(1) Description of the Plan

The following description of the OSG Bulk Ships, Inc. Money Purchase Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a money purchase pension plan for employees of OSG Ship Management, Inc. (the Company) working as Licensed Deck Officers aboard U.S. Flag vessels and who are not covered by a collective bargaining agreement unless the collective bargaining agreement expressly provides for participation. During the years ended December 31, 2017 and 2016, there were no union employees participating in the Plan. Employees become eligible to participate in the Plan once they have completed thirty days of continuous service as defined in the Plan document. The Plan is sponsored by OSG Bulk Ships, Inc. (the Plan Sponsor), a sister company to the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On November 14, 2012, the Plan sponsor filed for Chapter 11 bankruptcy. The bankruptcy did not have any effect on the Plan as the Plan sponsor received approval from the court that payroll related items, including the Plan, continue as usual. On August 5, 2014, the Plan sponsor emerged from bankruptcy and there has been no effect on the financial statements.

The Plan was amended effective January 1, 2017 to provide for automatic enrollment and to provide for Roth contributions, auto-enrollment and addresses certain operational provisions affected by these changes.

(b) Contributions and Vesting

The Company makes monthly contributions to the Plan based on a flat rate per day for each day on board. These contributions are allocated to the participants based on the proportion of each participant's Plan compensation, as defined, to the total Plan compensation. The Plan met the ERISA minimum funding requirements during the years ended December 31, 2017 and 2016. Vesting in Company contributions plus actual earnings thereon begins after two years of service, and participants become fully vested at the completion of six years of service. Forfeited nonvested accounts remain in the Plan and are reallocated among all eligible participants or used to offset employer contributions. Forfeited nonvested accounts totaled approximately $192,000 and $2,000 at December 31, 2017 and 2016, respectively. No forfeitures were used to reduce employer contributions during 2017.

Rollover contributions are accepted from other employers' qualified plans for new employees joining the Plan.

(1) Description of the Plan - Continued

(c) Investment Options

Participants may elect to invest their funds in 1% increments in any of the investment options made available by the Plan. Asset transfers among these options are permitted daily.

(d) Participant Accounts

Each participant's account is credited with allocations of the Company's contributions and Plan investment results. Each participant's account is reduced by any withdrawals or distributions and an allocation of administrative expenses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

(e) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from six months to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan sponsor (7% as of December 31, 2017). Interest and principal are paid ratably through quarterly payroll deductions.

(f) Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year or shorter period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

The Plan allows participants to withdraw from their account balance in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need, but not in excess of the vested portion of the participant's individual account balance. The participant must qualify with respect to Plan provisions.

(g) Administration and Expenses

The Plan sponsor assists in administering the Plan, and all normal administrative costs of the Plan are paid by the Company, unless the Company elects to have such expenses paid by the Plan. Investment transaction costs are charged to the Plan and allocated among the participants based on their respective account value to total plan assets. For the year ended December 31, 2017, $1,684 in record keeping fees were paid by the Plan with all other administrative fees being paid by the Company.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are reported at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The net appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

The Vanguard Retirement Savings Trust (Fund) is a common/collective trust stable value fund. The Fund invests principally in guaranteed interest contracts (GICs) issued by insurance companies, investment contracts issued by banks, synthetic investment contracts (SICs) issued by banks, insurance companies, and other issuers, and securities supporting such SICs, and other similar instruments which are intended to maintain a constant net asset value. The Fund is valued by Vanguard Fiduciary Trust Company (Vanguard) based on the unit value of the funds. Unit values are determined by dividing the fund's net assets, which represents the fair value of the underlying investments, by its units outstanding at the valuation dates. This common/collective trust has underlying investments in investment contracts which are valued at estimated fair value of the underlying investments and then adjusted to contract value.

As presented on the Statements of Net Assets Available for Benefits, the Fund was valued at $2,011,850 and $2,128,632 at December 31, 2017 and 2016, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value, which may occur on a daily basis. Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) total or partial Plan termination of the Trust; (2) tax disqualification of the Trust or unitholder; (3) certain Trust amendments if issuers' consent is not obtained. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants. The Vanguard Retirement Savings Trust had no unfunded commitments or redemption notices.

(2) Summary of Accounting Policies - Continued

(d) Risks and Uncertainties

The Plan provides for various investment options in a combination of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the valuation of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

(e) Unit Values

Individual participant accounts for the common collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' account are charged or credited with the number of units properly attributable to each participant.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Notes Receivable from Participants

Participant loans are classified as receivables from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(3) Information Certified by Vanguard Fiduciary Trust Company (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Total investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2017 and 2016;
- Total investment income and related investment activity, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2017;
- The Schedule of Assets (Held at End of Year), as shown in the supplemental schedule, as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(4) Transactions with Parties-in-Interest

The Plan invests in shares of registered investment companies or common/collective trust funds managed by an affiliate of Vanguard. Vanguard acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Additionally, participants are permitted to borrow from their vested account balances (see Note 1(e)), which also qualify as party-in-interest transactions.

(5) Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated October 3, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Fair Value Measurements

The Company uses a three-level hierarchy for disclosure of fair value measurements that gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs, as follows:

Level 1: Observable inputs such as quoted prices in active markets for identical assets or liabilities;

Level 2: Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data; if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities; this includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The categorization of an asset or liability within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for assets within the Plan measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

Registered Investment Companies

These investments are valued at quoted market prices in an exchange and active markets, which represent the net asset values of shares held by the Plan at year end.

Common/Collective Trust

The Vanguard Retirement Trust is a common/ collective trust which is valued at the NAV of units of a bank collective trust. The NAV, as provided by the investment advisor, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

(6) Fair Value Measurements - Continued

Plan assets have been classified in their entirety within a level of the fair value hierarchy based on the lowest level of input that is significant to the estimated fair value measurement, as set forth below:

		Fair Value Measurements at December 31, 2017 Using		
Description	Total	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 26,261,688	26,261,688	-	-
Common/collective at NAV *(a)*	2,011,850			
Total investments	$ 28,273,538			

		Fair Value Measurements at December 31, 2016 Using		
Description	Total	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 22,684,269	22,684,269	-	-
Common/collective at NAV *(a)*	2,128,632			
Total investments	$ 24,812,901			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.

(7) Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(8) Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 20, 2018, the date the financial statements were available to be issued.
