Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Keenan, Hopkins, Suder & Stowell Contractors, Inc. 401(k) Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the year then ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held at End of Year as of or for the year ended December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

401(K) PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

Note 1 - Description of plan

The following description of the Keenan, Hopkins, Suder & Stowell Contractors, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all eligible employees of Keenan, Hopkins, Suder & Stowell Contractors, Inc. (the Plan Sponsor). Employees must be at least 21 years of age, must have completed one month of employment and cannot be covered under a collective bargaining agreement to be eligible participants. The Plan was established by the Plan Sponsor on January 1, 1998, to provide retirement income for its employees, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

Contributions

The Plan is a contributory plan whereby participants may contribute up to 100% of their pre-tax annual salary; not to exceed the dollar limit set by law of $18,000 for 2017. Participants age 50 or older may elect to defer an additional $6,000 of "catch up" contributions to the Plan for 2017. In addition, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan Sponsor may make discretionary matching contributions to the Plan, based on the pro rata relationship of the amounts deferred for the year. Matching contributions are made solely at the discretion of the Plan Sponsor's Board of Directors. For the 2017 Plan year, the Plan Sponsor elected to make matching contributions in the amount of $126,096 for the year ended December 31, 2017.

The Plan Sponsor may also make discretionary contributions to the Plan in the form of a profit sharing contribution. The profit sharing contribution is allocated to each participant's account that is employed on the last day of the Plan year, and is paid for more than 1,000 hours of service, prorated on the basis of individual compensation over total eligible compensation. Profit sharing contributions will be made solely at the discretion of the Plan Sponsor's Board of Directors. There were no such contributions for the year ended December 31, 2017.

Participant accounts

Each participant's individual account is credited with participant contributions, the Plan Sponsor's contributions, and Plan investment earnings/losses thereon. Participants may choose to have their account balance deposited in various investment programs. Allocation of Plan investment earnings is based on the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their own contributions and actual earnings/losses thereon. All benefits attributable to a participant shall be fully vested if his employment is terminated as a result of death, disability, or reaching the normal retirement age.

Note 1 - Description of plan (continued)

Vesting (continued)

If a participant terminates employment for any reason other than those described above, he is entitled to the total value of his own contributions, plus any earnings/losses thereon, plus the vested percentage of the contributions, plus earning/losses thereon, made by the employer.

Vesting in the Plan Sponsor's matching contributions and profit sharing accounts is based on years of continuous service as follows:

YEARS OF SERVICE	VESTED PERCENTAGE
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants

Participants may borrow from their fund accounts up to a maximum equal to 50% of their vested account balance, with a minimum of $1,000 and a maximum loan of up to $50,000. Loan terms are up to a maximum of 5 years, unless for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable interest rate. For the year ended December 31, 2017, the interest rate on participant loans was 3.50%-6.25%. The interest rate is fixed for the duration of the loan repayment period. Payments of principal and interest must be paid on a level amortization schedule through payroll deductions made not less than quarterly.

Payments of benefits

Upon termination of service, a participant may choose to receive his distribution in either a lump sum payment or periodic installments equal to the value of his/her account, distributed in accordance with the Plan. In addition, in-service withdrawals are available to participants meeting certain hardship requirements or who have attained the age of 50.

Forfeitures

Participants, who terminate employment with the Plan Sponsor with less than 100% vesting, forfeit a portion of their account. These forfeitures may be first used to pay plan administrative expenses, and then they are used as a reduction in the amount contributed for the employer matching contribution. Forfeited, non-vested accounts totaled $2,131 and $5,643 as of December 31, 2017 and 2016, respectively.

Note 1 - Description of plan (continued)

Termination of the plan

Although they have not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time by resolution of its Trustees subject to the provisions of ERISA. In the event of Plan termination, the respective accounts of the participants under the Plan shall become fully vested and nonforfeitable.

Date of management's review

The Plan's management evaluated all events and transactions that occurred after December 31, 2017 up through the date the Plan issued these financial statements on September 18, 2018. No events occurred subsequent to this date which required disclosure.

Note 2 - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The Plan's investments are stated at fair value for pooled separate accounts and at contract value for investments in annuity contracts. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Sponsor believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Contract value is the relevant measurement attributed for the Principal Stable Value Fund that invests in fully benefit-responsive contracts because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value equals principal balance plus accrued interest. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Note 2 - Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Change in fair value of investments includes the Plan's gains and losses on investment bought and sold, as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

For the year ended December 31, 2017, total administrative expenses paid to Actuarial Consultants, Inc. by the Plan Sponsor amounted to $2,332.

Note 3 - Investments

The Plan administrator has elected the method of compliance permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Principal Trust Company, the trustee of the Plan, and was not subjected to any audit procedures except for comparing such information with the related information included in the financial statements and supplemental schedule:

a. Investments as of December 31, 2017 and 2016 and supplemental schedule.

b. Investment income for the year ended December 31, 2017.

Note 4 - Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks such as interest rate, credit and overall market volatility. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the financial statements.

Note 5 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 5 - Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Pooled separate accounts: Reported daily based on the valuation method disclosed in the contract and valuation of property market value by an appraiser. Pooled separate accounts are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV is based on the market value of these underlying investments but is not a publicly quoted price in an active market.

Investments in registered investment companies: Valued at the daily closing price as reported by the fund. Investments held by the Plan are open-end investments that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The investments held by the Plan are deemed to be actively traded.

Guaranteed interest contract: Valued at the price the Plan would receive if the contract was terminated at the reporting date, which is contract value less an early withdrawal fee. Guaranteed interest contracts are reported at contract value which is the aggregation of contributions, plus interest, less withdrawal, if any. Fair value is considered contract value adjusted to take into account the current rates of interest available in the market place. The contract value did not differ materially from the fair value at December 31, 2017 and 2016.

Note 5 - Fair value measurements (continued)

Collective trust fund: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Redemption for all investments, if currently eligible, is daily.

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU No. 2015-07, "Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Expedient)" (ASU 2015-07), which removes the requirements to categorize within the fair value hierarchy all its investments for which fair value is measured using net asset value per share. ASU 2015-07 became effective for fiscal periods beginning after December 15, 2016, at which point it was adopted by the Company and applied retrospectively as allowed by the accounting standard.

The following table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017

Investments	Level 1	Level 2	Level 3	Investments measured at net asset value	Total
Pooled separate accounts	$ -	$ -	$ -	$ 7,136,500	$ 7,136,500
Investment in registered investment companies	1,389,492	-	-	-	$ 1,389,492
Total	$ 1,389,492	$ -	$ -	$ 7,136,500	$ 8,525,992

Note 5 - Fair value measurements (continued)

The following table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

Investments	Level 1	Level 2	Level 3	Investments measured at net asset value	Total
Pooled separate accounts	$ -	$ -	$ -	$ 6,194,842	$ 6,194,842
Investment in registered investment companies	1,296,216	-	-	-	$ 1,296,216
Flexible investment annuity contract	-	-	5,633	-	$ 5,633
Total	$ 1,296,216	$ -	$ 5,633	$ 6,194,842	$ 7,496,691

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2017 and 2016:

Investments	Flexible Investment Annuity	Collective Trust Investment
Balances, December 31, 2015	$ 8,704	$ 716,758
Purchases, issuances and settlements	(3,071)	10,195
Balances, December 31, 2016	$ 5,633	$ 726,953
Purchases, issuances and settlements	(5,633)	71,617
Balances, December 31, 2017	$ -	$ 798,570

Collective Trust Investment activity includes net income of $9,517, which is included in the net increase in fair value of investments on the Statement of Changes in Net Assets Available for Benefits as of December 31, 2017.

Unrealized gains/(losses) from the collective trust are not included in the Statement of Changes in Net Assets Available for Benefits as the trust is recorded at contract value for purposes of the Net Assets Available for Benefits.

Note 6 - Collective trust

The Principal Stable Value Fund (the Fund), is a collective investment trust held by Principal Global Investors Trust Company, a wholly-owned subsidiary of the Principal Financial Group. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 6 - Collective trust (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2017 and 2016 was $798,570 and $726,953 respectively. The crediting interest rate is based on a formula negotiated in the wrap contract based on the market value, book value, weighted average duration and annualized dollar of the portfolio. A number of factors can influence future credit rates, which may include but are not limited to: portfolio performance, current market interest rates for reinvestment, duration posture, change in credit ratings, default or bankruptcy by an asset or wrap issuer, the unexpected receipt of principal and interest payments, extraordinary withdrawals and certain wrap contract terms, including wrap fees. For 2017, the average yield for the Fund was 2.34% and the portfolio gross crediting rate was 2.27%. For 2016, the average yield for the Fund was 1.99% and the portfolio gross crediting rate was 2.01%.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fund's trust agreement provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either up to a 12-month hold or a market value adjustment.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include but are not limited to: (a) fund administration amendments or changes, (b) implementation of an early retirement program, (c) termination or partial termination of the Fund, (d) failure to meet certain tax qualifications, (e) participant communication that is designed to influence participants not to invest in the Fund, (f) transfers to competing options without meeting the equity wash provisions of the Fund, or (g) the Plan Sponsor withdrawals without the appropriate notice to the Fund and/or issuer. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note 7 - Parties-in-interest

Certain Plan investments are shares of mutual funds and pooled separate accounts managed by The Principal Life Insurance Company (Principal). Principal is the Custodian under contract arrangements with the Plan's Trustees, and therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan Sponsor to Principal for the year ended December 31, 2017, totaled $0. The remaining administrative expenses were covered by the Plan's forfeitures.

The plan also invested in notes receivables from participants. As a result, these investments and all transactions relating to these investments were with parties-in-interest.

These transactions are exempt from being prohibited transactions under ERISA.

Note 8 - Tax status

The Internal Revenue Service issued its latest determination letter on March 31, 2014, which stated that the Plan and its underlying trust qualify under Sections 401(a) and 401(k) of the Internal Revenue Code and therefore are exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, in the opinion of the Plan Administrator, the Plan and the underlying trust are currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and thus are tax-exempt as of the financial statement date.

Note 9 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Plan's Form 5500:

	2017	2016
Net assets available for benefits per the financial statements	$ 9,655,552	$ 8,424,832
