NOTE 1. PLAN DESCRIPTION

The following description of the Sunkist Match+ Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Sunkist Match+ Savings Plan document for more complete information.

General: The Plan, as adopted on May 16, 1983, is a defined contribution pension plan covering the employees of (a) Sunkist Growers, Inc. (Sunkist, or the Company, or Plan Sponsor), (b) member local associations, packinghouses or district exchanges of Sunkist (as defined in the by-laws of Sunkist) electing to participate, and (c) any affiliated organization, as designated by the Board of Directors of Sunkist, which elects to participate (Participating Affiliate). Effective January 1, 1989, the former Match+ Savings Plan was split into two separate plans to comply with certain requirements of the Tax Reform Act of 1986. The Plan comprises salaried employees of Sunkist and salaried employees of other participating affiliate companies excluding hourly employees (unless covered by a bargaining agreement), including the former Match+ Savings Plan retirees and vested terminees as of December 31, 1988. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each participant's contributions are permitted at the participant's specified rates, ranging from 1% to 50% of the participant's base gross compensation, on a pre-tax basis, up to an annual maximum amount of $18,000 in 2017 and 2016. Catch-up contributions by participants age 50 or older are allowed and limited to $6,000 in 2017 and 2016. Sunkist or a Participating Affiliate shall make a matching contribution to the Plan on a payroll by payroll basis to each participant who elects compensation deferrals equal to the lesser of: (1) 75% of the participant's compensation deferrals for such payroll period, or: (2) 3% of the participant's compensation for such payroll period. As an alternative to the matching contribution stated previously, the Company or Participating Affiliate can elect to make a matching contribution in an amount equal to at least: (1) 100% of each participant's compensation deferrals up to 3% of eligible pay; plus (2) 50% of the next 2% of compensation deferrals not to exceed a total of 5% of the participant's compensation. If a Company or Participating Affiliate has elected to make matching contributions under the alternative matching formula, advance written notice will have been provided to the Participants employed by that Company or Participating Affiliate. After-tax contributions, ranging from 1% to 10%, can be made by the participants in addition to the pre-tax contributions.

Eligible Plan participants may receive discretionary Company contributions of up to 6% based upon their total compensation. The amount of discretionary Company contributions will be based upon Company results measured as of the end of a fiscal year.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Company's contributions, rollovers and the allocation of earnings or losses from the investments. Participants direct all contributions into the various investment options offered by the Plan.

Vesting: Participants have a 100% vested and non-forfeitable interest in their accounts.

NOTE 1. PLAN DESCRIPTION (Continued)

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. Interest rate is based on the "bank prime loan" rate provided on www.federalreserve.gov. Interest paid is credited to the participant's account.

Payment of Benefits: Upon retirement, a participant may elect to begin receiving benefit payments or to defer receiving benefit payments to no later than attaining age 70½. If a participant retires or terminates employment with an account balance less than $5,000 the benefits will be automatically paid in a lump-sum amount. Upon termination of service due to death or disability, the participant, or his/her beneficiary, may elect to receive a lump-sum amount equal to the value of the participant's interest in his/her account. If a participant terminates employment, the participant is entitled to receive the entire value of his/her Match+ Savings Plan account at that time or any time thereafter, or to continue to invest the existing account balance in the Plan.

Plan Administration: The Plan is administered by an administrative committee (the Committee) appointed by the Sunkist Board of Directors.

Plan Termination: Neither the Committee nor the Plan's Sponsor has expressed any intent to terminate the Plan. It is expected that the Plan will continue indefinitely, but continuance of the Plan is not a contractual obligation. However, in the event of termination of the Plan, the net assets of the Plan will be allocated per the plan document and as prescribed by ERISA and its related regulations.

Administrative Expenses: The Company incurs certain administrative expenses and management fees related to the Plan, which if not paid by the Company are paid by the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared using the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Benefit Payments: Benefits are recorded when paid.

Valuation of Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balances plus accrued but unpaid interest.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Recognition of Income: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

Benefit Payments: Benefits are recorded when paid.

Subsequent Events: Management has evaluated subsequent events for recognition and disclosure through July 30, 2018, which is the date the financial statements were available to be issued

NOTE 3. CERTIFIED FINANCIAL INFORMATION

The financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, notes receivable from participants, and the schedule of assets held at end of year has been derived from information certified as complete and accurate by Charles Schwab Bank, the trustee of the Plan, in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4. INCOME TAX STATUS

The Plan obtained its latest determination letter on August 28, 2013, in which the Internal Revenue Service (IRS) stated that the Plan and the related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2017, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2014.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

Certain transactions involving the investments of the Plan assets in investment funds managed by Charles Schwab Bank, the trustee of the Plan, qualify as exempt party in interest transactions. Fees paid by the Plan for investment management services were primarily included as a reduction of the return earned on each investment.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan holds mutual funds and a common collective trust that invests in various investment securities, which are exposed to various risks such as interest rate, market performance and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the change in net assets available for benefits as reported on the financial statements and Form 5500 for the year ended December 31:

	(In thousands of dollars) 2017	2016
Per financial statements	$ 7,702	$ 324
Change in contract value adjustment	--	(44)
Per Form 5500	$ 7,702	$ 280

NOTE 8. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1 Observable quoted prices in active markets for identical assets and liabilities.

Level 2 Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

There have been no changes in the methodologies used as of December 31, 2017 and 2016. The following methods and assumptions were used to estimate the fair value of each class of assets that are recognized at fair value.

Mutual Funds: Valued at the closing price reported on the active market, which represents the net asset value of shares held by the Plan.

Stable Value Collective Trust Fund: The Plan invests in the Morley Stable Value Fund (Stable Value Fund). The Stable Value Fund invests in a variety of stable value investment contracts, as well as cash and cash equivalents, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Stable Value Fund to maintain a constant net asset value. The Stable Value Fund is valued at net asset value, which is used as a practical expedient for fair value. The use of net asset value as fair value is deemed appropriate as there are no imposed redemption restrictions and the Plan does not have any contractual obligations to further invest in the Stable Value Fund.

NOTE 8. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value:

	(in thousands of dollars) Fair Value Measurements Using			
At December 31, 2017	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

	(in thousands of dollars) Fair Value Measurements Using			
At December 31, 2016	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
