NOTE 1. DESCRIPTION OF THE PLAN

The following description provides only general information on the provisions of Applied Systems, Inc. Retirement Savings Plan (the Plan). Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan which covers substantially all full-time and part-time employees of Applied Systems, Inc. and SEMCAT Corp. (collectively, the Company) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility and Participation - Employees who are not otherwise excluded from the Plan, are eligible to participate in the Plan on the date of hire. Prior to November 1, 2015, employees age 21 and older were eligible to participate on the first day of the month following their hire date. New employees who participate in the Plan and do not make alternative elections are automatically enrolled at a 5% contribution rate, and contributions are invested in a default investment account until changed by the participant.

Contributions - Participants may elect to contribute up to a maximum of 100% of their pre-tax compensation as defined by the Plan, subject to certain IRC limitations. Salary deferrals may be designated as (after-tax) Roth deferrals by participants. The Company makes matching contributions to participants who meet allocation conditions of the Plan, in an amount equal to 25% of the first 12% of elective deferrals that each participant contributes to the Plan. Participants may also roll over amounts representing distributions from other qualified retirement plans.

Effective November 1, 2015, the Plan was amended to allow the Company to make additional discretionary profit sharing contributions to the Plan. Such contributions, if any, will be determined as a uniform percentage of compensation for all eligible participants. There were no discretionary contributions for the years ended December 31, 2017 and 2016.

Participant Accounts - Individual accounts are maintained for each participant to reflect the participant's contributions and Company matching contributions, as well as allocations of investment earnings and administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Investments - Participants may direct contributions into various investment options offered by the Plan. The Plan currently offers twenty-six pooled separate accounts and one benefit-responsive contract as investment options for participants. Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Vesting - Participants are fully vested in their pre-tax contributions. Employer matching contributions for individuals hired after January 1, 2016 are vested when the participant has completed three years of vesting service. In the event that an eligible participant passes away or becomes disabled while still employed, a participant will become 100% vested.

For participants hired before January 1, 2016 who worked at least one hour in calendar year 2016, employer matching contributions were vested in accordance with the following schedule:

Years of Service	Percentage
1	20%
2	40%
3	100%

For participants hired and terminated prior to January 1, 2016, employer matching contributions were vested in accordance with the following schedule:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Benefits - Upon termination of service due to death, disability or retirement after age 59½, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the account, or annual periodic installments if the participant's account balance exceeds $5,000 over a period selected by the participant not to exceed the participant's life expectancy.

Participants in service may make hardship withdrawals from their vested contributions upon demonstrating immediate and heavy financial need, as allowed under federal rules.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. A participant may have only one outstanding note at any time. Notes are repayable through payroll deductions over periods ranging up to 60 months, unless used to purchase a primary residence. The interest rate is determined by the Plan Administrator based on prevailing market conditions and is fixed over the life of the note. The interest rate on outstanding participant notes as of December 31, 2017 and 2016 ranged from 5.25% to 6.50%. The Plan treats participant notes that are in default due to a missed payment, and outstanding note balances when a terminated participant takes a distribution, as deemed distributions.

Forfeitures - Included in net assets available for benefits are forfeited nonvested accounts of $40,562 and $50,780 as of December 31, 2017 and 2016, respectively. For the year ended December 31, 2017, forfeitures reduced employer contributions and expenses by $46,664 and $2,872 respectively. For the year ended December 31, 2016, employer contributions and expenses were not reduced by forfeitures.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments - The investments of the Plan are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. For all other investments, the fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but were not yet paid at either December 31, 2017 or 2016.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are netted against net appreciation of fair value of investments.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Corrective Distributions - Amounts paid to the sponsor for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as an expense.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through September 6, 2018, which is the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following provides a description of the three levels of the fair value hierarchy.

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The Plan's investments in pooled separate accounts are classified within Level 2 of the fair value measurements hierarchy. The fair values of the pooled separate accounts have been estimated using the net asset value per share of the investments by reference to the underlying assets, which consist primarily of marketable equity and fixed income securities. Redemptions are available on a daily basis without notice.

NOTE 4. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator has obtained certifications from Reliance Trust that the following information regarding the Plan's investments as of and for the years ended December 31, 2017 and 2016 is complete and accurate:

	2017	2016
Investments:		
Guaranteed investment contract - at contract value	$ 8,812,060	$ 8,624,809
Pooled separate accounts - at fair value	$ 78,966,593	$ 60,034,275
Investment income:		
Net appreciation in fair value of investments	$ 12,901,470	$ 4,558,551
Interest on guaranteed investment contract	$ 261,785	$ 248,147

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a benefit-responsive group annuity contract with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The average yield and crediting interest rates were 2.89% and 2.97% for the years ended December 31, 2017 and 2016, respectively. The contract is included in the statements of net assets available for benefits at contract value.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan administration believes the occurrence of such events that would limit the Plan's ability to transact at contract value is not probable.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company contribution portion of their account.

NOTE 8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 5, 2001, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are held by MassMutual, which provides recordkeeping services to the Plan. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 10. REVENUE SHARING ARRANGEMENT

During the year ended December 31, 2017, the Plan entered into a new revenue sharing arrangement with MassMutual. Under the terms of the agreement, excess revenue is used to pay certain investment fees of the Plan. Unused amounts at year end are rebated to Plan participants.

The Plan received $99,554 in excess revenue during the year ended December 31, 2017. $39,500 was used to pay administrative expenses of the Plan and approximately $60,300 was rebated to participant accounts.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
