent events or transactions occurring subsequent to the balance sheet date that might significantly affect the usefulness of the financial statements in assessing the Plan's present and future ability to pay benefits.

Note K. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note L. Plan Amendments

Effective January 1, 2016 the plan will allow Roth contributions, Roth rollovers and/or transfers. On January 1, 2016 the IRC (Code) 402A provided that Roth 401(k) become effective. This new after-tax contribution feature was enacted as part of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) with a delayed effective date.
