401(k) Savings and Investment Plan

Notes to Financial Statements December 31, 2017 and 2016

Note 1 - Plan Description

The following description of the MedAmerica Health Systems Corporation 401(k) Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering certain employees of MedAmerica Health Systems Corporation (the Plan Sponsor) and several organizations that are affiliated with the Plan Sponsor (collectively, the Company or Employer). Samaritan Family Care became a participating employer as part of a plan restatement effective January 1, 2016. All employees who have attained the age of 18 are eligible to participate in the Plan, subject to certain exclusions, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2017, all assets of three defined contribution plans sponsored by affiliated employers were merged into the Plan, as follows:

Total assets transferred from:

401(k) Retirement Plan of MHVE, Inc.	\$ 3,331,969
401(k) Retirement Plan of Health Specialists of Dayton, Inc.	259,927
401(k) Retirement Plan of Samaritan Family Care, Inc.	<u>4,140,724</u>
	\$ <u>7,732,620</u>

The assets transferred to the Plan in January 2018 and, therefore, represent a receivable to the Plan at December 31, 2017.

Contributions - Participants who have attained the age of 18 can contribute a portion of their compensation as a pre-tax contribution to the Plan, up to the maximum allowed under the Plan and the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Participants who reach age 50 may elect to make catch-up contributions.

The Company makes matching contributions equal to 25 percent of the participant's pre-tax contributions up to 6 percent of compensation deferred. Employees must attain the age of 21 and complete one year of service to be eligible for Company contributions to the Plan. A plan restatement effective January 1, 2018 makes employees eligible for Company contributions at the age of 18.

The Plan was restated effective January 1, 2018 to add an automatic enrollment feature. Newly eligible employees are automatically enrolled in the plan at a deferral rate of 3 percent of compensation. Employees may opt out of the automatic enrollment at any time. All eligible employees not contributing to the Plan or contributing less than 3 percent as of January 3, 2018 were automatically set to defer at 3 percent in January 2018, unless they made an alternative election between October 31, 2017 and January 3, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in the participant accounts are participant directed.

401(k) Savings and Investment Plan

Notes to Financial Statements December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants become fully vested in the Company's contributions after three years of service.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the IRC. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Benefit Payments - Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also make withdrawals of vested account balances prior to termination upon attainment of age 59 ½ or in the event of financial hardship, as defined by the Plan.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Metropolitan Life Insurance Company or its affiliates. Metropolitan Life Insurance Company (MetLife) is the recordkeeper for the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions and pay plan administrative expenses. At December 31, 2017 and 2016, forfeited account balances totaled \$126,432 and \$33,155, respectively. No forfeitures were used to reduce Company contributions during 2017. During 2016, \$268,356 was used to reduce Company contributions. During the years ended December 31, 2017 and 2016, \$44,326 and \$105,002, respectively, were used to pay administrative expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Notes to Financial Statements December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain administrative costs are paid by the Company and are excluded from these financial statements.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 7, 2018, which is the date the financial statements were available to be issued.

Note 3 - Information Prepared and Certified by Trustee

Reliance Trust Company, the trustee and custodian of the Plan, holds the Plan's investments and participant notes receivable and executed all investment transactions as of December 31, 2017 and 2016 and for the years then ended. The investment balances and participant notes receivable balances and related income and losses included in the accompanying financial statements and schedule of assets (held at end of year) are based solely on information provided by Metropolitan Life Insurance Company, as agent for Reliance Trust Company.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value. Following are the three levels of the fair value hierarchy:

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

MedAmerica Health Systems Corporation

401(k) Savings and Investment Plan

Notes to Financial Statements December 31, 2017 and 2016

Note 5 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

Participant directed brokerage accounts: The accounts hold primarily cash, common stocks and mutual funds which are valued at daily closing prices and are deemed to be actively traded.

Guaranteed investment contract: The guaranteed investment contract is not considered benefit responsive and is reported at fair value. The contract invests in the general assets of MetLife; however, since there are no specific securities in MetLife's general account related to this contract and due to contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2017 or 2016.
