NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2017 through August 29, 2018, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - Skyline Technologies, Inc. is the plan sponsor/employer and the plan administrator. National Administration, Inc. is the third party administrator and performed various compliance tests as tax counsel. Two members of management of Skyline Technologies, Inc. are the plan trustees. Oarsman Capital, Inc. is the plan's investment advisor. Transamerica Life Insurance Company ("Transamerica") is the custodian of plan assets and investment agent that maintains investment and participant records.

Investments - The plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the investment account summaries and prospectuses for more information.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

Pooled separate accounts - The pooled separate accounts are valued at net asset value ("NAV") as provided by Transamerica. The NAV is generally based on the fair value of the underlying investments held by the pooled separate accounts less its liabilities and is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the pooled separate accounts will sell the investment for an amount different than the reported NAV.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

Investments at fair value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				18,592,288
Total investments at fair value				$18,592,288

Investments at fair value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at NAV (a)				15,508,822
Total investments at fair value				$15,508,822

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which NAV is used as a practical expedient to measure fair value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments; the redemption notice period, if any, is applicable only to the plan.

December 31, 2017		Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Pooled separate accounts					
Bond funds	(a)	$ 2,563,536	n/a	Daily	n/a
Large cap funds	(b)	7,433,086	n/a	Daily	n/a
Small/mid cap funds	(b)	4,290,011	n/a	Daily	n/a
Global/international funds	(b)	4,283,861	n/a	Daily	n/a
Balanced fund	(b)	21,794	n/a	Daily	n/a
Total investments measured at NAV		$18,592,288			

December 31, 2016		Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Pooled separate accounts					
Bond funds	(a)	$ 2,119,327	n/a	Daily	n/a
Large cap funds	(b)	6,229,119	n/a	Daily	n/a
Small/mid cap funds	(b)	3,697,212	n/a	Daily	n/a
Global/international funds	(b)	3,415,248	n/a	Daily	n/a
Balanced fund	(b)	47,916	n/a	Daily	n/a
Total investments measured at NAV		$15,508,822			

(a) The objective of these funds is to seek current income and capital appreciation through a diversified portfolio of bonds.

(b) The objectives of these funds are to provide for capital appreciation and/or income consistent with the risk and return of the fund type summarized above. These funds utilize various U.S. and foreign equity market segments to accomplish their objectives.

Investments at contract value - The plan has a traditional fully benefit-responsive guaranteed investment contract through an annuity contract issued by Transamerica. Transamerica maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and a guaranteed minimum interest rate ("GMIR") for the life of the contract. The contract also provides two declared interest rates; a current rate, determined at least monthly, and a guaranteed minimum floor rate, determined at least annually. The guaranteed minimum floor rate may change after a defined period, but it will never be lower than the GMIR that applies for the life of the contract. The average yield earned by the fund was 0.70% during 2017 and 0.75% during 2016.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of all or a portion of the investment at contract value at any time. However, Transamerica may limit participant transfers, which are made at contract value, from this investment to other investments within the plan. The transfer limit, if imposed, varies but will never be less than 10% of the balance in the investment as of the date of the transfer, reduced by any transfers made during the same year.

The contract does not have a maturity date and there are no contract provisions that require a distribution at contract value at any specified time. The plan sponsor can request a lump sum distribution with a market value adjustment or an installment payout, at contract value, over a period of years. The contract will continue in full force until all assets have been distributed or no further payments are due.

The plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the plan to transact at contract value with the issuer. No events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuer and that would also limit the ability of the plan to transact at contract value with the participants.

Reclassifications - Certain reclassifications were made to the 2016 financial statements to conform to the 2017 presentation.

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established on January 1, 1995 as a defined contribution plan with a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible to participate in elective deferral contributions and receive matching contributions once they have completed two months of employment and have reached age 21. An employee can enter the plan on the first day of each calendar month after meeting the eligibility requirements. Participants who are eligible to make participant contributions and receive matching contributions are also eligible to receive profit sharing contributions if they complete at least 1,000 hours of service and are employed on the last day of the year.

Contributions - Contributions to the plan can be made as follows.

a. Participants may contribute a percentage of their compensation subject to certain limitations (elective deferral contribution). The plan also permits Roth elective deferrals. After meeting the eligibility requirements, employees are automatically enrolled in the plan and have 6% of compensation withheld as deferral contributions. Such employees have the option to increase, decrease or stop the deferral by completing the necessary documentation.

b. Rollover contributions are accepted by the plan from other qualified plans.

c. A matching contribution may be made equal to a discretionary percentage of the employee's elective deferral contribution, determined by the employer's board of directors. The discretionary matching percentage was 30% of the first 10% of compensation that a participant contributes to the plan in 2017 and 2016.

d. Additional profit sharing contributions may be made at the employer's discretion. There were no such contributions in 2017 or 2016.

Participant accounts - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral and rollover contributions and an allocation of the employer's contributions, if any. Participants are allowed to transfer funds between the various investment options daily and change their deferral percentage each pay period.

Vesting - Participants are always 100% vested in their entire account balances.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age (defined by the plan as 65). Distributions may be in the form of a single lump sum or installment payments. In addition, hardship withdrawals are permitted under the plan from a participants elective deferrals. In-service withdrawals can commence upon attaining age 59 ½.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The repayment term generally cannot exceed 5 years, the exception being when the loan is for the purchase of a primary residence. As of December 31, 2017, loans outstanding had various repayment schedules through February 2023 with interest rates ranging from 3.30% to 5.25%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. PARTY IN INTEREST TRANSACTIONS

The plan's investments are managed by Transamerica. Transamerica is the custodian of plan assets and investment agent for the plan and, therefore, these transactions qualify as party in interest transactions.

Transamerica provides certain administrative services to the plan pursuant to a service agreement between the plan sponsor and Transamerica. Transamerica receives revenue from investment service providers for services Transamerica provides to the funds. This revenue is partially used to offset certain amounts owed to Transamerica for its administrative services to the plan.

If the revenue received by Transamerica from the investment service providers exceeds the amount owed under the service agreement, Transamerica remits the excess, in the form of service credits, to the plan on a monthly basis. These service credits are recorded by the plan as other income when received. Such service credits may be applied to pay plan administrative expenses or allocated to the accounts of the participants. An expense budget account has been established to trace this activity. This account is an unallocated account included in the Transamerica Stable Value Core Account investment. Below is a summary of activity relating to this account.

	2017	2016
Balance, beginning of year	$ 54,000	$ 29,000
Service credits received by the plan from Transamerica	78,000	68,000
Administrative expenses paid by the plan	(46,000)	(43,000)
Allocated to the accounts of the participants	(40,000)	-
Balance, end of year	$ 46,000	$ 54,000

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the employer has the right to terminate the plan subject to the provisions of ERISA.

5. INCOME TAX STATUS

The plan adopted a CCH Incorporated volume submitter profit sharing plan. The volume submitter profit sharing plan received its most recent favorable opinion letter on March 31, 2014 in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirement of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

6. INFORMATION CERTIFIED BY THE AGENT

The plan's investment agent, Transamerica, holds substantially all of the plan's investment assets and executes transactions in those assets. The investment agent has certified certain information as set forth below to be complete and accurate.

a. Investments held by the agent for the plan and the fair values and contract value of such as of December 31, 2017 and 2016;

b. Net appreciation (depreciation) in fair values of investments during 2017 and 2016;

c. Purchases and sales of investments during 2017 and 2016; and

d. Contributions to, investment income credited to, benefits paid from and transfers between investment accounts during 2017 and 2016.

Since the investment agent certified the above investment information, Department of Labor regulations allow these investments and related activity to be excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the independent auditors' report.
