NCSOFT WEST 401(k) PLAN

Notes to Financial Statements

December 31, 2017 and 2016

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN

The provisions of the NCSOFT West 401(k) Plan (the Plan) were effective September 1, 2001. The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of NC Interactive, LLC (the Company) and related subsidiaries which are adopting employers of the Plan. The adopting employers are ArenaNet, LLC and Carbine, LLC. Substantially all employees are eligible to participate in the Plan if they are twenty-one years of age or older. Employees eligible to participate in the Plan may enroll on the first day of the month following the date the eligibility requirements are met. Employees are eligible for discretionary employer profit sharing contributions if they are employed on the last day of the Plan year and have completed 1,000 hours of service. Through December 31, 2017, employees are eligible for discretionary employer matching if they are employed on the last day of the Plan year and have completed 1,000 hours of service. Effective April 1, 2018, employees must be making deferral contributions to receive employer matching contributions, without any additional requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Fiduciary Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

The Plan provides for automatic enrollment of participants. Newly eligible participants are enrolled in the Plan at a salary reduction rate of 3%. Participants may elect to contribute up to 85% of their pretax or Roth after-tax annual compensation, as defined in the Plan document and within statutory limits. Participants may elect to change or stop the payroll deductions at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. These contributions are paid to the Plan after each pay period. Participants may also contribute amounts representing distributions from other qualified plans.

For 2017 and through March 31, 2018, the Company authorized discretionary matching contributions of 10% of participant contributions, which were funded in 2018. Effective April 1, 2018, the Plan was amended to provide for employer matching contributions of 50% on the first 3% of compensation that a participant contributes to the Plan, which will be funded each pay period.

Additionally, the Company may authorize discretionary profit sharing contributions each year. No profit sharing contributions were made in 2017. Profit sharing contributions, if any, are paid to the Plan in the following year.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Individual accounts are maintained by Principal Life Insurance Company (Principal Life), the Plan's custodian and recordkeeper. Each account is credited with the participant's contribution, the Company's contributions, if any, allocations of investment income and losses on the individual account balances, and administrative expenses. Distribution and loan fees are deducted from the respective participant's account. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct participant and Company contributions among various mutual funds, pooled separate accounts, and collective trust funds held by Principal Life and Principal Trust Company (Principal Trust), the custodians of the Plan's assets.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contributions is based on years of credited service, as defined in the Plan document, with 25% vesting each year, and 100% vesting after four years of service. Upon normal retirement (65), death, or disability, participants become fully vested in all benefits.

Notes Receivable from Participants

Through December 31, 2016, participants may borrow from their accounts a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. Effective January 1, 2017, participants may borrow from their accounts a minimum of \$500 and up to the lesser of \$50,000 or 50% of their vested account balance. Terms of the notes receivable may not exceed five years except for the purchase of a primary residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at a reasonable interest rate as determined by the Plan Administrator at the time of issuance. Interest rates range from 3.35% to 5.75% for all receivables outstanding at December 31, 2017. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Benefits may be distributed upon retirement, death, disability, or other termination of employment. Benefits equal to the value of the participant's vested account may be paid in a lump-sum or installments depending on certain factors as described in the Plan document and at the participant's election. Under certain hardship circumstances or attainment of age 59½, participants may request a distribution of their vested account balance prior to retirement.

Forfeited Accounts

Upon termination, participants' non-vested account balances are forfeited. Forfeitures may first be used to pay administrative expenses, if not paid by the Company. Any remaining forfeitures may be used to reduce employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$858 and \$3, respectively. During 2017, forfeitures of approximately \$21,541 were used to pay administrative expenses.

NOTE 1 – ORGANIZATION AND DESCRIPTION OF THE PLAN (continued)

Administrative Expenses

The Plan's investment fund options are subject to investment management fees and certain revenue sharing fees, as disclosed in each fund's prospectus. A majority of these fees are charged directly against each fund's investment performance and, therefore, are included in net appreciation in the accompanying Statement of Changes in Net Assets Available for Benefits. Revenue sharing fees are collected from various mutual fund companies by the Plan's service providers and are used to offset the Plan's third party administration, advisory, and custodial fees. Remaining unpaid Plan administration expenses may be paid with forfeitures or deducted from participants' accounts on a pro-rata basis. Participant loan and distribution transaction fees charged by Principal are deducted from the accounts of the respective Plan participants and are recorded as expenses by the Plan. The annual audit fee is paid by the Company and therefore excluded from these financial statements.

Subsequent Events

The Company has authorized a change in custodian and record keeper that is expected to occur between September 28 and October 1, 2018. Substantially all of the Plan's assets will be liquidated, transferred to the new custodian, and reinvested in participant directed investments.

The date to which events occurring after December 31, 2017, have been evaluated for possible adjustment to the financial statements or disclosure therein is September 18, 2018, which is the date on which the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are significant accounting policies used by the Plan:

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest, if any. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are deemed open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Pooled Separate Accounts – Valued at the NAV of units of an insurance company pooled separate account. The NAV, as provided by the investment custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the insurance company reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There may be a market rate adjustment upon full redemption of the pooled separate accounts if market value is less than contract value upon liquidation.

Collective Trusts – Valued at the NAV of units of a collective trust. The NAV, as provided by the investment trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 4,017,418	n/a	Daily	1 business day

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Principal Life and Principal Trust, the custodians, have certified that the following data included in the accompanying financial statements, notes, and supplemental schedule on page 12 is complete and accurate.

- 1) Fair value of investments as of December 31, 2017 and 2016.
- 2) Outstanding balances of notes receivable from participants as of December 31, 2017 and 2016.
- 3) Dividends and interest, net appreciation in fair value of investments, other income, and interest on notes receivable from participants for the year ended December 31, 2017.
- 4) The information in the supplemental schedule on page 12.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements, notes, and supplemental schedule on page 12.

NOTE 5 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are units of participation in pooled separate accounts managed by Principal Life and units of participation in collective trusts by Principal Trust, the custodians. Therefore, transactions with Principal Life, Principal Trust, and its affiliates qualify as party-in-interest transactions. Fees paid by the Plan to Principal Life, Principal Trust, and its affiliates amounted to \$85,026 for the year ended December 31, 2017. Additionally, Principal Life, Principal Trust, its affiliates, and the Plan's investment advisor, receive revenue sharing fees from various mutual fund companies to offset their Plan administration costs and investment advisory fees.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan operates under provisions of a Principal Financial Group prototype plan which received an opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the prototype plan, as then designed, was acceptable under the applicable sections of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires the Plan Administrator to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan allows participants to invest in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.
