INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Anderson Pacific Engineering Construction Inc. Money Purchase Pension Plan
Santa Clara, California

REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Anderson Pacific Engineering Construction Inc. Money Purchase Pension Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Anderson Pacific Engineering Construction Inc. Money Purchase Pension Plan as of December 31, 2017, and the changes in net assets available for benefits for the year ended December 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

OTHER MATTERS

Supplemental Schedule

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Prior Period Financial Statements

The 2016 financial statements were audited by other auditors, and they expressed an unqualified opinion on them in their report dated October 16, 2017, but they have not performed any auditing procedures since that date.

Notes to Financial Statements

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Anderson Pacific Engineering Construction Inc. Money Purchase Pension Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established April 1, 1983, and subsequently amended January 1, 2016, intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and applicable provisions of the IRC and subsequent laws.

Eligibility

All employees of the Company are immediately eligible to participate in the Plan, except employees covered by a collective bargaining agreement, certain non-resident aliens, and leased employees.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets available for benefits and disclosures. Accordingly, actual results could differ from those estimates.

Contributions

The Company must make annual contributions equal to 10% of total eligible participant compensation. Prior to October 2016, required contributions were remitted after each respective pay period; however, beginning in October 2016, required contributions are only remitted to the Plan quarterly.

Participants' Accounts

Each participant's account is credited or debited with the participant's withdrawals and an allocation of the Company's contributions, Plan earnings or losses, and Plan expenses. Allocations are based on Plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Participants may have a maximum of one loan outstanding at any given time. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 6% to 6.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan origination, and mature at various dates through September 2022. Loans have a maximum term of five years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may not exceed fifteen years from the date of loan origination. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall be due in full.

Vesting

Participants credited with at least one hour of credited service, as defined in the Plan, after January 1, 2008, are immediately 100% vested in the respective account balance. Participants who did not have at least one hour of credited service after January 1, 2008 vested into their account balances over a period of six years of service, as defined in the Plan.

Payments of Benefits

Upon disability, retirement, or termination, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump-sum or a life annuity distribution in the amount equal to the participant's vested account balance. Upon death, distribution of the participant's entire account shall be completed by December 31 of the calendar year containing the fifth anniversary of the participant's death unless an election is made by his or her beneficiary to receive distributions either (a) over the life or over a period not greater than the life expectancy of the beneficiary commencing on or before December 31 of the calendar year immediately following the calendar year in which the participant died or (b) if the beneficiary is the surviving spouse, the date distributions are required to begin in accordance with (1) above shall not be earlier than the later of (i) December 31 of the calendar year immediately following the calendar year in which the participant died and (ii) December 31 of the calendar year in which the participant would have attained age 70 1/2. Benefits are recorded when paid.

The Plan allows in-service distributions and partial distributions to participants age 62 or older who have not terminated employment with the Plan sponsor. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed as a lump-sum amount equal to the value of the participant's vested interest in their account. The IRS has required minimum distributions once a participant reaches age 70 1/2 during the previous Plan year and is no longer employed by the Company.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policy utilizing information provided by the trustee, including the appointment of investment advisors, and the monitoring of the performance of the Plan's investment funds. See Note 2 for discussion of fair value measurements.

Plan investments in common/collective trusts are valued by the custodian based upon the fair value of the investments comprising the trust. The Plan invests in investment contracts through a common/collective trust. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the trustee are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

During the year ended December 31, 2017, one investment accounted for 100% of investment income. At both December 31, 2017 and 2016, one investment accounted for 99% of total investments at fair value.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 2 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Common/collective trust and other assets: Valued using net asset value as a practical expedient to measure fair value.

Money market account: Valued at cost plus accrued interest, which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis.

As of December 31, 2017:

Description	Level 1	Level 2	Level 3	Total
Money market account	$ 30,296	$ -	$ -	$ 30,296
Investments measured at net asset value*				9,398,889
Total investments at fair value	$ 30,296	$ -	$ -	$ 9,429,185

Note 2 - Fair Value Accounting (continued)

As of December 31, 2016:

Description	Level 1	Level 2	Level 3	Total
Money market account	$ 19	$ -	$ -	$ 19
Investments measured at net asset value*				8,233,298
Total investments at fair value	$ 19	$ -	$ -	$ 8,233,317

* Investments measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to total investments at fair value.

Reported Net Asset Values

The following table for December 31, 2017 and 2016 sets forth a summary of the Plan's investments with a reported net asset value.

	Fair Value					
	December 31, 2017	December 31, 2016	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common/collective trust	$ 9,340,663	$ 8,147,436	$ -	Daily	N/A	Daily
Other assets	58,226	85,862	-	Quarterly	*	65 Days
Total	$ 9,398,889	$ 8,233,298	$ -			

* The fund intends to make quarterly offers to repurchase no more than 20% of the units of the fund at the sole discretion of the Board of Directors as described in the fund's prospectus.

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 4 - Administration of the Plan

The Plan pays generally all administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 5 - Income Taxes

The Plan obtained its latest determination letter from the IRS, dated March 31, 2014, stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of this letter; however, the Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Related Party and Party-in-Interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules. Certain fees due to the Plan's recordkeeper and Plan investments are managed by the recordkeeper; however, under ERISA, these transactions qualify as exempt party-in-interest transactions.
