**HOERBIGER U.S. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

NOTE 1. DESCRIPTION OF PLAN

The following description of the Hoerbiger U.S. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Hoerbiger America Holding, Inc., Hoerbiger Corporation of America, Inc., Hoerbiger Automotive Comfort Systems, LLC, Hoerbiger Service, Inc., Altronic LLC, and IEP Technologies, LLC, (collectively, the “Company”) who have three months of service and are age 20½ or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, and monitors investment performance. The Investment Committee has engaged the services of an investment advisor to assist with this aspect of the Plan.

Contributions

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their initial deferral rate set at 6% of eligible compensation and annual automatic 1% increases of their deferral rate up to 10%. Their contributions are invested in a target date fund based on their retirement age until changed by the participant. The Company contributes 65% of the first 6% of eligible compensation that a participant contributes to the Plan. The Company, at its discretion, may declare and fund a retirement plan contribution, (“RPC”). The Company declared a RPC of \$1,616,276 (net of forfeitures of \$55,043) for the plan year 2017 which was funded to the Plan in July 2018. The Company did not declare any RPC for the plan year 2016. Contributions are subject to certain limitations.

Contributions from participants are recorded when payroll deductions are made. The Plan is required to return contributions received during the Plan year in excess of the Internal Revenue Service (“IRS”) limits. Participants’ pre-tax contribution limit is \$18,000 for 2017 and 2016. Participants who have attained the age of 50 during the calendar year are eligible to make catch-up contributions to the Plan. The IRS limit for the catch-up contribution amount is \$6,000 for 2017 and 2016.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions and Plan’s investment results. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Upon distribution of the account to a participant who separates from service before vesting, the portion of the account attributable to the Company’s contributions is forfeited. Forfeited balances of participants’ nonvested accounts are used to reduce future Company contributions or pay administrative expenses of the Plan.

**HOERBIGER U.S. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

NOTE 1. DESCRIPTION OF PLAN (continued)

Investment Elections

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance contract as investment options for participants. A participant may change such allocation at any time directly with the Plan's record keeper. All employer contributions are allocated in the same allocation percentages as the employee's contribution.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributed portions of their account plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after completion of two years, and 100% vested after the completion of three years of credited service.

Notes Receivable From Plan Participants

Notes receivable from participants consist of participant loans that are secured by the balance in the participant account. A participant is only entitled to make a withdrawal from his or her account prior to separation from service if the participant qualifies for a hardship withdrawal or a participant loan. Each participant may have only one loan outstanding at any give time. The Plan's loan feature allows participants and beneficiaries to borrow up to a maximum amount equal to the lesser of \$50,000 or 50% of their accrued vested benefit. The loans bear interest at rates ranging from 4.25% to 5.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Loan terms range from 1 to 5 years or may exceed 5 years for the purchase of a primary residence.

Payment of Benefits

A participant's vested account balances are payable upon termination, retirement, disability, death, approved hardship, or no later than April 1st following the participant's attaining age 70-1/2. Participants have several options for receiving benefits, including a lump-sum payment, installment payments, or an annuity.

Forfeited Accounts

Forfeitures of nonvested participant account balances are included in the unallocated account of the Plan and can be used to pay administrative expenses of the Plan and/or to reduce contributions otherwise required of the employer. At December 31, 2017 and 2016, unallocated forfeited accounts totaled \$79,604 and \$139,296, respectively. Forfeitures totaling \$143,314 were used to reduce required Company matching contributions during 2017.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

HOERBIGER U.S. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis with dividends recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Plan Participants

Notes receivable from Plan participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If any scheduled loan repayments remain outstanding for greater than 90 days, the participant loan will be placed in default, at which time the participant can elect from certain remediation options, including distribution. If no remediation occurs, the loan is reported as a deemed distribution. No allowance for credit losses has been recorded as of December 31, 2016 and 2017.

Benefit Payments

Benefits are recorded when paid. At December 31, 2017 there were no amounts allocated to accounts of persons who had elected to withdraw from the Plan, but had not been paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, distribution processing, mailing fees, and plan service charges are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means;

HOERBIGER U.S. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

NOTE 3. FAIR VALUE MEASUREMENTS (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Mutual funds:* Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Personal Choice:* Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.
- *Common collective trust funds:* Valued at the net asset value per unit, as a practical expedient, as determined by the common collective trust as of the valuation date. The net asset value of the fund is calculated daily and distributions from net investment income and net realized gains are retained by and reinvested by the fund. The investments in the common collective trusts are primarily comprised of indirect investments in fully-benefit responsive contracts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the Plan's net assets at December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:
