NORTHERN LABS, INC. 401(k) THRIFT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis
December 31, 2017 and 2016

Note 1 - Plan description

The following brief description of the Northern Labs, Inc. 401(k) Thrift Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a company-sponsored defined contribution plan covering all eligible employees of Northern Labs, Inc. (Company or Employer). All employees of the Company are eligible for participation after completing 90 days of service and reaching the age of 18. Employees may commence participation as of January 1, April 1, July 1, or October 1, upon completion of participation requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined by the Plan. Participants may elect to have any portion, or all of their contributions designated as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may, at its discretion, make a matching contribution to the Plan. For the year ended December 31, 2017, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan. The Company may also, at its discretion, make qualified nonelective contributions to the Plan. For the year ended December 31, 2017, the Company contributed \$116,181 to the Plan.

C. Participant accounts

Each participant's account is credited with the participant's elective contributions, Company matching contributions and allocations of (a) the employer discretionary contribution and (b) plan earnings (losses). Participant accounts are charged with an allocation of administration expenses that are paid by the Plan. Allocations are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions and any qualified nonelective company contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants are 100% vested at the time of death, disability, attainment of normal retirement age, or after five years of credited service.

Notes to Financial Statements – Modified Cash Basis, Continued
December 31, 2017 and 2016

Note 1 - Plan description, continued

E. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms generally range from one to five years; however, a longer repayment period may be permitted if the loan is for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at the market rate as determined at the time of the loan by the Plan Administrator. Principal and interest is paid ratably through biweekly payroll deductions.

F. Payment of benefits

Active participants may elect a lump sum in-service or hardship distribution as eligible according to the plan document. On termination of service due to death, disability or retirement, a participant may elect to receive lump sum, partial lump sum, or periodic installment benefit payments equal to the value of his or her account. Upon termination of service, a participant whose vested account balance does not exceed \$1,000 will receive a lump-sum distribution of the vested amount. Participants whose vested account balance exceeds \$1,000 but less than \$5,000, will be automatically enrolled into an IRA. Participants whose vested account balance exceeds \$5,000 may elect to receive as benefits the entire vested amount credited to their accounts as of that date in either a lump sum or in periodic payments.

G. Forfeited accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$1,674 and \$443, respectively. These accounts will be used to reduce administrative expenses during the Plan year, with any excess used to reduce future Company contributions. For the year ending December 31, 2017, Company contributions were reduced by \$329 from forfeited non-vested accounts.

H. Administration

The Company is the administrator of the Plan and has appointed Fidelity Management Trust Company as record keeper, custodian, and trustee. The custodian is responsible for investing and safekeeping the majority of the assets of the Plan.

NORTHERN LABS, INC. 401(k) THRIFT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis, Continued
December 31, 2017 and 2016

Note 2 - Significant accounting policies

A. Accounting method

The Plan financial statements are prepared on the modified cash basis of accounting; consequently, contributions and interest and dividend income are recognized when received rather than when earned and administrative fees are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present net assets and changes in net assets in conformity with accounting principles generally accepted in the United States of America.

B. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

E. Expenses

Administrative expenses may be paid either by the Plan or by the Company. Expenses paid by the Company are excluded from these financial statements. Certain administrative expenses of maintaining the Plan are allocated and charged to participants based on participant account balances, as defined, and are included in administrative expenses. In addition, certain investment related expenses are included in net appreciation of fair value of investments.

F. Payment of benefits

Benefits are recorded when paid.

NORTHERN LABS, INC. 401(k) THRIFT SAVINGS PLAN

Notes to Financial Statements – Modified Cash Basis, Continued December 31, 2017 and 2016

Note 2 - Significant accounting policies, continued

G. Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through September 17, 2018, the date on which the financial statements were available to be issued.

Note 3 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Note 4 - Fair value measurements, continued

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	2017			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 710,947	\$ -	\$ -	\$ 710,947
Mutual funds	<u>8,139,873</u>	<u>-</u>	<u>-</u>	<u>8,139,873</u>
Total assets at fair value	<u>\$ 8,850,820</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,850,820</u>
	2016			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 511,372	\$ -	\$ -	\$ 511,372
Mutual funds	<u>7,228,058</u>	<u>-</u>	<u>-</u>	<u>7,228,058</u>
Total assets at fair value	<u>\$ 7,739,430</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,739,430</u>

Note 5 - Tax status

The Company adopted a volume submitter profit sharing plan with a cash or deferral arrangement which received a letter from the IRS dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 6 - Information certified by trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate:

- a. The investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits.
- b. The investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits.
- c. The investments and notes receivable from participants as shown in the Schedule of Assets (Held at End of Year).

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the financial statements and supplementary schedule.

Note 7 - Party-in-interest transactions

Certain Plan investments are shares of money market and mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management, trust services and other administrative services amounted to \$5,668 and are included under administrative expenses on the statement of changes in net assets available for benefits for the year ended December 31, 2017.

Certain employees and officers of the Plan sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of financial statements to Form 5500

Differences between these financial statements and information combined in Schedule H, items I and II of Form 5500 were identified and are due to different classifications among various detail accounts. In total, these balances are in agreement.

Note 10 - Plan amendments

Effective April 3, 2017, the Plan was amended to allow for Roth 401(k) in-plan Roth rollover contributions and in-plan Roth conversions.

In addition, the Plan was amended to change required distributions upon a participant's termination of service. Upon termination of service, a participant whose vested account balance does not exceed \$1,000 will receive a lump sum distribution of the vested amount. Participants whose vested account balance exceeds \$1,000 but less than \$5,000, will be automatically enrolled into an IRA. Participants whose vested account balance exceeds \$5,000 may elect to receive as benefits the entire vested amount credited to their accounts as of that date in either a lump sum or in periodic payments.

Note 11 - Subsequent events

During 2018, Plan management made the decision to merge the Plan with the retirement plan of Knowlton Development Corporation, Northern Labs, Inc.'s parent company, effective October 1, 2018.

To the Plan Administrator
Northern Labs, Inc. 401(k) Thrift Savings Plan
Manitowoc, Wisconsin

We have conducted a DOL limited-scope audit of the financial statements of Northern Labs, Inc. 401(k) Thrift Savings Plan (Plan) for the year ended December 31, 2017 and have issued our report thereon dated September 17, 2018. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Consideration of Internal Control

In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Financial Statement Preparation

Employee benefit plans are subject to unique accounting and disclosure requirements. As your auditors, we are required to specifically consider whether Plan personnel have the necessary knowledge to apply accounting principles in accordance with the Modified Cash Basis of Accounting in recording financial transactions and preparing financial statements (including notes to the financial statements which are an integral part of the financial statements) for the Plan. While we can recommend adjusting journal entries and assist in preparing the draft financial statements as part of our audit, we are prohibited from acting as your internal control. Based upon the extent of our involvement in these processes, we consider this to be a significant deficiency because the potential exists that a material misstatement of the financial statements could occur and not be prevented or detected by the Plans' internal control. We understand that the cost of additional training or additional personnel may not be justified to correct this control deficiency. Management did review, approve and accept responsibility for the financial statements prior to issuance.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Northern Labs, Inc. 401(k) Thrift Savings Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2017. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. To the best of our knowledge, all significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We identified no such misstatements during our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, which could be significant to the financial statements or the auditors' report. No such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 17, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and, to the best of our knowledge, our responses were not a condition to our retention.

Management Comment

In addition, during our audit, we noted a certain other matter that is presented for your consideration. We will review the status of this comment during our next audit engagement.

Our comment and recommendation is intended to improve the internal control or result in other operating efficiencies. We will be pleased to discuss this matter in further detail at your convenience, perform any additional study of this matter, or assist you in implementing the recommendation. Our comment is summarized below.

MEMORANDUM OF MANAGEMENT COMMENTS

Upcoming hardship withdrawal changes

As part of the Bipartisan Budget Act of 2018 (the Act) that was signed into law in February 2018, changes to hardship withdrawals were made in order to provide participants in need, more access to their accounts. The Act:

- Removes the six-month prohibition on contributions to retirement plans after a hardship withdrawal. The Act directs the IRS to change its administrative guidance to allow employees who take hardship distributions from a retirement plan to continue contributing to the plan.
- Removes the requirement for participants to first take a loan from their plan account before taking a hardship withdrawal.
- Permits employers to extend hardship distributions to contributions not previously permitted. The Act allows a plan participant to withdraw the plan sponsor's qualified nonelective contributions, qualified matching contributions and profit-sharing contributions.

We recommend that management assess whether changes in administration of hardship withdrawal requests and/or plan amendments are required to comply with the upcoming changes. Plans are required to change the administration of hardship withdrawals and have plan amendments in place by January 1, 2019.
