Schedule SB, line 22 - Description of Weighted Average Retirement Age

Jian Nian Dental, PC. Defined Benefit Plan 03-0448404 / 001 For the plan year 01/01/2017 through 12/31/2017

The age reported is the weighted average of the assumed retirement ages for all active participants as of the valuation date based on their funding target or target normal cost should the funding target of the plan be zero rounded to the nearest whole age. For an active late retiree, the assumed retirement age may be later than the Plan's normal retirement age. Each participant's rate of retirement is assumed to be 100% of his/her assumed retirement age.
