Independent Auditors' Report

The Plan Administrator
Fiberweb Retirement Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Fiberweb Retirement Savings Plan, which comprise the statements of net assets available for benefits as of February 12, 2015 and December 31, 2014, the related statements of changes in net assets available for benefits for the period from January 1, 2015 through February 12, 2015 and for the year ended December 31, 2014 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by New York Life Trust Company ("New York Life"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that New York Life holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from New York Life as of February 12, 2015 and December 31, 2014 and for the period from January 1, 2015 through February 12, 2015 and for the year ended December 31, 2014, that the information provided to the plan administrator by New York Life is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by New York Life, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

FIBERWEB RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

February 12, 2015 and December 31, 2014

(1) Description of plan

The following description of the Fiberweb Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan was established on July 1, 1983, to encourage and assist employees in adopting a regular savings program and to help provide additional security for their retirement. As of November 17, 2006, the plan document was amended and restated in its entirety to define the "Employer" of the Plan to mean Fiberweb Simpsonville, Inc.

The Plan was a defined contribution plan covering eligible employees of the Employer. The Plan was subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective July 31, 2009, the plan document was amended to include Fiberweb Newco 2, Inc. (FitesaFiberweb) as a participating employer. For the plan year ended December 31, 2009 and through March 1, 2012, Fiberweb Simpsonville, Inc. and FitesaFiberweb are defined as the "Employers" of the Plan.

Effective December 30, 2011, Fiberweb PLC's joint venture partner, Petropar SA, acquired Fiberweb PLC's 50% ownership interest in its FitesaFiberweb joint venture, along with certain assets and entities of Fiberweb PLC. Upon acquisition, a group of employees was transferred from Fiberweb, Inc., Fiberweb Simpsonville, Inc. and FitesaFiberweb Simpsonville, Inc. to Fitesa Simpsonville, Inc., and this group of employees continued to be participants in the Plan until March 1, 2012, when employees' balances were transferred to the new Fitesa 401(k) Retirement Savings Plan ("Fitesa Plan"). In September 2014, additional employees' balances totaling \$53,662 were transferred to the Fitesa Plan.

Effective March 1, 2012, FitesaFiberweb and Fiberweb Simpsonville, Inc. ceased to be Employers of the Plan, and effective January 1, 2012, Fiberweb, Inc. (the "Company") became Plan Sponsor and participating Employer under the Plan.

The Plan Sponsor is an affiliate of an entity under common control with Chicopee, Inc. which sponsors the Polymer Group, Inc. Retirement Savings Plan ("Polymer Plan"). Effective December 31, 2014, participation in and contributions to the Plan were frozen. The Plan was merged with the Polymer Plan effective January 1, 2015 and all Plan assets were recorded as a liability at December 31, 2014. During February 2015, \$59,353,126 of Plan assets were transferred to the Polymer Plan, of which, \$58,457,650 was recorded as a liability of the Plan at December 31, 2014. Also during 2015, \$2,313,069 of Plan assets were distributed to participants that were previously expected to be merged into the Polymer Plan.

FIBERWEB RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

February 12, 2015 and December 31, 2014

(b) Contributions

Upon employment, employees of the Employer could begin participation on the closest January 1, April 1, July 1 or October 1 following their employment date. Each participant could contribute on a pretax basis up to 85% of his or her compensation to the Plan, as defined by the plan document and as limited by Internal Revenue Code ("IRC") regulations. An automatic deferral of 4% of compensation was made unless the participant elected to change the deferral percentage or to not participate in the Plan. The Employer was required to make matching contributions as stipulated in the plan document. The required matching contribution was 100% of up to 4% of an employee's contribution for all participants of the Plan. Participants directed the investment of their contributions into various investment options offered by the Plan.

In accordance with the plan document, in 2014, the Company made additional contributions to the Plan in an amount equal to 3% of each participant's eligible compensation.

(c) Participant accounts

Each participant's account was credited (charged) with the participant's contributions and withdrawals, company matching contributions and investment earnings or losses. Investment earnings and losses were allocated among the participants' account balances in the proportion that each participant account balance bore to the aggregate of all participant account balances. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(d) Vesting

Participants were immediately vested in their voluntary contributions, the employer match on pretax contribution, employer discretionary contributions and actual earnings thereon.

(e) Participant notes receivable

Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant notes receivable were secured by the balance in the participant's account and bore interest at fixed rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest were collected ratably through payroll deductions.

FIBERWEB RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

February 12, 2015 and December 31, 2014

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant (or their beneficiaries) could elect to receive the value of their account by any one or more methods of payment authorized by the Plan, which include a lump-sum payment or a series of installment payments over a specified time defined by the Plan. Participants could also choose to have their account balances transferred directly to another qualified plan or individual retirement account. Participants who terminated employment with an account balance of less than \$1,000, or who requested distributions of less than \$1,000, automatically received lump-sum distributions.

(g) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals were limited to the participant's vested account balance. Participants were not permitted to defer withholdings for up to six months following a hardship withdrawal.

(h) Administrative expenses

Certain administrative expenses were paid by the Plan. Certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for the investment management services or recordkeeping were paid through a combination of direct payments and indirect payments which are included in net appreciation in fair value of investments, as they are partially paid through revenue sharing, rather than a direct payment from the Plan.

(2) Summary of significant accounting policies

(a) Recently issued accounting standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted.

FIBERWEB RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

February 12, 2015 and December 31, 2014

In July 2015, the FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plan (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. ASU No. 2015-12 simplifies accounting for employee benefit plans as follows:

Part I

- fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value,

Part II

- the requirement to disclose investments that represent 5 percent or more of net assets available for benefits has been eliminated,
- the net appreciation or depreciation in investments for the period should be presented in the aggregate, but are no longer required to be disaggregated and disclosed by general type,
- it eliminates the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820,

Part III

- provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures.

The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted.

Management of the Plan is currently evaluating the impact of these standards.

(b) Basis of accounting

The financial statements of the Plan were prepared on the accrual basis of accounting.

FIBERWEB RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

February 12, 2015 and December 31, 2014

(c) Valuation of investments

The Plan's investments were stated at fair value or contract value as determined by New York Life Trust Company ("New York Life"). Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributed for that portion of the net assets available for benefits of the Plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As such, the statements of net assets available for benefits present the fair value of these investments as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. Contract value represents contributions to the pooled separate account, plus earnings, less participant withdrawals and administrative expenses.

Net gain from investment activity is comprised of realized, as well as unrealized, gains or losses resulting from investment transactions. Realized gains and losses represent the difference between sales proceeds of Plan investments and the fair market value of such investments at the beginning of the year, or cost if such investments were purchased during the current year. Unrealized gains and losses represent the difference between the fair market value of investments at the beginning of the year, or cost if such investments were purchased during the year, and the fair market value at the end of the reporting period.

(d) Income recognition

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividend income was recorded on the ex-dividend date.

(e) Participant notes receivable

Participant notes receivable were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes were reclassified as distributions based upon the terms of the plan document.

(f) Payment of benefits

Benefits were recorded when paid.

(g) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

FIBERWEB RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

February 12, 2015 and December 31, 2014

(h) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between February 12, 2015 and September 18, 2018, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by New York Life

The following information was certified as complete and accurate by New York Life as of February 12, 2015 and December 31, 2014 and for the period from January 1, 2015 through February 12, 2015 and for the year ended December 31, 2014:

	<u>2015</u>	<u>2014</u>
Mutual funds, at fair value	\$ <u>-</u>	\$ <u>46,075,430</u>
Pooled separate account, at contract value	\$ <u>-</u>	\$ <u>12,407,157</u>
Participant notes receivable	\$ <u>-</u>	\$ <u>2,288,132</u>
Interest on participant notes receivable	\$ <u>11,145</u>	\$ <u>100,930</u>
Net change resulting from investment activity	\$ <u>890,894</u>	\$ <u>3,693,501</u>

(4) Fair value measurements

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

FIBERWEB RETIREMENT SAVINGS PLAN

Notes to the Financial Statements

February 12, 2015 and December 31, 2014

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 12, 2015 and December 31, 2014.

- (i) *Mutual funds*: Valued at the net asset value of shares held by the Plan at year end in an active market.
- (ii) *Pooled separate account - Stable value*: Valued by applying the Plan's percentage ownership in the pooled separate account to the total fair value of the underlying investment securities on an amortized cost basis. See Note 6.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014:

Fair Value Measurements as of December 31, 2014 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

During 2015 and December 31, 2014, the Plan's net appreciation in fair value of investments (including gains and losses on investments bought and sold, as well as held during the year) was attributable to mutual funds.

(6) Investment contract with insurance company

The Plan was party to a benefit-responsive investment contract with an insurance company, New York Life Insurance Company. New York Life Insurance Company maintains the Plan's contributions in a pooled separate account which is credited with earnings or losses on the underlying investments and charged for participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was \$12,407,157 as of December 31, 2014. The average yield was 1.69% in 2014. The crediting interest rate was 2.14% at December 31, 2014. The key factors that impact the crediting rate under the contract are the timing and magnitude of the cash flows in and out of the pooled separate account as well as prevailing market rates on fixed income assets available for investment by the separate account. The interest crediting rate may be reset not more frequently than daily and not less frequently than quarterly. The interest crediting rate reflects the book yield on the separate account, adjusted to reflect amortization of any realized gains and losses. The minimum crediting rate is 0.0%. The contract provides for daily withdrawals for benefit payments including death, retirement, disability and termination and for hardship withdrawals to occur at contract value with no advance notice. At contract termination, the Plan may receive a book value distribution of the Plan's interest in the separate account, provided the Plan Sponsor provides twelve-months' advance notice to New York Life. Certain distributions involving Plan Sponsor-initiated events such as plan termination, group lay-offs, or early retirement incentives may be subject to a market value adjustment.

(7) Income tax status

The Plan obtained a favorable determination letter on February 15, 2012, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan was required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the plan administrator believed that the Plan was designed and was currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 12, 2015 and December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Related party transactions

The pooled separate account held by the Plan was managed by New York Life, therefore, the transactions in such investments qualified as party-in-interest transactions. All administrative expenses were paid to parties-in-interest. The Plan also held notes receivable from participants which qualified as party-in-interest transactions.
