Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Newport Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets held at end of year for the year ended December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Note 1. Description of the Plan

The following description of the Golden Artist Colors, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all active employees of the Company who have six months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to the maximum allowed by the Internal Revenue Code of pretax annual compensation. For employees who have attained age 21 and completed one year of service, the Company will make a safe harbor matching contribution equal to 100% of your salary deferrals that do not exceed 3% of your compensation plus 50% of your salary deferrals between 3% and 5% of your compensation. Safe harbor matching contributions are 100% vested.

Additional amounts may be contributed by the Company under the Plan's profit sharing provisions at the discretion of Company management. Participants employed on the last day of the Plan year who completed at least 1,000 hours of service are eligible to receive profit sharing contributions. Allocations of such profit sharing contributions are based on the proportion of each participant's eligible compensation to the total of all participants' eligible compensation. There were no profit sharing contributions for the years ended December 31, 2017 and 2016.

Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with an allocation of (a) the Company's contribution, (b) plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Direction - The Plan permits participants to direct their investments, at their discretion, in to any combination of funds maintained by Newport Trust Company, as selected by the trustees of the Plan.

Vesting - Participants are always immediately vested in the following types of contributions, plus their actual earnings:

- Salary deferrals including Roth 401(k) deferrals and "catch-up contributions"
- Safe harbor contributions
- Rollover contributions

Certain Company contributions are based on vesting years of service. Participants vested percentage for employer profit sharing contributions and employee matching contributions are subject to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	- %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Participants automatically become 100% vested upon: (a) normal retirement (attainment of age 65); (b) disability; or (c) death. Participants who terminate for any other reason are entitled to the vested balance of their accounts.

Notes Receivable from Participants - Participants may borrow from their vested balance up to a maximum equal to the lesser of $50,000 or 50% of their vested balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.75%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant will receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts - At December 31, 2017 and 2016, forfeited nonvested accounts totaled $12,384 and $4,196, respectively. Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeitures may be used to pay Plan expenses, reduce amounts otherwise required to be contributed to the Plan, or reallocated to Participants as though they are additional Company contributions. Forfeitures allocated to participants during December 31, 2017 and 2016, totaled $105 and $385, respectively.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The financial statements of the Plan are prepared under the modified cash basis of accounting. Under this method of accounting, certain revenues and related assets are recognized when received rather than when susceptible to accrual or earned and expenditures and related liabilities are recognized when paid rather than when the obligations are incurred.

Estimates - The preparation of financial statements in conformity with the modified cash basis requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of investments is disclosed in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The cost of investments used in determining realized and unrealized gains and losses is based upon average cost. The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of both realized and unrealized gains or losses on those investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Plan Administration Fees - The Plan absorbs all significant costs associated with the administration of the Plan.

Subsequent Events - The Plan evaluated subsequent events through the date of the report, which is the date these financial statements were available to be issued.

Note 3. Information Prepared and Certified by Trustee (Unaudited)

The plan administrator has elected the alternative method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the investment information certified by the trustees was not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees.

	2017	2016
Investments:		
Money market funds	$ 177,042	$ 147,370
Mutual funds	$ 15,388,519	$ 12,777,000
Net appreciation in fair value of investments	$ 1,711,731	$ 528,470
Interest	$ 392	$ 152
Mutual fund dividends	$ 581,530	$ 299,144

Note 4. Fair Value Measurements

FASB ASC 820-10, establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and money market funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U. S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments measured at fair value are as follows as of:

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,388,519	$ -	$ -	$ 15,388,519
Money market funds	177,042	-	-	177,042
Total investments at fair value	$ 15,565,561	$ -	$ -	$ 15,565,561

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 12,777,000	$ -	$ -	$ 12,777,000
Money market funds	147,370	-	-	147,370
Total investments at fair value	$ 12,924,370	$ -	$ -	$ 12,924,370

Note 5. Parties-in-Interest

Plan investments are managed by Cadaret, Grant & Co., and the Plan pays the administrative expenses for the investment advisor's services. These transactions qualify as allowable party-in-interest transactions. For the years ended December 31, 2017 and 2016, fees paid by the Plan for those services totaled $53,118 and $50,140 respectively.

Record keeping services were provided by The Newport Group, and the Plan pays the administrative expenses for this service. These transactions qualify as allowable party-in-interest transactions. For the years ended December 31, 2017 and 2016, fees paid by the Plan for record keeping services totaled $33,240 and $10,917, respectively. During 2017, the Plan elected fee equalization. Instead of offsetting record keeping services by revenue sharing, the Plan now allocates revenue sharing to Plan participants who generated revenue based on investment elections. During the year ended December 31, 2017, revenue sharing allocated to participant accounts amounted to $20,591.

Other fees paid to The Newport Group totaled $4,925 and $2,404 for the years ended December 31, 2017 and 2016, respectively.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Tax Status

The Plan has adopted a Newport Retirement Services, Inc. Defined Contribution Volume Submitter Plan and Trust. The Internal Revenue Service has determined by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). There have been no amendments to the Plan since receiving the determination letter. Therefore, the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Note 8. Reclassifications

Certain reclassifications have been made to the financial statements for the year ended December 31, 2016. These reclassifications are for comparative purposes only and have no effect on the change in net assets available for benefits as originally reported.
