1. Plan Description

The following brief description of the BH Media Group 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2013 to provide retirement benefits for the employees of BH Media Group, Inc. and its subsidiaries and affiliates (the "Companies"). The Plan covers all of the employees of the Companies. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of December 31, 2017 and 2016, participating employers included: BH Media Group Inc., Catamaran Media Company, LLC, and an affiliated company, WPLG, Inc.

Employees are eligible to make salary reduction and after-tax Roth contributions and receive discretionary matching and profit sharing contributions after completing one month of service. Eligible employees become Plan participants on the first day of the month following the date on which the entry requirements are fulfilled.

Contributions

Participants may make voluntary salary contributions up to 100% of their annual compensation, subject to the maximum dollar amounts allowable by law. Participants are automatically enrolled with an initial 4% deferral contribution. Effective January 5, 2017, the plan added the automatic deferral increase as a part of the automatic enrollment provision. For participants who are automatically enrolled on or after January 5, 2017, deferral amounts will be increased annually by 1% as a pre-tax deferral contribution until a rate of 8% is reached. At any time, a participant can elect not to contribute or may increase or decrease his or her deferral rate to any rate allowed under Plan provisions. Participants may also contribute amounts representing distributions from other qualified plans. The Companies' discretionary matching contributions for 2017 and 2016 ranged from 50% to 100% of the elective deferrals up to a maximum of 2% to 6% of the participant's annual eligible compensation. Additional profit sharing contributions may be made at the discretion of the Companies. The Companies' made discretionary profit sharing contributions to a specific employee group of $906 and $0 for 2017 and 2016 , respectively. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year are eligible to make catch up contributions, subject to the maximum dollar amounts allowable by law.

Participant Accounts

Each participant's account is credited or debited with the participant's contributions and an allocation of a) the Companies' discretionary matching contributions, b) the Companies' discretionary profit sharing contributions, c) plan earnings or losses d) transaction based fees and e) plan administration fees. The Companies' discretionary matching contributions are allocated to participants based on each eligible participant's elected salary deferral. The Companies' discretionary profit sharing contributions are allocated based upon eligible compensation of eligible participants. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Transaction based fees for optional services offered under the Plan are allocated to participants who opt for these services. Plan administration fees not paid by forfeitures (see note below) are allocated pro-rata to participant accounts. Revenue credits earned by specific investments are allocated pro-rata to participants who invest in the investments subject to credits. Investments are maintained in individual member accounts managed by Fidelity Management Trust Company (Fidelity).

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Companies' discretionary matching and discretionary profit sharing contributions credited to participants' accounts are based on years of continuous service. A participant is 50% vested after two years of credited service and fully vested after three years of credited service. Other certain vesting schedules were retained from plans merged in.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in their account during the prior twelve month period. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest are paid through payroll deductions. Participants pay a loan origination fee and an annual loan maintenance fee which is deducted from the participant's account.

Payment of Benefits

Upon normal retirement, disability, or death, the participant or beneficiary may elect to receive a lump sum or annual installment payments, equal to the value of the vested funds allocated to the participant's account. Upon termination of service for other reasons, the participant may receive a lump sum payment equal to the value of the vested funds allocated to the participant's account. If the value of the vested funds allocated to the participant's account is greater than $5,000, participants have the option of leaving their funds in the Plan. If the value of the vested funds allocated to the participant's account is between $1,000 and $5,000 the participant's account will be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. If the value of the vested funds allocated to the participant's account is less than $1,000, a distribution will be paid out to the participant in the event the participant does not elect a payout option. Benefits are recorded when paid.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability or death, the portion of their Companies' contributions not then vested shall be forfeited. The forfeited portion of any participant's account may be used to pay Plan expenses and to reduce the Companies' discretionary contributions. As of December 31, 2017 and 2016, there were $165,267 and $66,404 of forfeited, non-vested amounts available, respectively. Forfeited, non-vested amounts of $260,852 and $239,812 were used to offset employer discretionary match contributions during the years ended December 31, 2017 and 2016 , respectively. Forfeited, non-vested amounts of $19,205 and $23,298 were used to pay Plan expenses during the years ended December 31, 2017 and 2016, respectively.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Expenses

Certain professional fees of the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Recordkeeping, legal, audit, and consulting fees are paid by the Plan and are included in administrative expenses.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through August 16, 2018 noting no items requiring disclosure.

3. Information Certified by Fidelity

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental information.

The following table presents the value of the participant-directed investments in this Plan that were certified by Fidelity as of December 31:

	2017	2016
Investments at Fair Value	$ 178,688,889	$ 154,814,171
Notes Receivable from Participants	$ 2,654,489	$ 2,836,236

Fidelity also certified the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	2017	2016
Net Appreciation in Fair Value of Investments	$ 18,530,864	$ 6,950,315
Interest and Dividends from Investments	7,025,858	4,253,628
Net Investment Income	$ 25,556,722	$ 11,203,943
Interest Income on Notes Receivable from Participants	$ 119,679	$ 117,712

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the funds. The funds held are open-end funds and are registered with the Securities and Exchange Commission. These funds are required to publish its daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV of units of the collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. Participant transactions (purchases and sales) may occur daily.

Self-Directed Accounts: The self-directed brokerage accounts include investments in money market funds, mutual funds, and common stocks. The money market funds, mutual funds, and common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017.

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 170,823,567	$ -	$ -	$ 170,823,567
Common Collective Trusts	-	7,338,543	-	7,338,543
Self Directed Brokerage Accounts	526,779	-	-	526,779
Total Investments at Fair Value	$ 171,350,346	$ 7,338,543	$ -	$ 178,688,889

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016.

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 148,546,686	$ -	$ -	$ 148,546,686
Common Collective Trusts	-	5,454,505	-	5,454,505
Self Directed Brokerage Accounts	812,980	-	-	812,980
Total Investments at Fair Value	$ 149,359,666	$ 5,454,505	$ -	$ 154,814,171

The following table summarizes Level 2 Trust investments measured at fair value based on the NAV per share as of December 31, 2017 and 2016:

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trusts	$ 7,338,543	None	Daily	1 Day

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trusts	$ 5,454,505	None	Daily	1 Day

5. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014 .

6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

7. Related Party Transactions

Certain Plan investments are mutual funds managed by Fidelity. Fidelity is the custodian as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

8. Rollovers

In 2016, the Company acquired the employees of Free Lance-Star Publishing, LLC. As a result of this transaction, the acquired employees were given the option to rollover their asset balances from their prior plan. Net assets of approximately $6,600,000 were rolled over into the Plan during 2016.
