The following description of Milwaukee Electric Tool Corporation Employees' Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan of Milwaukee Electric Tool Corporation (the Company). Participants in the Plan include current and former employees of the Company. The Plan was amended and restated effective January 1, 2011, changing eligibility provisions so no new employees of the Company shall become eligible to participate in the Plan. The Retirement Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant accounts: Each participant's account is credited with an allocation of Plan earnings/losses and forfeitures, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Prior to December 31, 2007, participants were immediately vested in their voluntary and rollover contributions plus actual earnings thereon. Vesting in the Company contributions portion of participant accounts was based on vesting years of service; to earn a year of service, participants must be credited with at least 1,000 hours of service during the Plan year. Participants vested 20% for each year of service such that they were 100% vested after five years of service. As of December 31, 2007, participants became 100% vested in their account balances.

Investment options: Participants may change the investment makeup of their account daily among the investments options offered under the Plan.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. Benefits are payable in lump-sum payments, installment payments or purchase of an annuity contracts. In-service withdrawals are also permitted when a participant attains age 59 ½.

Forfeitures: Forfeited nonvested accounts totaled $5,982 and $5,433 at December 31, 2017 and 2016, respectively. As the Plan no longer permits employer contributions, forfeitures are allocated to participants. During 2017, no forfeitures were allocated to participants. Accumulated forfeitures will be allocated to participants in 2018.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates determined quarterly by the Plan administrator. These rates range from 4.25% to 8.75% on loans outstanding at December 31, 2017, and mature through November 2025. Principal and interest is paid ratably through payroll deductions for current employees. Terminated participants have the option to pay principal and interest directly to Transamerica. Participants can only have two outstanding loans.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits and Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as the accrual basis. Related fees are recorded as administrative expenses are incurred. If a participant ceases to make the schedules repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2017) through September 24, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by State Street Bank and Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is accurate and complete to the best of its knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2017	2016
Non-interest bearing cash	$ 15,203	$ 12,691
Investments at fair value:		
Interest-bearing cash	$ 6,039	$ 5,433
Registered investment companies	12,180,122	12,424,038
Common collective trust funds	33,963,980	33,058,661
Common collective trust stable value fund	5,524,067	5,535,871
	$ 51,674,208	$ 51,024,003
Notes receivable from participants	$ 1,477,945	$ 1,565,232

State Street Bank and Trust Company also certified to the accuracy and completeness of $6,802,419 of net appreciation in fair value of investments, $235,327 of interest and dividend income and $62,215 of interest income on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest level to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued based on the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee is used as a practical expedient to estimating fair value.

Common collective trust stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Interest-bearing cash: Carrying amount approximates fair value.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

	Assets at Fair Value as of December 31, 2017			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,180,122	$ -	$ -	$ 12,180,122
Investments measured at NAV (a)				39,488,047
Interest-bearing cash				6,039
Investments at fair value				$ 51,674,208

	Assets at Fair Value as of December 31, 2016			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,424,038	$ -	$ -	$ 12,424,038
Investments measured at NAV (a)				38,594,532
Interest-bearing cash				5,433
Investments at fair value				$ 51,024,003

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. Interest-bearing cash is not required to be classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2017 and 2016.

	Fair Value		Unfunded	Redemption	Redemption
Investment	2017	2016	Commitment	Frequency	Notice Period
Common collective trust stable value fund	$ 5,524,067	$ 5,535,871	None	Daily	None
Common collective trust funds	33,963,980	33,058,661	None	Daily	None
	$ 39,488,047	$ 38,594,532			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Party-in-Interest Transactions

Transamerica Retirement Solutions (Transamerica) is the recordkeeper of the Plan; therefore, transactions with the recordkeeper qualify as party-in-interest transactions. Fees paid by the Plan to Transamerica totaled $115,665 for the year ended December 31, 2017. The Company also paid certain administrative expenses of the Plan.

Effective July 27, 2011, the Plan and Transamerica established a service agreement which included an Expense Budget Account. Transamerica established an annual required revenue amount of 0.215%, of which 0.02% will be deposited into the Expense Budget Account (EBA). The amount credited to the EBA will be accrued daily based on participants' account balances and then will be credited to the EBA as of the last business day of each month. These amounts will be used to pay plan related expenses approved by the Company, and to the extent not used to pay such plan expenses, can be allocated to plan participants as of the end of the plan year at the discretion of the Company.

For the year ended December 31, 2017, the Plan received $20,597 in reportable other income from the EBA. During 2017, $18,085 was allocated to participants. Other income is included in the net appreciation in fair value of investments and any expenses paid are reported as administrative expenses in the statement of changes in net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

Note 7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 8, 2018, stating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (the Code), and, therefore, the related trust is exempt from taxation. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.
