King Supply Company 401(k) Plan

Notes to Financial Statements

December 31, 2017

1. Description of the Plan

The following description of the King Supply Company 401(k) Plan, formerly Simpkins Retirement Plan Exchange for King Supply Co., LLC, (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to eligible employees of King Supply Company, LLC, King Architectural Metals of CA and King Architectural Metals of Georgia, LLC (collectively, the "Plan Sponsor"). Participation in the Plan is strictly voluntary, and employees can elect to participate monthly after completing six months of eligible service in which they work 500 hours. (Prior to January 1, 2017, employees were eligible to participate after completing twelve months of eligible service in which they worked 1,000 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to TAG Resources, LLC ("TAG") who processes transactions through Transamerica Financial Life Insurance Company ("Transamerica"), agent for Reliance Trust Company (the "Trustee").

Prior to January 1, 2017, the Plan Sponsor entrusted the maintenance of records and the day-to-day administration to Fiduciary Doctors, LLC, who processed transactions through Transamerica Financial Life Insurance Company ("TFLIC"), the custodian of the Plan.

Contributions

Participating employees may defer 401(k) contributions up to 90% of their pre-tax annual compensation (100% prior to January 1, 2017), as defined in the Plan. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan as listed in the schedule of assets (held at end of year). Participants can change the investment options previously elected at any time.

The Plan Sponsor may make discretionary matching, profit sharing or qualified nonelective contributions to the Plan. Eligibility requirements for discretionary contributions are the same as for participation in the Plan, except participants must also be employed on the last day of the Plan year in order to receive discretionary profit sharing contributions. During 2017, the Plan Sponsor did not make any discretionary contributions to the Plan.

1. Description of the Plan (continued)

Contributions (continued)

Contributions are subject to certain Internal Revenue Service ("IRS") limitations. Receivables from the Plan Sponsor for contributions are unsecured.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's discretionary matching, profit sharing and qualified nonelective contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and discretionary qualified nonelective contributions plus actual earnings on these contributions. Vesting in the Plan Sponsor's discretionary matching and profit sharing contribution portion of their accounts plus related earnings thereon is based on years of vesting service in which the participants complete 1,000 hours of service, as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

1. Description of the Plan (continued)

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed $5,000 at the time of termination of employment, the participant's benefit must be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds $5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures totaled $733 in 2017, and as of December 31, 2017 and 2016, forfeited non-vested accounts totaled $545 and $12, respectively. Forfeitures may first be used to pay administrative expenses and then to reduce future Plan sponsor contributions. During 2017, administrative expenses were reduced by $200 from forfeited non-vested accounts.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for its benefit-responsive investment contracts, which are valued at contract value (Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by Transamerica and TFLIC. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

2. Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make scheduled repayments and the Plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment recorded.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 21, 2018, the date the financials were available to be issued. Subsequent to December 31, 2017 and through September 18, 2018, benefit payments totaling approximately $251,000 have been distributed from the Plan.

3. Certified Information (Unaudited)

Transamerica, the agent for the trustee, and TFLIC, the custodian, hold the Plan's investment assets and execute transactions therein. Financial information relating to those assets, including investments and notes receivable from participants, is included in the accompanying financial statements based on information supplied to the Plan administrator and certified as complete and accurate by Transamerica and TFLIC. That information, which has not been audited by independent auditors, is summarized below.

The value of investments is as follows as of December 31:

	2017	2016
Investments at fair value	**$1,377,682**	$ 1,010,552
Investment at contract value	**72,896**	144,927
Total investments	**$1,450,578**	$1,155,479

3. Certified Information (Unaudited) (continued)

Notes receivable from participants total $96,228 and $84,443 as of December 31, 2017 and 2016, respectively. Interest earned on notes receivable from participants totaled $3,237 in 2017.

Net appreciation in investments totaled $198,855 in 2017. Interest income from the stable value options totaled $236 in 2017.

Fees paid by the Plan to parties-in-interest totaled $9,350 in 2017.

The Plan has one investment representing greater than 20% of net assets available for benefits as of December 31, 2017.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2 Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, which have not changed during 2017 or 2016:

Pooled Separate Accounts: Valued daily using publicly available quoted market prices of the underlying investments held by the pooled separate account at year-end.

4. Fair Value Measurements (continued)

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31:

	Level 1	Level 2	Level 3	Total
2017:				
Pooled Separate Accounts	**$1,342,287**	**$35,395**	**$ –**	**$1,377,682**
2016:				
Pooled Separate Accounts	$1,010,552	$ –	$ –	$1,010,552

5. Stable Value Options

The Plan invests, and invested in, fully benefit-responsive traditional investment contracts held in the Transamerica Stable Value Advantage Option and Transamerica Stable Value Core Account, collectively the "Stable Value Options." The contributions are maintained in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica and TFLIC are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contracts meet the fully benefit-responsive investment criteria and therefore are reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica and TFLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

5. Stable Value Options (continued)

Certain events limit the ability of the Plan to transact at contract value with Transamerica and TFLIC. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. The Plan administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

6. Related Party Transactions and Party-in-Interest Transactions

Plan investments are in accounts of Transamerica and TFLIC and therefore, these transactions qualify as party-in-interest transactions. Related party transactions include contributions from the Plan Sponsor.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Plan sponsor contributions.

8. Income Tax Status

The Plan adopted a volume submitter plan which had received an advisory letter dated March 31, 2014, from the IRS which stated the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

9. Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.
