1. Summary of Significant Plan Provisions

The following description of the Hord Personnel Services, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan’s provisions.

- a. **General** – The Plan is a defined contribution plan for the benefit of employees of Hord Personnel Services, Inc., leased to Hord Family Farms, LLC, Hord Elevator, LLC and Hord Livestock Company, Inc. (collectively, the “Employer”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).
- b. **Eligibility** – Each employee is eligible to participate in the Plan provided the employee has obtained the age of 21 and completed 90 days of service. Plan entry dates are January 1, April 1, July 1 and October 1.
- c. **Contributions** – Participants may contribute through payroll deductions and rollover contributions. Each new participant entering the Plan shall automatically contribute 3% of eligible compensation unless an election is made not to participate or to defer a different percentage of eligible compensation. The Employer may make a matching contribution at its discretion. During the year ended December 31, 2017, the Employer made matching contributions equal to 50% of a participant’s elective deferrals with a maximum Employer contribution of 3% of a participant’s eligible compensation. The Plan contains provisions as to the maximum annual additions that can be made to a participant’s account.
- d. **Participant accounts** – Each participant’s account is credited with the participant’s contributions and allocations of (a) the Employer’s contributions and (b) Plan earnings/losses and is charged with applicable withdrawals and an allocation of any administrative expenses. Allocations are based on the participant’s compensation, contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- e. **Vesting** – Participants are, at all times, fully vested with respect to their contributions plus earnings/losses thereon. With respect to Employer contributions, the vested benefits attributable to a participant shall be fully vested and nonforfeitable upon death, upon becoming disabled or upon reaching early retirement age, as defined in the Plan document.

Notes to Financial Statements

December 31, 2017 and 2016

1. Summary of Significant Plan Provisions (cont.)

If a participant terminates employment other than because of death, disability or retirement, they are entitled to a vested portion of contributions made by the Employer plus earnings/losses thereon according to the following schedule:

<u>Years of Service</u>	<u>Percentage of Account Vested</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or greater	100%

- f. **Investment options** – Upon enrollment in the Plan, a participant may direct contributions into the investment options offered under the Plan. Participants may change their investment selections at any time.
- g. **Forfeitures** – The portion of the participant's account to which they are not entitled upon termination of participation is deemed a forfeiture. Forfeitures shall be used to pay plan expenses or to offset the Employer's contribution. Forfeitures of approximately \$3,500 were used to pay Plan expenses for the year ended December 31, 2017. Forfeitures available for future use amounted to approximately \$24,000 as of December 31, 2017. There were no forfeitures available for future use as of December 31, 2016.
- h. **Payment of benefits** – Upon termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account. If the participant's account balance is equal to or less than \$5,000, the balance will be automatically distributed. Any distribution greater than \$1,000 that is made to a participant without the participant's consent will be rolled over to an individual retirement plan designated by the Plan administrator. Participants who meet certain age requirements or have a financial hardship may request an in-service withdrawal. Benefits shall be paid as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.
- i. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Notes to Financial Statements**December 31, 2017 and 2016****2. Summary of Significant Accounting Policies**

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.
- b. **Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.
- c. **Investment valuation and income recognition** – Investments are reported at fair value. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

- d. **Payment of benefits** – Benefits are recorded when paid.
- e. **Administrative expenses** – Administrative expenses charged to the Plan are allocated to the participants' accounts. Fees for distributions are charged directly to the participants' account. Other plan expenses paid by the Employer are excluded from these financial statements.

3. Investments

Notes to Financial Statements**December 31, 2017 and 2016****3. Investments (cont.)**

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

4. Fair Value Measurements (cont.)

Common collective trust fund: This investment is valued based on the net asset value (“NAV”) of units held by the Plan at year-end, as calculated by the issuer. The NAV is calculated based on the fair value of the underlying assets owned by the common collective trust fund, minus its liabilities, divided by the number of units outstanding. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table below sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Notes to Financial Statements**December 31, 2017 and 2016****4. Fair Value Measurements (cont.)**

*In accordance with Financial Accounting Standards Board Accounting Standards Codification 820-10, "Fair Value Measurement - Overall," certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

The following table summarizes investments for which fair value is based on the NAV practical expedient:

	<u>Fair Value as of December 31,</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>2017</u>	<u>2016</u>

5. Tax Status

The volume submitter plan document the Plan is utilizing received an opinion letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated the document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). As permitted by the IRS, the Plan is relying on the opinion letter on the volume submitter plan document for its own qualification. Although the volume submitter plan document has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest Transactions

Ascensus is the custodian and third party administrator of the Plan. The Plan paid \$26,252 in administrative fees to Ascensus during the year ended December 31, 2017. Inasmuch as Ascensus serves as the custodian of the Plan, Ascensus is by definition a party-in-interest. As a result, all related transactions were with a party-in-interest. All of these transactions are exempt from being prohibited transactions under ERISA.

Notes to Financial Statements**December 31, 2017 and 2016****7. Subsequent Events**

Effective January 1, 2018, employee deferrals will automatically increase for participants who were automatically enrolled in the Plan by one percent (1%) each January 1, up to a maximum of nine percent (9%). Additionally, each employee is eligible to participate in the Plan, provided the employee has obtained the age of 18 and completed 90 days of service.

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2017 financial statement date and determined there were no additional significant events, other than noted above, necessary for disclosure through September 17, 2018, which is the financial statement issuance date.
