SAUCED 401(K) PLAN

Notes to Financial Statements

December 31, 2017

Note 1 - Description of plan:

The following description of the Sauced 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established on January 1, 2016, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of Fat Chance Entertainment, Inc. (the "Company").

The Company is the Plan Administrator and retains the services of third parties to assist in the administration of the Plan. Through December 31, 2017, the Plan's custodian was Nationwide Trust Company ("Nationwide") and the third party administrator was Hicks Pension Services ("Hicks").

Eligibility - Except for excluded employees, all employees who have reached eighteen years of age and have completed 6 months and 83.3 hours of service in each month are eligible to participate in the Plan. If these requirements are not met, participants may be eligible to participate upon completion of a year of service at the end of the eligibility computation period. Excluded employees include collectively bargained employees, non-resident aliens who do not receive United States source income from the Company, and leased employees. Participants may begin deferring a portion of their compensation into the Plan on the first day of the month coinciding with or next following the date the participant satisfies the eligibility requirements.

Participant contributions - Participants may elect to contribute up to 100% of their compensation, as defined in the Plan. Contributions are subject to the annual limits specified under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Deferrals consist of pretax and/or Roth 401(k) contributions. Participants direct the investment of their account balances into various investment options offered by the Plan.

Note 1 - Description of plan (continued):

Employer contributions - Under the Plan, the Company is not permitted to make non-safe harbor matching contributions. Additionally, the Company may make discretionary non-elective contributions to the Plan. Such discretionary Company contributions are allocated as a percentage of compensation or dollar amount per participant. Each eligible participant shall receive an allocation of the employer discretionary non-elective contribution, such allocation will be based on the participant's classification. There shall be a separate classification for each participant identified by the participant's name. No discretionary non-elective contributions were made to the Plan for the year ended December 31, 2017. The Company elected to make safe harbor matching contributions equal to 100% of the first 3% of a participant's deferred salary contributions and 50% of the next 2% of a participant's deferred salary contributions. For the year ended December 31, 2017, the Company contributed approximately $33,000.

Participant accounts - Each participant's account is credited with the participant's contribution, Company contributions, and allocations of Plan earnings, net of applicable investment fund fees. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Participant investment options at December 31, 2017 and 2016 included a variety of mutual funds. Participants may change their elections at any time.

Vesting - Participants become immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon, and safe harbor contributions. The Company's discretionary non-elective contributions vest at a rate of 20% per year starting with the second full year of service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested balance. Loans are secured by the balance in the participant's account and bear interest at 1% over market financing rates. Loan terms may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period. Principal and interest are paid ratably through payroll deductions.

Note 1 - Description of plan (continued):

Payment of benefits - On termination of service due to death, disability, retirement, or separation from service, participants may receive benefits in a lump sum payment, in accordance with the Plan. Unless otherwise instructed by the participant, participants with vested account balances of $5,000 or less upon separation will receive a lump sum cash payout.

As an active participant in the Plan, a participant may, upon attaining age 59 ½, request the distribution of his or her balance. Hardship withdrawals are permitted under the Plan.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Forfeitures - Forfeitures may be used to reduce employer contributions or to pay expenses related to the Plan and any needed adjustments to participant accounts. For the year ended December 31, 2017 there were no forfeitures.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments in all of the funds are presented at fair value, based on quoted market prices of underlying securities within each fund as of December 31, 2017 and 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Significant accounting policies (continued):

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements are available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 3 - Fair value (continued):

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2017 and 2016, investments measured at fair value on a recurring basis totaling $109,766 and $30,554, respectively, were all deemed to be Level 1 by the Plan Administrator and consisted of mutual funds.

Note 4 - Investments:

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Nationwide, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Mutual funds as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.

- Notes receivable form participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.

- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

Note 5 - Party-in-interest transactions:

Hicks, the Plan's trustee, serves as the Plan fiduciary and Nationwide serves as the investment manager and custodian to the Plan. At December 31, 2017 and 2016, the Plan did not have investments in Hicks and Nationwide.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Income tax status:

The prototype plan adopted by the Plan sponsor obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a separate determination letter however the Plan Administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Participant accounts - Each participant's account is credited with the participant's contribution, Company contributions, and allocations of Plan earnings, net of applicable investment fund fees. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian. Participant investment options at December 31, 2017 and 2016 included a variety of mutual funds. Participants may change their elections at any time.

Vesting - Participants become immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon, and safe harbor contributions. The Company's discretionary non-elective contributions vest at a rate of 20% per year starting with the second full year of service.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested balance. Loans are secured by the balance in the participant's account and bear interest at 1% over market financing rates. Loan terms may not exceed five years, except for loans used for a purchase of a primary residence, which may be repaid over a longer period. Principal and interest are paid ratably through payroll deductions.

Note 1 - Description of plan (continued):

Payment of benefits - On termination of service due to death, disability, retirement, or separation from service, participants may receive benefits in a lump sum payment, in accordance with the Plan. Unless otherwise instructed by the participant, participants with vested account balances of $5,000 or less upon separation will receive a lump sum cash payout.

As an active participant in the Plan, a participant may, upon attaining age 59 ½, request the distribution of his or her balance. Hardship withdrawals are permitted under the Plan.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Forfeitures - Forfeitures may be used to reduce employer contributions or to pay expenses related to the Plan and any needed adjustments to participant accounts. For the year ended December 31, 2017 there were no forfeitures.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition - The investments in all of the funds are presented at fair value, based on quoted market prices of underlying securities within each fund as of December 31, 2017 and 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Significant accounting policies (continued):

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements are available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 3 - Fair value (continued):

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2017 and 2016, investments measured at fair value on a recurring basis totaling $109,766 and $30,554, respectively, were all deemed to be Level 1 by the Plan Administrator and consisted of mutual funds.

Note 4 - Investments:

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Nationwide, the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian as complete and accurate:

- Mutual funds as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.

- Notes receivable form participants as shown in the Statement of Net Assets Available for Benefits as of December 31, 2017 and 2016.

- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017.

Note 5 - Party-in-interest transactions:

Hicks, the Plan's trustee, serves as the Plan fiduciary and Nationwide serves as the investment manager and custodian to the Plan. At December 31, 2017 and 2016, the Plan did not have investments in Hicks and Nationwide.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Income tax status:

The prototype plan adopted by the Plan sponsor obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a separate determination letter however the Plan Administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
