## 1. DESCRIPTION OF THE PLAN:

The Ohio Valley Flooring, Inc. Retirement Savings Plan is a defined contribution plan which was formed effective January 1, 1989. The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

### General

The Plan covers substantially all employees of Ohio Valley Flooring, Inc. (the "Company" or "Employer"), other than nonresident aliens and those employees covered by a collective bargaining agreement. Participation commences on the earlier of January 1 or July 1 of the plan year after which the employee has reached twenty and one-half years of age. There is no service requirement.

### Contributions

Participants may make contributions on a pre-tax basis each plan year subject to limitations determined by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company will make a safe harbor match of a certain percentage of the participants' contributions. In 2017 and 2016, the Company matching percentage was 100% of the first 1% and 50% of the next 5% of participant contributions. The Company may also contribute an additional discretionary amount to the Plan as determined annually by the Company's Board of Directors. The Company did not make an additional discretionary contribution in 2017 or 2016.

The Plan includes a Qualified Automatic Contribution Arrangement (QACA). Under the arrangement, the Company will automatically withhold from compensation the percentage described below, which bases the automatic deferral percentage on the plan year of QACA participation.

| <u>Automatic deferral percentage</u> | <u>Plan year of QACA participation</u>                  |
|--------------------------------------|---------------------------------------------------------|
| 3%                                   | 1 <sup>st</sup> plan year and 2 <sup>nd</sup> plan year |
| 4%                                   | 3 <sup>rd</sup> plan year                               |
| 5%                                   | 4 <sup>th</sup> plan year                               |
| 6%                                   | 5 <sup>th</sup> and subsequent plan years               |

### Participant accounts

Each participant's account is credited with the participant's elective contributions and the Company's related matching contributions and an allocation of (a) the Company's discretionary contribution, if any, (b) Plan earnings, and (c) forfeitures. Investment earnings are allocated to eligible participants based on their relative account balance. Discretionary contributions are allocated to eligible participants based on their relative compensation for the plan year. All other allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Notes receivable from participants**

The Plan permits participants to borrow from their vested account. The maximum amount that may be borrowed is the lesser of \$50,000 or 50% of the vested balance of the account. Participants are permitted to carry two loans against their account at any given time. The interest rate on the loan is determined by the plan administrator. Loans are payable within five years except for those used to acquire a principal residence. Principal and interest are paid ratably through payroll deductions.

**Payment of benefits**

Participants are eligible for benefits at their retirement date. The normal retirement date is the first day of the month coinciding with or following the participant's 65th birthday. Early retirement may be elected after completing 10 years of service and reaching 55 years of age. Benefits are also payable upon death, permanent disability, or termination. There are various benefit payment options.

**Advance distribution for hardship**

Participants may withdraw from their fund accounts in any one plan year up to the lesser of 100% of the participant's elective and rollover accounts valued as of the last valuation date or the amount necessary to satisfy the immediate and heavy financial need of the participant.

**Vesting**

Accounts become fully vested upon termination of employment due to normal retirement, early retirement, death, or permanent disability. Vesting of the QACA safe harbor contribution at termination of employment for reasons other than above is as follows:

| <u>Years of Service</u> | <u>Vested Percentage</u> |
|-------------------------|--------------------------|
| Less than 2             | 0%                       |
| 2 years or more         | 100%                     |

Vesting of Employer's discretionary contributions at termination of employment for reasons other than above is as follows:

| <u>Years of Service</u> | <u>Vested Percentage</u> |
|-------------------------|--------------------------|
| Less than 3             | 0%                       |
| 3 years or more         | 100%                     |

Non-vested amounts are forfeited at termination and may be allocated to eligible participants based on relative balances or used to pay Plan expenses. Employee contributions are always 100% vested.

**Forfeited accounts**

At December 31, 2017 and 2016, the balance of forfeited nonvested accounts totaled \$23,026 and \$20,422 respectively. No forfeitures of nonvested accounts were allocated to participants or used to pay administrative expenses during 2017 and 2016. The Company plans to allocate the forfeiture balance to eligible participants based on relative balances or use the forfeiture balance to pay Plan expenses during 2018.

## **2. SIGNIFICANT ACCOUNTING POLICIES:**

### **Basis of accounting**

The accompanying financial statements have been presented on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

### **Notes receivable from participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### **Investment valuation and income recognition**

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Payment of benefits**

Benefits paid to participants are recorded when amounts are distributed.

### **Administrative expenses**

Certain costs of administering the Plan are paid for by the Company, and are excluded from these statements. At times, administrative expenses are charged directly to participant accounts or paid by the Plan using forfeitures of nonvested accounts.

### **Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### **Subsequent events**

The Company evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The Plan has evaluated subsequent events through August 14, 2018, the date the financial statements were available to be issued.

### **3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:**

The Plan has a fully benefit-responsive traditional investment contract with Massachusetts Mutual Life Insurance Company (MassMutual) totaling \$3,572,482 and \$2,217,396 at December 31, 2017 and 2016, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer.

#### 4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016.

**5. TAX STATUS:**

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believe that the Plan is qualified and the related trust is tax-exempt.

**6. INFORMATION CERTIFIED BY THE TRUSTEE:**

All Plan investments held at December 31, 2017 and 2016 were certified by the trustee, Reliance Trust Company, as complete and accurate. All of the interest and dividends on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2017 and 2016, were certified as complete and accurate by the trustee, as was the net appreciation in fair value of investments.

**7. RISKS AND UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**8. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:**

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

**9. PLAN TERMINATION:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.
