Notes to Financial Statements

Note A: Description of Plan

The following description of Diversified Glass Services, Inc. Employees' 401(k) Savings Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all employees of Diversified Glass Services Inc., Henderson Glass Inc., and Great Lakes Claims Service (collectively the "Company" and "Plan Sponsor"), meeting the eligibility requirements of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Company is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Employees who have provided 90 days of service and reached 21 years of age are eligible to participate in the 401(k) elective deferral arrangement portion of the Plan and are also eligible for the discretionary employer matching contribution and discretionary employer profit sharing contribution. Eligible participants may enter the Plan on the first day of the month following the date the eligibility requirements are met.

Contributions

Contributions to participant accounts are made by employees through tax-deferred salary deductions and by the Company from its earnings, at the discretion of management. Participants may voluntarily contribute up to 100% of their pre-tax compensation, not to exceed Internal Revenue Code ("IRC") limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis. Employees may directly "roll over" their assets from a qualified plan at a previous employer and transfer the assets into their Plan account.

The Company may elect to make a discretionary matching contribution and/or profit sharing contribution. If elected, both the matching and profit sharing contributions are determined by the Company. The Company elected not to make a discretionary matching or profit sharing contribution for the Plan year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's discretionary matching, an allocation of the Company's discretionary profit sharing contributions and an allocation of Plan earnings or losses. Allocations are based upon participant earnings, as defined in the Plan document. Participant accounts are charged with an allocation of Plan administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100% vested after three years of credited service or upon other conditions as defined in the Plan document.

Forfeitures

Forfeitures of non-vested Company contributions are used to pay for the Plan's administrative expenses and to fund additional non-elective discretionary contributions. There were no forfeiture account balances as of December 31, 2017 and 2016.

Diversified Glass Services, Inc.

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from the Plan an amount up to the lesser of one-half of their total vested account balance or \$50,000. The loans are secured by the balance in the Participant's account. Loans bear interest at a rate set by the Plan administrator in accordance with local prevailing rates for similar types of loans. Principal and interest payments are made through payroll deductions over a term not to exceed five years except for home purchase loans, which can be for terms consistent with normal mortgages.

Distributions and Withdrawals

Distributions and withdrawals are allowed upon attaining the early retirement age of 59-1/2, disability, death or termination of employment. A participant or their beneficiary may elect to receive a lump-sum distribution of their total vested account balance, subject to minimum distribution requirements by the IRC. If a participant is no longer employed by the Company, they may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

Note B: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America periodically requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures presented in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan trustee. See Note D for fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, or through the use of forfeitures, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Administrative expenses also include trustee, record keeping and professional fees. Investment related expenses are included in the net appreciation (depreciation) in investments. For further discussion, see Note E.

Subsequent Events

The financial statements were approved and authorized for issuance by management on September 24, 2018. All events and transactions through September 24, 2018 were evaluated by management for potential recognition and disclosure in the financial statements.

Note C: Certification of Investment Information

Alerus Financial N.A. ("Alerus"), the Plan's trustee, holds the Plan's investments, executes investment transactions as well as other participant transactions. Alerus has certified that investment balances, notes receivable from participants, investment income and interest on notes receivable from participants that have been included in the accompanying financial statements, as well as the supplemental schedule, are complete and accurate as of December 31, 2017 and 2016 and for the year ended December 31, 2017.

Note D: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- » Quoted prices for similar assets or liabilities in active markets;
- » Quoted prices for identical or similar assets or liabilities in inactive markets;
- » Inputs other than quoted prices that are observable for the asset or liability;
- » Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable and inputs for the asset or liability fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment funds: Valued at the NAV of units in a bank or insurance company collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The estimated value of the collective investment trust funds is NAV. The use of NAV as fair value is deemed appropriate as the collective investment funds do not have a finite life, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

Stable value collective trust funds: A stable value fund that is composed primarily of fully benefit responsive investment contracts that are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The tables below set forth by level, within the fair value hierarchy, the Plan's investments at fair value. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,520,184	\$ -	\$ -	\$ 3,520,184
Total assets in the fair value hierarchy	3,520,184	-	-	3,520,184
Investments measured at net asset value	-	-	-	707,881
	<u>\$ 3,520,184</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,228,065</u>

Investments at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,830,576	\$ -	\$ -	\$ 2,830,576
Total assets in the fair value hierarchy	2,830,576	-	-	2,830,576
Investments measured at net asset value	-	-	-	631,542
	<u>\$ 2,830,576</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,462,118</u>

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Notes to Financial Statements

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note E: Party-In-Interest Transactions

Certain expenses, including salaries and services required for Internal Revenue Service ("IRS") reporting related to the administration of the Plan are paid by the Company, as explained in Note B. The Company is the sponsor of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments are shares of collective investment funds managed by and receiving advisory services from Alerus, which is a party-in-interest; as such, these transactions, as well as the asset management fees paid by the Plan, qualify as party-in-interest transactions.

Note F: Plan Termination

Although it has not expressed any intent to do so, the Company may, by action of its Board of Directors, amend the Plan, discontinue its contributions, or terminate the Plan subject to the provisions of ERISA. Upon termination, participants would be 100% vested in their employer contributions.

Note G: Income Tax Status

The Company adopted a volume submitter plan, which received a favorable opinion letter from the IRS stating that the plan is designed in accordance with the applicable sections of the IRC and is qualified for federal income tax exempt status. The Plan has not individually sought its own determination letter.

Management of the plan has evaluated tax positions in accordance with guidance on accounting for uncertain income taxes and does not believe the Plan has uncertain tax positions that would require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in assets available for benefits.
