1. Description of the Plan

The following description of The Hess Collection 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing and safe harbor 401(k) plan covering all of the employees of The Hess Collection Winery (collectively, the "Plan Sponsor"). Employees of the plan sponsor are eligible to participate in the Plan if they are at least 21 years old and have completed at least 500 hours of service during the first six months of employment. Employees of any employer acquired as part of a code 410(b) (6) (C) transaction are excluded from participating into the Plan. Participants may begin deferring a portion of their compensation into the Plan following eligibility.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions to the Plan

Participants may contribute a portion of their compensation to the Plan subject to certain non-discrimination restrictions and to an annual limitation of $18,000 for 2017 ($24,000 for those participants who are age 50 or over). Roth contributions are also permitted under the Plan.

The plan sponsor has adopted the safe harbor matching provision whereby eligible participants receive 100% of applicable employee deferrals up to 6% of employee compensation per pay period. The plan sponsor is also permitted to make discretionary profit sharing contributions under the Plan. For 2017, the plan sponsor elected to forego a profit sharing contribution.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are vested immediately in their contributions, safe harbor matching contributions plus actual earnings thereon. Participants vest in all other plan sponsor contributions in ratable installments of 20% per year starting in the second year of service. Forfeitures are used to reduce the plan sponsor contributions and to pay plan administrative expenses. At December 31, 2017 and 2016, forfeitures available to reduce the plan sponsor contributions and to pay plan administrative expenses were $44. During the year ended December 31, 2017, no forfeitures were used to pay the plan fees or to offset employer contributions.

Payments of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at normal retirement (age 65), early retirement (age 55), disability, death, hardship or termination of employment. In-service distributions are permitted under the Plan providing the participant has attained age 59½. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum payment. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account balance is $1,000 or less. If the value of the vested account balance is greater than $1,000 but equal to or less than $5,000 the account will be converted to an automatic rollover.

Retired participants must begin receiving a distribution of their account balance no later than April 1 of the year following the year the participant turns age 70½.

Notes Receivable from Participants
The Plan permits participants to receive a loan up to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000 and participants may have only one loan at a time. Loans bear an interest rate of 1 percent above prime rate determined on the date of the advance by the plan administrator. Loans generally must be repaid within five years, longer for qualified residential loans. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. Accordingly, the interest participant's pay on their loans will be directly credited their account. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
The Plan was without amendment during 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through September 16, 2018, the date the financial statements were available to be issued.

3. Certification of Assets

Reliance Trust Company ("Reliance") and Massachusetts Mutual Life Insurance Company ("MassMutual"), serve as the trustee and custodian of the Plan's assets. In their capacities, they held the Plan's investment assets and executed investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certifications from the trustee and custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that all investment information supplied to the plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2017 and 2016, and interest, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2017, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2017:

	Level 1	Total
Mutual Funds	$ 15,795,732	$ 15,795,732
Total assets in the fair value hierarchy	15,795,732	15,795,732
Guaranteed investment contract measured at net asset value	-	930,380
Total investments at fair value	$ 11,546,766	$ 16,726,112

Assets at Fair Value as of December 31, 2016:

	Level 1	Total
Mutual Funds	$ 12,690,637	$ 12,690,637
Total assets in the fair value hierarchy	12,690,637	12,690,637
Guaranteed investment contract measured at net asset value	-	1,194,771
Total investments at fair value	$ 11,546,766	$ 13,885,408

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: A guaranteed investment contract that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value (contract value) as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The plan sponsor has adopted the MassMutual Volume Submitter Profit Sharing Plan. The Volume Submitter plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Volume Submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested.

7. Related Party Transactions

Reliance Trust Company ("Reliance") and Massachusetts Mutual Life Insurance Company ("MassMutual"), serve as the trustee and custodian of the Plan's assets. All transactions with them qualify as party-in-interest transactions.

Mass Mutual provides certain administrative services to the Plan pursuant to an agreement between the Company and Mass Mutual. Mass Mutual receives revenue from mutual funds and collective trust fund service providers for services Mass Mutual provides to the funds. This revenue is used to offset certain amounts owed to Mass Mutual for its administrative services to the Plan.

Fees incurred by the plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling $1,305 to the plan's third party administrators, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the plan's operations.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
