401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Matheson Trucking, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that was established in 1991 by Matheson Trucking, Inc., Matheson Flight Extenders, Inc., and Matheson Postal Services, Inc. (the Companies) to provide benefits to eligible employees, as defined in the Plan document. All regular employees of the Companies who are at least 18 years of age are eligible to participate in the Plan. Temporary employees who are at least 21 years of age and have completed at least 1,000 hours of service during an eligibility computation period as defined by the Plan are also eligible to participate.

Administration: The Companies have appointed a Fiduciary Committee from their Insurance Committee to manage the operation and administration of the Plan. The Companies have contracted with Fidelity Management Trust Company (FMTC) to process and maintain the records of participant data and act as the custodian and trustee.

Participant contributions: Participants may contribute up to 100% of their compensation subject to the annual maximum currently allowed under the provisions of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other defined contribution plans. The Plan provides for an automatic pre-tax deferral of 5% of compensation in the event a newly qualified participant fails to make a determination as to whether or not to participate in the Plan. The pre-tax deferral will increase annually by 1% to a maximum of 6% of compensation.

Employer contributions: The Companies make non-discretionary matching contributions of 100% of participant deferrals up to 2% of the participant's eligible compensation. Employees must work 1,000 hours and be employed on December 31 to be eligible for employer matching contributions. The non-discretionary matching contributions totaled $129,752 in 2017 and $108,295 in 2016. The Companies may elect to make additional discretionary matching or profit sharing contributions. No additional discretionary contributions were made in 2017 or 2016.

Part-time and full-time employees of Matheson Flight Extenders, Inc. and all other eligible full-time employees covered by the McNamara-O'Hara Service Contract Act (the Act) receive a Qualified Non-Elective Contribution (QNEC) in an amount determined by the employer, but not in excess of 5% of the hourly wage (maximum 40 hours per week, per contract). All other eligible part-time employees covered by the Act received 100% of their prevailing health and welfare benefit as a QNEC. Temporary employees covered by the Act do not receive a QNEC. Employees covered by the Act are not eligible to receive matching employer contributions or discretionary profit sharing contributions. The QNEC totaled $944,819 in 2017 and $937,230 in 2016.

NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

The Companies made an additional QNEC contribution totaling $369,539 in 2017. This contribution is included in the employer receivable at December 31, 2016. This additional QNEC contribution was a corrective contribution due to their participation in the IRS' Voluntary Correction Program (VCP). See Note I for further discussion regarding their VCP submission.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Vesting: Participants are vested immediately in their contributions, the employer's QNEC and actual earnings thereon. Vesting in other employer contributions is based on years of continuous service. A participant is 100% vested after six (6) years of credited service.

Forfeited accounts: Forfeitures of employer contributions will be used to pay administrative expenses or reduce future employer contributions. At December 31, 2017 and 2016 forfeited nonvested accounts totaled $55,424 and $34,113, respectively. Forfeitures of $19,407 and $18,357 were used to reduce the Company matching contributions for 2017 and 2016, respectively. Forfeitures of $12,994 and $10,000 were used to pay administrative expenses for 2017 and 2016, respectively.

Payment of benefits: The Plan provides for the payment to the participant (or, if applicable, the beneficiary) at retirement (age 65), disability, death, financial hardship, or termination of employment. In-service distributions are also permitted if the participant is at least age 59 ½. Participants who qualify for retirement benefits will receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance. Participants who separate from service and have a vested account balance of $5,000 or less are subject to an administrative distribution at the discretion of the Plan administrator.

Notes receivable from participants: A participant may borrow up to the lesser of $50,000 or 50% of the participant's vested account balance subject to the approval of the Plan administrator. The minimum loan amount is $1,000. All borrowings bear a fixed rate of interest commensurate with local prevailing rates as determined on the date of advance by the Plan administrator. Borrowings generally must be repaid within a five-year period through regular payroll deductions unless for the purchase of a primary residence, in which case a longer repayment period is allowed. Participants may only have one outstanding loan at a time. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. Accordingly, the interest participants pay on their loans will be directly credited to their account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The accompanying financial statements have been prepared on the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Contributions from participants are recorded when withheld from the participant. Benefit payments and expenses are recorded when paid.

Investment valuation and income recognition: Investments are recorded at fair value. *Fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Net appreciation (decline) in fair value of investments includes net unrealized and realized gains and losses recognized during the period.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE C – CONCENTRATION OF CREDIT RISK

The Plan offers a variety of investment options in any combination of mutual funds and collective investment trusts. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of investment risk associated with certain investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016 and there have been no transfers between levels during 2017 or 2016.

Mutual funds: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust funds: The collective investment funds are managed by Wilmington Trust RISC and are valued at the NAV of units of a collective trust. The collective investment funds held by the Plan are valued daily and act similarly to mutual funds.

NOTE D – FAIR VALUE MEASUREMENTS - CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements Using:			
December 31, 2017	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$4,790,764	$ -	$ -	$4,790,764
Total assets in the fair value hierarchy	$4,790,764	$ -	$ -	4,790,764
Investments measured at NAV as a practical expedient*				12,389,912
Investments at fair value				$17,180,676

	Fair Value Measurements Using:			
December 31, 2016	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$4,286,284	$ -	$ -	$4,286,284
Total assets in the fair value hierarchy	$4,286,284	$ -	$ -	4,286,284
Investments measured at NAV as a practical expedient*				10,128,111
Investments at fair value				$14,414,395

NOTE D – FAIR VALUE MEASUREMENTS - CONTINUED

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

NOTE E – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule were obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company.

	2017	2016
Investments at fair value:		
Mutual funds	$4,790,764	$4,286,284
Collective investment trust funds	$12,389,912	$10,128,111
Investments at contract value:		
Common/collective trust	$2,190,789	$2,931,334
Notes receivable from participants:	$717,714	$772,776
Investment income:	$2,472,079	$1,043,674
Interest from notes receivable from participants:	$38,193	$39,536

NOTE F - TAX STATUS

The Plan adopted the Fidelity volume submitter defined contribution plan effective October 15, 2015. The Internal Revenue Service has determined and informed Fidelity by letter dated March 31, 2014, that the volume submitter plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since the advisory letter was issued, but the Plan administrator believes the Plan remains a qualified plan and that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE F - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Companies have taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE G - RELATED PARTY TRANSACTIONS

Certain Plan investments in mutual funds and collective trusts are managed by Fidelity Management Trust Company. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE I – NON-EXEMPT TRANSACTIONS

The Companies entered into the Department of Labor's Voluntary Correction Program (VCP) in December 2015 to correct an operational error for failing to follow the terms of the Plan document. Their participation in the program ended in August 2017 with the Plan receiving a "compliance statement" from the Internal Revenue Service.

The Companies entered into the Department of Labor's VCP in June 2017 to correct a failure to contribute the proper QNEC for various employees from 2012 through 2016. As part of their participation in this program, the Companies contributed a QNEC totaling $369,539 in 2017, which is comprised of $317,408 in missed contributions and $52,131 in lost earnings. Their participation in the program ended in March 2018 with the Plan receiving a "compliance statement" from the Internal Revenue Service.

NOTE J – SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 14, 2018, which is the date the financial statements were available to be issued, and has determined there are no additional adjustments or disclosures required.
