INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Suncast Corporation Savings and Investment Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Suncast Corporation Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Suncast Corporation Savings and Investment Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)* as of December 31, 2017 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations of Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

A. Description of the Plan

The following description of the Suncast Corporation Savings and Investment Plan (Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document. The plan began January 1, 1990 and was amended and restated February 11, 2015.

General

The Plan is a defined-contribution plan established by Suncast Corporation (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of the eligible employees of the Company. It provides retirement benefits to all non-union employees of Suncast Corporation who have completed three months of service, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Plan is administered by Suncast Corporation. The Plan's non-discretionary trustee, Fidelity Management Trust Company (the Trustee), is responsible for the custody, management and recordkeeping of the Plan's assets.

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined by the Plan, subject to certain limitations imposed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans which are not Roth plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust investment contract as investment options for participants. The Company may make discretionary matching contributions based on the participant's deferral contributions. For 2017, the Company elected to make a matching contribution of 25% of the first 6% of base compensation that a participant contributed to the Plan. An additional discretionary profit sharing contribution of $561,512 was approved by the Company's board of directors for the 2017 Plan year and was funded in 2018. Contributions are subject to certain limitations.

A. Description of the Plan (continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and administrative expenses based on the proportion that each participant's account balance bears to the total of all participant account balances.

Vesting

Participants are fully vested in their contributions, Company matching contributions, employee-rollover contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contribution and the earnings thereon is based on years of continuous service. A participant vests according to the following schedule:

Less than one year	0 %
One year	10 %
Two years	20 %

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $28,489 and $ 16,542, respectively. Forfeitures may be used to reduce employer discretionary contributions and to pay administrative expenses. In February 2018 $ 28,800 was used to reduce employer discretionary contributions for 2017.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

A. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts with a minimum loan of $ 1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in their account during the prior twelve month period. Only one loan may be outstanding at any time. Loan terms range from 1-5 years or up to 10 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the employer. Interest rates range from 4.75% to 9.25% and mature between February 5, 2018 and July 7, 2027. Principal and interest are paid ratably through payroll deductions. A $ 75 application fee and an annual $ 25 maintenance fee is charged to the participant's account.

Payment of Benefits

In the event of retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution or installment payments as directed by the participant equal to the participant's vested account balance. If the participant's account balance is $ 1,000 or less, the balance will be paid in a single lump-sum distribution. If the account balance is more than $ 1,000 but less than $ 5,000, the account balance will be automatically distributed to an individual retirement account for the participant's benefit unless otherwise directed by the participant. The Plan's provisions also provide for withdrawals in the event of financial hardship, as defined by the Plan.

B. Summary of Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

B. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis, except for stable value fund which are recorded on trade-date plus one business day. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 10, 2018, the date the financial statements were available to be issued.

C. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1**- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- **Level 2** - Inputs to the valuation methodology include
  -quoted prices for similar assets or liabilities in active markets;
  -quoted prices for identical or similar assets or liabilities in inactive markets;
  -inputs other than quoted prices that are observable for the asset or liability; and
  -inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017, and 2016.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

C. Fair Value Measurements (continued)

- *Common Collective Trust / Stable Value Fund:* Valued at the net asset value (NAV), as provided by the trustee, is used as the practical expedient to estimate fair value. Fair value is based on the contractual terms of the underlying GIC's (guaranteed investment contracts). The fair value of GIC's is the market value of the underlying investments as determined by the trust's vendor/pricing agent.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2017, and 2016:

Fair Value Measurements at December 31, 2017:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 34,526,991	$ 34,526,991	$ ---	$ ---
Total	34,526,991	$ 34,526,991	$ ---	$ ---
Stable Value Fund	2,663,974 (a)			
Total Assets at Fair Value	$ 37,190,965			

C. Fair Value Measurements (continued)

Fair Value Measurements at December 31, 2016:

	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 29,064,029	$ 29,064,029	$ -	$ -
Total	29,064,029	$ 29,064,029	$ -	$ -
Stable Value Fund (NAV)	2,837,731 (a)			
Total Assets at Fair Value	$ 31,901,760			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

D. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services are included in transaction cost basis. These transactions qualify as party-in-interest transactions.

E. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company contribution portion of their account. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

F. Tax Status

The Plan uses a volume submitter plan document sponsored by Fidelity. Fidelity received an opinion letter dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the Internal Revenue Service; and although the plan has been amended since receiving the determination letter, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Form 5500:

	December 31, 2017	2016
Net assets available for benefits per the financial statements	$ 39,202,585	$ 33,843,507
Deemed loan distributions	(71,416)	(67,504)
Net assets available for benefits per the Form 5500	$ 39,131,169	$ 33,776,003

Net increase in assets available for benefits per the financial statements	$ 5,359,078
Net interest offset on deemed loan distributions	(3,912)
Net income per Form 5500	$ 5,355,166

Understanding What Counts

Certified Public Accountants and Consultants

To Mike Hamilton, Plan Administrator
and Mary Ann Mings, VP of HR
Suncast Corporation Savings and Investment Plan

We have audited the financial statements of Suncast Corporation Savings and Investment Plan for the year ended December 31, 2017, and have issued our report thereon dated September 10, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated April 30, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Suncast Corporation Savings and Investment Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2017. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Your estimate of the Common Collective Trust/Stable Value Fund is based on the fair value of the GIC's which is the market value of the underlying investments as determined by the trust's vendor/pricing agent. We evaluated the key factors and assumptions used to develop the value of the Common Collective Trust/Stable Value fund in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 10, 2018

Other Audit Findings or Issues

There were no other audit findings or issues which arose during our audit.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of you and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Internal Control

In planning and performing our audit of the financial statements of Suncast Corporation Savings and Investment Plan (the "Plan") as of and for the year ended December 31, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered Suncast Corporation Savings and Investment Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified certain deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Suncast Corporation Savings and Investment Plan's internal control to be significant deficiencies:

Segregation of Duties. Due to the relatively small size of the Plan, ideal segregation of duties cannot be achieved. This is not unusual for a Plan of your size; however the lack of segregation of duties increases the risk of fraud related to misappropriation of assets, financial statement misstatement, or both. The Plan Administrator and management should constantly be aware of this condition. It is the responsibility of management to make the decision to accept the degree of risk associated with this condition because of cost or other considerations. While we recognize it may not be cost effective to justify implementing a full segregation of duties for an extensive system of internal control in all areas, we believe it is important that management is aware that some weaknesses may exist and that they should continue to apply diligent oversight and monitoring activities.

Reconciliation of Employer Contributions. During the course of our audit, it was discovered that the 2017 Non-elective Employer contribution allocation was incorrectly calculated, by using the incorrect denominator for allocation. Review should be given to be sure the match and profit-sharing contributions are correct and match the designated amounts.

This communication is intended solely for the information and use of management, plan administrator, and others within the Company, and is not intended to be, and should not be, used by anyone other than these specified parties.
