NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

1. Description of Plan

The following brief description of the Atrium Windows and Doors, Inc. 401(k) Plan (the “Plan”) is provided as general information only. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan is a defined contribution retirement plan administered by Atrium Corporation and its affiliates (the “Company” or “Sponsor”). The Plan was established on January 1, 1996. The Plan’s design is intended to satisfy all the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective January 1, 2016, the Plan was amended to increase the non-discretionary employer matching contribution percentage from a rate of 10% of a participant’s elective deferrals, to a rate of 20%.

Effective May 1, 2016, the Plan was amended to remove Aluminum Screen Manufacturers, Inc. and Thermal Industries, Inc. from the list of participating employers.

Eligibility

Employees are eligible to participate in the Plan upon reaching the age of twenty-one and completing three months of service. Employees are not eligible to participate if they are covered by a collective bargaining agreement. Eligible employees are automatically enrolled in the Plan upon meeting the eligibility criteria at a default pre-tax deferral rate of 3%.

Contributions

Participants may contribute up to 100% of their compensation, as defined in the Plan document, subject to certain limitations. A participant may elect to make these contributions (subject to certain limitations) on a pre-tax basis pursuant to Section 401(k) of the Internal Revenue Code or as Roth contributions on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified retirement contribution plans.

The Plan provides the employer to make matching contributions equal to 20% of a participant’s deferrals. Contribution amounts in excess of 4% of a participant’s compensation for the contribution period are not considered for matching purposes.

At the discretion of its Board of Directors, the Company may make an additional matching employer contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contribution made by each eligible participant during the plan year. No such contributions were made for the year ended December 31, 2017.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

1. Description of Plan (continued)

Contributions (continued)

At the discretion of its Board of Directors, the Company may contribute to the Plan an additional amount to be credited to all participants in the same proportion of each participant's salary to the total salary of all participants. Additional Company contributions are credited to the account of participants who are employed by the Company on December 31 of the plan year and who have completed 1,000 hours of service. No such contributions were made for the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of investment earnings and the participant's allocation of any Company contributions. Participant accounts are also charged with an allocation of certain administrative expenses. Contributions and earnings are allocated among investment options as selected by the participant.

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings thereon. The Company matching contributions, earnings thereon, and any additional discretionary Company contributions vest over a five-year graded period at a rate of 20% after one year of service, and 20% each year thereafter.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the previous 12 months ending on the date prior to loan application. Loans are collateralized by the participant's account balance and bear interest at a fixed rate based on the prevailing rate on the date of funding. Principal repayments and the interest on outstanding balances are deducted ratably from the participant's pay. Participants may not have more than one loan outstanding at a time.

Payments of Benefits

Upon termination of service due to death, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, in either a lump sum or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, subject to minimum balance distribution requirements. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 ½, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

1. Description of Plan (continued)

Forfeitures

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited balances of terminated participants' non-vested accounts may be used to reduce future administrative expenses or Company contributions. During the year ended December 31, 2017, participants forfeited \$38,968 in prior employer contributions. At December 31, 2017 and 2016, unallocated forfeited non-vested accounts totaling \$100,817 and \$108,900, respectively, were available to offset future administrative expenses or Company contributions. In 2017, forfeited non-vested accounts of \$7,635 and \$62,415 were used to reduce administrative expenses and employer matching contributions, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the trustee. Refer to Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loans to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

2. Summary of Significant Accounting Policies (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions on the statement of net assets available for benefits. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Risks and Uncertainties

The Plan provides for various options in any combination of specified investments. The underlying investments may include stocks, bonds, fixed income securities, mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassifications

Certain prior year amounts have been reclassified for consistency with the current year presentation.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Except for the matters noted in Note 9, there were no material subsequent events that required recognition or additional disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

3. Information Certified by the Trustee (unaudited)

The Company elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements and supplemental schedule has been prepared and certified by the trustee as being complete and accurate:

As of December 31,	2017	2016
Investments, at fair value		
Money market fund	\$ 15,080	\$ 403,739
Mutual funds	26,732,230	22,943,031
Common collective trust funds	1,438,067	1,747,468
Total investments, at fair value	28,185,377	25,094,238
Notes receivable from participants	\$ 875,069	\$ 748,016

For the Year Ended December 31	2017
Net appreciation in fair value of investments	\$ 3,324,453
Dividend and interest income	749,721
Interest income on notes receivable from participants	33,265

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

4. Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end money market fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: The NAV, as provided by the trustee, is used as a practical expedient to determine fair value, and is based on the common collective trusts' underlying investments. The NAV of each of the collective investment trust accounts is calculated in a manner consistent with the U.S. GAAP for investment companies and is determinative of their fair value and represent the price at which the Plan would be able to initiate a transaction. The fair value of the underlying investments, which is based on quoted market prices of similar assets, is used to determine the NAV of the collective investment trust accounts which are not publicly traded. Investments in these funds can be redeemed daily upon request. There were no significant unfunded commitments as of December 31, 2017 and 2016.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 15,080	\$ -	\$ -	\$ 15,080
Mutual funds	26,732,230	-	-	26,732,230
Total assets in fair value hierarchy	26,747,310	-	-	26,747,310
Investments measured at NAV _(a)				1,438,067
Total investments, at fair value				<u>\$ 28,185,377</u>

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 403,739	\$ -	\$ -	\$ 403,739
Mutual funds	22,943,031	-	-	22,943,031
Total assets in fair value hierarchy	23,346,770	-	-	23,346,770
Investments measured at NAV ^(a)				1,747,468
Total investments, at fair value				<u>\$ 25,094,238</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2017:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust Funds	\$1,438,067	N/A	Daily	12 months

As of December 31, 2016:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust Funds	\$1,747,468	N/A	Daily	12 months

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

5. Related-Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party in interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to the trustee, advisor, and auditor of \$74,476, \$50,000, and \$7,270, respectively. These costs incurred by the Plan are included in administrative expense on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Termination of the Plan

Although it has not expressed any intent to do so, the Company's Retirement Committee has the right under the terms of the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan terminates, the Plan provides that all amounts credited to the respective accounts of the participants shall be fully vested.

7. Tax Status

The Plan has adopted a volume submitter 401(k) and profit sharing plan with cash or deferral arrangement sponsored by Fidelity Management & Research Co., which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the Plan, as then designed, was acceptable under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. The Plan itself has not received a determination letter from the IRS. However, Plan management believes the Plan, as adopted and amended, is operating within the guidelines of the Internal Revenue Code (IRC). Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2017 and 2016 and for the Year Ended December 31, 2017

9. Subsequent Events

In April 2018, the Plan Sponsor and Ply Gem Holdings, Inc. were simultaneously acquired by Clayton, Dubilier & Rice and merged into a single company, Ply Gem Parent LLC. Management has not yet made a determination on any changes to the Plan as a result of this transaction.

In July 2018, Ply Gem Parent LLC and NCI Building Systems Inc. announced a merger agreement, which is expected to be completed in the fourth quarter of 2018. Management has not yet made a determination on any changes to the Plan as a result of this transaction.
