DELTA CENTRIFUGAL CORPORATION
EMPLOYEE SALARY REDUCTION PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2017

1. DESCRIPTION OF PLAN

The following description of Delta Centrifugal Corporation (the "Company") Employee Salary Reduction Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have attained twelve months of service and are twenty-one or older and who are not either leased or H2-b Visa employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Employee Contributions

Pursuant to Section 401(k) of the Internal Revenue Code (the "IRC"), participants may contribute up to the lesser of 100% of their compensation or $18,000 for 2017. Employees who are age 50 or older may also make catch-up contributions of up to $6,000 for 2017. All participants' contributions are fully vested at all times. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Plan has elected safe harbor status under the IRC. In order to maintain the safe harbor status, the Company makes certain matching contributions to the Plan, which automatically satisfy the nondiscrimination testing requirements under the IRC section 401(m). For the year ended December 31, 2017, the Company made a matching contribution in the amount of $181,424.

The Company may also contribute a discretionary profit sharing contribution. For the year ended December 31, 2017, the Company made a profit sharing contribution of $2,278.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contribution and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit of which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. For discretionary contributions, the participant is 100% vested when eligible to participate in the Plan.

Payment of Benefits

Upon termination of service, a participant receives a lump-sum amount equal to the value of his or her account.

Forfeitures

A forfeiture is the non-vested portion of a terminated participant's account balance. The forfeited amount remains in the Plan and may first be used to pay administrative expenses or to reduce subsequent employer contributions. As of December 31, 2017 and 2016, there are $0 and $35, respectively, of forfeitures that have not yet been applied to reduce administrative expenses or employer contributions.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The maximum number of loans that a participant may have outstanding at one time is two. The notes are secured by the balance in the participants' accounts and bear interest at a rate from 4.75 to 5.25%%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed 5 years unless it is a residential type loan.

Investment Options

The assets of the Plan are allocated to the various funds at the direction of the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the Schedule H of the 5500. Under generally accepted accounting principles, the defaulted loan will remain a note receivable from participant until a distributable event occurs. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The investments in all of the funds are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributes excess contributions to the applicable participants prior to March 15th. There were no excess contributions in the plan year.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain administrative expenses may be paid directly by the Plan or Company, such as recordkeeping, trustee, legal and accounting fees. Investment related expenses are included in net depreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Expenses

All expenses of maintaining the Plan are paid by the Company.

3. ASSET INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

At December 31, 2017 and 2016, the Plan's investments were held by Massachusetts Mutual Life Insurance Company (the "Trustee").

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The fair value of investments at December 31, 2017 and 2016, as reported by the Trustee, is summarized as follows:

	2017	2016
Mutual funds	$ 2,729,321	$ 1,755,983
Pooled separate accounts	5,242,350	6,058,552
	$ 7,971,671	$ 7,814,535

During 2017, the Plan's investments (including gains and losses on investments bought, sold, as well as held during the year), appreciated in value by $911,538.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. These hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for similar assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair values using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. These funds are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Fair Value Measurements at the End of the Reporting Period Using:

December 31, 2017	Quoted Prices for Identical Assets (Level 1)	Total
Mutual Funds	$ 2,729,321	$ 2,729,321
Total assets in the fair value hierachy	2,729,321	2,729,321
Investments measured at net asset value (a)	-	5,242,350
	$ 2,729,321	$ 7,971,671

Fair Value Measurements at the End of the Reporting Period Using:

December 31, 2016	Quoted Prices for Identical Assets (Level 1)	Total
Mutual funds	$ 1,755,983	$ 1,755,983
Total assets in the fair value hierarchy	1,755,983	1,755,983
Investments measured at net asset value (a)	-	6,058,552
	$ 1,755,983	$ 7,814,535

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to premit reconciliation of the fair value hierarchy to the line items presented in the statement.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2017 and 2016, there were no significant transfers into or out of Level 3.

The following table summarizes the pooled separate accounts measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively:

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statements agree to the Schedule H of Form 5500 in its entirety for the years ended December 31, 2017 and 2016.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $5,727 and $9,029 for the year ended December 31, 2017 and 2016, respectively.

7. TAX STATUS

The Plan obtained its latest determination letter on July 9, 1992, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations three years after filing.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. RECLASSIFICATIONS

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

11. SUBSEQUENT EVENTS

For the year-ended December 31, 2017, the Company has evaluated subsequent events for potential recognition and disclosure through September 12, 2018, the date of financial statement issuance. No events requiring disclosure were noted.
