Note 1 – Description of Plan

Shop N Save (the Company or Employer) sponsors the Shop N Save 401(k) Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan began on January 1, 2015 (date of inception) and is a defined contribution plan covering all full-time employees of Kildeer Advisors, Inc. d/b/a Shop N Save Supermarket (the Company) who have met eligibility requirements of the Plan (as defined). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Nonexcluded employees who have reached 21 years of age and completed 12 months of service are eligible to participate in the Plan. Participants may enroll in the Plan on the first day of the month after satisfying eligibility requirements.

Contributions

Participants may contribute up to 100% of gross wages, up to limits as defined by the Plan and other limits according to the Internal Revenue Service (IRS). In addition, employees who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. For the years ended December 31, 2017 and 2016, individual participants' contributions were limited to $18,000. Participants who are age 50 and older may also contribute an additional $6,000 for each of the years ended December 31, 2017 and 2016.

The Company may make a discretionary matching contribution to the Plan equal to a percentage of each participants' elective deferral contribution. All employer discretionary contributions are invested as directed by each participant within allowable investments options. There were no employer discretionary contributions for the years ended December 31, 2017 and 2016.

Participant accounts

Each participant's account is credited with the participant contributions, the Company's contributions and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in all of their salary deferral contributions plus actual earnings or losses thereon. Vesting in the Company's matching and discretionary contributions portion of their account plus earnings or losses thereon is based on years of continuous service as follows:

Years of Service	Percent Vested
Less than one year	0%
One, but less than two	20%
Two, but less than three	40%
Three, but less than four	60%
Four, but less than five	80%
Five or more	100%

Note 1 – Description of Plan, Continued

Vesting, continued

Regardless of years of service, participants are 100% vested upon reaching normal retirement age (65), becoming disabled, or upon death.

Notes receivable from participants

Participants may borrow from their accounts between $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is used to acquire the principal residence of the participant. Loans are secured by the balance in a participant's account and bear interest at rates commensurate with local prevailing rates at the date of the loan, as determined by the Plan administrator. Participant loan repayments are deducted from the participant's pay and remitted to the Custodian.

Payment of benefits

On termination of service for any reason, the participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum payment, subject to 20% withholding for income taxes, or as a direct rollover to an individual retirement account or another employer's tax qualified plan. On termination of service due to death, the participant's account will be paid to the participant's beneficiary in a single lump-sum payment. In the event that the participant's vested accrued benefit is less than $1,000, the Plan Administrator may make a single lump-sum payment without the election or request of the participant. Participants may elect to take an in-service distribution of vested funds if they meet any of the following requirements, if they incur proven financial hardship, upon becoming disabled under the terms of the Plan, or upon attainment of the Plan's normal retirement age.

Forfeitures

Forfeitures are used to reduce employer matching contributions and/or used to pay Plan administrative expenses. Forfeitures are allocated to participants' accounts in the same manner as employer's matching contributions. There were no unallocated forfeitures included in the net assets available for benefits at December 31, 2017 and 2016.

Plan administration

The Company is the plan sponsor and administrator of the Plan, and as such, controls and manages the operation and administration of the Plan. The Plan's assets are maintained by Transamerica Financial Life Insurance Company (the Custodian). Company contributions are held and managed by the Custodian, who invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the Company and the participants).

Participant investment options

Participants must direct their salary deferred contributions from several investment options offered through the Custodian, as made available and determined by the Plan Administrator. Those investment options consist of interests in pooled separate accounts representing units of participation that the Plan has in the underlying assets of the accounts.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investment and unrealized appreciation or depreciation is recognized at period-end when carrying values of the related investments are adjusted to their fair values. Purchases and sales of investments are recorded on a trade-date basis. Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances.

In accordance with the policy of stating investments at fair value, the Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the unrealized appreciation or (depreciation) on those investments.

Participant notes receivable are valued at their outstanding balances, which approximate fair value, and bear interest at rates ranging from 4.25% - 5.25% as of December 31, 2017.

Administrative expenses

Administrative expenses for the years ended December 31, 2017 and 2016 totaled $2,131 and $2,323, respectively. Certain other administrative expenses of the Plan are paid by the Company.

Risks and uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 2 – Summary of Significant Accounting Policies, Continued

Payment of benefits

The Plan records benefit payments when paid. There were no benefits requested before year-end that were not paid.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2017 that it would be unable to substantiate.

Unit values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but do have an interest therein represented by units valued daily. The accounts earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each account are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Note 3 – Investments

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Net investment activity and interest income on participant notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2017 and 2016. During the years ended December 31, 2017 and 2016, there were no instruments in Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts – Units are valued at the net asset value of the underlying investments. The units do not trade in an open market; therefore, pooled separate accounts are categorized as Level 2 investments.

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31:

	Fair Value Measurements as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 290,192	$ -	$ 290,192
Investments at fair value	$ -	$ 290,192	$ -	$ 290,192

	Fair Value Measurements as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 246,093	$ -	$ 246,093
Investments at fair value	$ -	$ 246,093	$ -	$ 246,093

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 – Tax Status

On December 15, 2009, the Internal Revenue Service stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 – Related Party and Party-in Interest Transactions

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments.

Note 8 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2017 through September 13, 2018, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
