Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Kroenke Sports 401(k) Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established July 26, 2000. The Plan is available to substantially all non-collective bargained employees of Kroenke Sports & Entertainment, LLC and its subsidiaries (collectively, the "Company"), including Colorado Avalanche, LLC; Denver Nuggets Limited Partnership; Kroenke Arena Company, LLC; KS LAX LLC; KSE Soccer, Inc.; The Opera Shop, Inc.; KSE Media Ventures, LLC; Outdoor Sportsman Group, LLC; and W.T. Waggoner Estate. The Company administers the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees are eligible to participate in the Plan and are eligible for employer discretionary matching contributions and profit sharing contributions upon completion of three months of employment and upon attaining the age of 21. The Plan excludes employees covered by a collective bargaining agreement.

Fidelity Management Trust Company ("Fidelity") serves as trustee, manages Plan assets, and maintains the Plan's records. Fidelity offers Plan participants a variety of investment options through various mutual funds and a common/collective trust fund. Individual accounts are invested in the various investment options at the direction of the participants.

Plan Mergers

Effective August 1, 2017, the W.T. Waggoner Estate 401(k) Plan was merged into the Plan. On this date, all assets and liabilities were transferred into the Plan in the amount of $1,224,346 and employees became eligible to participate. As a result of the merger, all participants' employer contributions balances transferred with a different vesting period than the Plan. See vesting schedule below:

Years of Service	Vested Interest

2	0%
3	100%

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Plan Mergers (continued)

On January 1, 2016, The Sportsman Channel, Inc. 401(k) Plan was merged into the Plan. On this date, all assets and liabilities were transferred into the Plan in the amount of $2,045,992, and employees became eligible to participate. As a result of the merger, all participants' employer contributions (discretionary and matching) balances transferred with the same vesting period as The Sportsman Channel, Inc. 401(k) Plan. See vesting schedule below:

Years of Service	Vested Interest
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
Over 5	100%

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Contributions

Participants may make before-tax and after-tax Roth contributions up to 60% of their annual eligible compensation, as limited by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. Eligible employees who have reached age 50 during the Plan year may elect to make catch-up contributions, as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Company may make discretionary matching contributions on behalf of participants, as defined in the Plan. For the year ended December 31, 2017, there were no discretionary matching contributions. At its discretion, the Company may also make profit-sharing contributions to the Plan. No profit-sharing contributions were made to the Plan during the year ended December 31, 2017.

Participants' Accounts

Each participant's account is credited or debited with the participant's contributions and withdrawals, as applicable, and an allocation of the Company's contributions, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified matching contributions.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting (continued)

Participants become 100% vested in any employer matching contributions and the earnings or losses thereon after completing two years of service.

Participants of other plans that have merged with the Plan vest according to the vesting schedules disclosed in the *Plan Mergers* section.

Service with predecessor employers is counted for vesting purposes. Participants vest in employer profit-sharing contributions at a rate of 20% per year of 1,000 hours credited service as follows:

Years of Service	Vested Interest
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 59½ or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan) while an employee, retirement due to disability, or termination of the Plan.

Participant Loans Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Participants may have a maximum of one loan outstanding at any given time. The loans are secured by the balances in the participants' accounts and bear interest at rates that range from 4.25% to 10.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan origination, and mature at various dates through November 2027. Loans have a maximum term of five years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may not exceed ten years from the date of the loan origination. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. Loans in the amount of $20,112 were deemed a distribution during the year ended December 31, 2017.

Payment of Benefits

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump sum, partial payment, or installment payments in the amount equal to the participant's vested account balance. Benefits are recorded when paid.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payment of Benefits (continued)

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the Plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan. The IRS has required minimum distributions once a participant reaches age 70½ during the previous Plan year and is no longer employed by the Company.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses, reduce employer contributions, or shall be allocated to participants in the same manner as the employer's contribution. Forfeitures in the amount of $28,110 were applied to pay Plan expenses during the year ended December 31, 2017. The balance of this account at December 31, 2017 and 2016 was $0 and $20,205, respectively, recorded in mutual funds and the common/collective trust fund on the statements of net assets available for benefits.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's KSE Retirement Plan Committee determines the Plan's valuation policy utilizing information provided by the investment advisers, including the appointment of investment managers, and the monitoring of the performance of the Plan's investment funds. See Note 3 for discussion of fair value measurements.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The common/collective trust fund is a stable value fund that is 100% invested in the Wells Fargo Stable Return Fund, which is primarily comprised of investment contracts issued by financial institutions, including guaranteed investment contracts and security-backed investment contracts. The common/collective trust fund is valued at net asset value ("NAV") of units of the common/collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Investments in the common/collective trust fund do not have any redemption restrictions and can be redeemed daily.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets available for benefits and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by Fidelity are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

During the year ended December 31, 2017, one investment accounted for 22% of investment income. At December 31, 2017 and 2016, one investment accounted for 13% and 11% of total investments at fair value, respectively.

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 2 - Assets Certified by the Trustee

Fidelity has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2017 and 2016 and the income earned or losses incurred thereon for the year ended December 31, 2017, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the asset information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis.

As of December 31, 2017:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 56,714,807	$ -	$ -	$ 56,714,807
Investments measured at NAV*				3,099,060
Total investments at fair value				$ 59,813,867

As of December 31, 2016:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 45,365,118	$ -	$ -	$ 45,365,118
Investments measured at NAV*				3,657,303
Total investments at fair value				$ 49,022,421

* Investments measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to total investments at fair value.

There were no changes to the valuation techniques used during the period.

Note 4 - Income Taxes

The Plan did not obtain a plan-specific determination letter, as it operates with the trustee's opinion letter, which was issued on the basic Plan document dated March 31, 2014. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are mutual funds, which are managed by Fidelity. Fidelity is the asset trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions, for financial reporting purposes, differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2017 due to excess contributions payable at December 31, 2017 and the accrual of employee contributions receivable at December 31, 2016.
