Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Eye Physicians of Florida, LLP 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits at December 31, 2017 and 2016, and the statement of changes in net assets available for benefits for the year ended December 31, 2017, as listed in the accompanying table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Ascensus Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Eye Physicians of Florida, LLP 401(k) Profit Sharing Plan
Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Eye Physicians of Florida, LLP 401(k) Profit Sharing Plan (the "Plan") provides only general information. For a complete description of the Plan, participants should refer to the specific provisions of the Plan document or to the Summary Plan Description, each of which is available from the plan administrator at 13680 Northwest 5th Street, Suite 240, Sunrise, Florida 33325.

General Information

Eye Physicians of Florida, LLP (the "Plan Sponsor" or the "Company") participates in a defined contribution plan covering all employees within a group of eighteen affiliated limited liability companies. The Plan covers all full-time employees of the Company who have completed one year of service (minimum 1,000 hours) and are age twenty-one or older.

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transamerica Life Insurance Company ("TLIC") served as the custodian of plan assets for the first half of 2015. As of July 1, 2015 the Plan Sponsor transferred its Plan's assets to Ascensus Trust Company. ("Ascensus Trust"). Both TLIC and Ascensus Trust, as the Company's third party administrators, perform certain recordkeeping and administrative functions for the Plan.

Significant features of the Plan are as follows:

Contributions

Each participant may elect to contribute on a pre−tax basis up to 100% of eligible compensation. A participant's pre−tax contributions may not exceed the dollar amount provided by the Internal Revenue Code ("the Code"), which was $18,000 for 2017. In addition, participants over 50 years of age may elect to contribute an additional pre−tax catch−up contribution which was limited by the Code to $6,000.

Note 1 – Description of Plan (continued)

Contributions (continued)

The Plan also has a Roth feature permitting each participant to make after−tax contributions to the Plan subject to the limitations imposed by the Code. In determining the amount of pre−tax and after−tax contributions allowed under the Plan, annual compensation limits are imposed by the Code. The Plan offers a designated Roth elective deferral option for which participants can direct after-tax contributions into a separate after-tax Roth account. The Roth feature allows the participant to direct all of their contributions into a separate after-tax Roth account or a portion of their contributions into the after-tax Roth account or a traditional pre-tax separate account. The combined amount contributed to all designated Roth accounts and traditional pre-tax accounts in any one year for any individual is limited. The limit was $18,000 for 2017, plus any additional catch-up contributions if the employee is age 50 or older at the end of the year.

The Company contributes on behalf of each eligible participant a safe harbor contribution equal to 3% of eligible compensation. The amount of any company matching contributions is subject to certain limitations of the Code. For plan year 2016, the Plan was a safe harbor 401(k) plan. Company safe harbor matching contributions made to participant accounts are 100% vested and non−forfeitable. Any non−safe harbor company matching contributions are subject to the vesting requirements under the Plan and are discretionary. The Company did not make any non-safe harbor contributions for the Plan year ended December 31, 2017.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may direct the investment of their contributions into various investment options offered by the Plan or have the option to self direct their investments. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's elective contributions, the allocation of employer safe harbor contributions, the allocation of forfeitures of terminated participants' non-vested accounts and the participant's portion of the Plan's earnings (losses). Allocations of employer safe harbor contributions are based on 3% of employee eligible compensation. Allocations of forfeitures are made in the succeeding Plan year in the ratio which the compensation of each participant for the Plan year bears to the total compensation of all participants entitled to share in the contributions. Allocation of Plan earnings (losses) is based on participant account balances and their specific investment choices.

Note 1 – Description of Plan (continued)

Investment Elections

Participants may direct the investment of their account balance into various investment options offered by the Plan or opt to self direct their investments with a qualified trustee separate from the current custodian. The current custodian allows each participant to change their investment percentages or transfer all or part of his/her account from one fund to another on a daily basis. The Plan offers stable value funds and various other pooled separate accounts invested in mutual funds as investment options for participants.

Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or a maximum of 50% of their highest account balance within the previous 12 month period. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Distributions and Withdrawals

Benefits are payable from a participant's account under the Plan's provision, upon a participant's death, retirement or other termination of employment in a lump sum or in equal installment payments. The Plan also permits withdrawals to be made by participants who have incurred a hardship as defined in the Plan or after the attainment of age 59−1/2. Distributions and withdrawals are recorded when paid.

Vesting

Participants are 100% vested in their contributions and the company employer safe harbor contributions plus actual earnings thereon.

Vesting in the employer discretionary profit sharing or matching contributions plus actual earnings is based on years of continuous service. A participant is 100% vested after six years of credited service in any discretionary contributions as follows:

Years of service	Vesting percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 1 – Description of Plan (continued)

Forfeited Accounts

Any forfeited balances are first used to offset the employer's Plan administrative costs. Any remaining forfeitures will be used to reduce the employer's subsequent contributions to the Plan. There were no forfeitures during the year ended December 31, 2017.

Administrative Expenses

Investment management expenses incurred by the Plan are netted against earnings prior to allocation to participant accounts. Transaction charges (for loan and certain benefit payment transactions) and asset management fees are paid by the Plan by reducing the balances of those participants initiating the transactions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Certain amounts have been reclassified in the Form 5500 differently from the accompanying financial statements. For consistency purposes, these amounts were conformed with the prior period presentation in the accompanying financial statements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis, which approximates fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain amounts reported in the financial statements and disclosures. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Pooled separate account investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Stable Value Funds are fully benefit-responsive investments with Ascensus Trust and TLIC. These investments are reported at contract value, which approximates fair value. See Note 3 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Net appreciation on pooled accounts includes the Plan's gains and losses on investments bought and sold as well as held during the year, as well as, any dividends earned.

Plan Risks and Uncertainties

The Plan invests in various mutual funds, common stocks, debt obligations and in a variable interest rate obligation account (Stable Value Funds) with a national insurance company. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Payment of Benefits

On the termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant’s vested interest in his/her account or equal installment payments over a period of fifteen years. Benefits are recorded when paid.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820-10, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels within the fair value hierarchy are described as follows:

Level 1: Quoted prices (unadjusted) of identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Note 3 – Fair Value Measurements (continued)

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Pooled separate accounts are not proprietary to TLIC and many invest exclusively in one underlying mutual fund traded on an established market. Holdings of separate accounts are reported in units, with the units issued calculated to match the current fair market value of the mutual fund holdings. The fair values of pooled separate accounts investments are determined by obtaining quoted prices on nationally recognized securities exchanges for various funds (Level 1 inputs).

Stable Value Funds: These funds maintain contributions in a general account and the account is credited daily with interest earnings and charged for participant withdrawals and any administrative expenses. The Stable Value Fund operates essentially as a general account obligation of Ascensus Trust pooling monies from various defined contribution plans. The effective credited interest rate is set monthly and effective on the first day of the month with accounts being credited on a daily basis. The credited interest rate is backed by the income received from the assets held in the general account of Ascensus Trust. At December 31, 2017, the general account was invested primarily in various synthetic investment contracts and separate account contracts. The credit ratings of Ascensus Trust at December 31, 2017 with four nationally-recognized agencies were deemed to be good to superior.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets as of December 31, 2017 and 2016 that are measured at fair value on a recurring basis:

Description	Fair Value Measurements at December 31, 2017

Note 4 – Party-in-Interest Transactions

Parties−in−interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Company pays certain professional fees for the administration and audit of the Plan.

Certain Plan investments are pooled separate accounts, fully-benefit responsive investment contracts, common stocks and mutual funds managed by Ascensus Trust, TLIC, Charles Schwab, and Ameritrade. Ascensus Trust and TLIC are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan or its participants in 2017 for custodial and advisory services totaling $16,754 qualify as party-in-interest transactions.

Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1. These transactions qualify as party−in−interest transactions.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 6 – Tax Status

The Plan was established pursuant to provisions of ERISA and provides certain tax benefits to participants and the employer. The Plan was drafted under a prototype non-standardized profit-sharing plan which was provided by the custodian. The Internal Revenue Service has determined and informed the custodian by a letter dated May 30, 2008, that the Plan is designed in accordance with applicable sections of the Code. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Note 7 – Investments

The following table presents individual investments that represent 5% or more of the Plan's net assets:

	2017	2016
Vanguard Target Retirement 2020	$ 2,541,337	$ 2,503,457
Vanguard Target Retirement 2025	$ 2,472,790	$ 1,963,726
Vanguard Target Retirement 2015	$ 2,037,215	$ 981,418
Vanguard Target Retirement 2030	$ 1,401,082	$ 1,242,983
Vanguard Target Retirement 2035	$ 876,928	$ 649,766

The Plan maintained $2,643,416 and $2,504,851 in self-directed participant accounts which are being held by Ameritrade in 2017 and 2016. There was no single self-directed investment with Ameritrade representing 5% or more of the Plan's net assets in 2017 or 2016.

During 2017, the Plan's unit investments (including gains and losses on investments bought and sold, as well as held during the year) and any dividends received from pooled separate accounts appreciated in value by $1,834,065.

Note 8 – Information Prepared and Certified by Plan Custodian

The following information included in the accompanying financial statements and supplemental schedule were obtained from data that has been prepared and certified to as complete and accurate by Ascensus Trust and TLIC, the custodians of the Plan:

Net assets at fair value:

	12/31/2017	12/31/2016
Cash	$ 176	$ 28,418
Corporate debt instruments	$ 154,668	$ 187,256
Common stocks	$ 589,771	$ 320,313
Money market funds	$ 82,610	$ 178,783
Mutual funds	$ 1,816,191	$ 1,790,081
Stable value funds, at fair value	$ 614,138	$ 199,522
Pooled separate accounts, at fair value	$ 12,498,272	$ 10,555,032

	2017
Interest	$ 6,803
Dividends	$ 243,426
Net appreciation of investments	$ 1,834,065

Note 9 – Investment Contract with Insurance Company

In accordance with *FASB ASC 962-325-35-5,* defined contribution pension plans should report all investments at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The investment contract is presented on the face of the Statement of Net Assets Available for Benefits at its contract value which approximates its fair value. No adjustment to contract value was required in arriving at net assets available for benefits. Contract value as reported to the Plan by Ascensus Trust represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, which approximates fair value. The Stable Value Fund account offers no guaranteed rate and has no maturity value.

Note 9 – Investment Contract with Insurance Company (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Plan entered into a fully benefit-responsive investment contract maintained by Union Bond and Trust Company. The contract offers multiple investment options in high-quality guaranteed investment contracts issued by major insurance companies. The investment contract is presented on the face of the Statement of Net Assets Available for Benefits at its contract value which approximates its fair value. During the year ended December 31, 2017, the average yields earned by the Plan for the investment were 1.6%.

Note 10 – Subsequent Events

In preparing these financial statements, the Plan’s management has evaluated subsequent events and transactions through September 4, 2018, the date the financial statements were available to be issued.
