401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

1. Description of Plan

The following description of the Windham Professionals, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Windham Professionals, Inc. (the Company) who have completed one year of service, as defined, and are age eighteen or older. All employees of the Company are eligible to participate in the Plan except employees who are union employees, nonresident aliens or residents of Puerto Rico. Employees are eligible to participate in the Plan on the first day of the month coinciding with or next following the date in which the employee completes the eligibility requirements. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Effective January 1, 2016, the Plan was amended and restated to bring the Plan into compliance with certain regulations of the *Pension Protection Act of 2006* that were required to be implemented by April 2016. This amendment did not have a significant impact to the Plan.

Effective January 1, 2017, Angell Pension Group was named the Plan Administrator.

Contributions

Each year, participants may elect to contribute a portion of their eligible compensation, as defined in the Plan, on a pretax basis or a post-tax basis (Roth) up to the maximum allowable under federal tax limitations. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants may revoke salary deferral elections at any time or make other modifications at any time, which will be effective on the first day of the pay period in which the election was made.

Effective January 1, 2016, the Plan was amended to implement an automatic enrollment provision. Under this amendment, 2% of an eligible participant's compensation is deferred, unless the participant signs a salary reduction agreement specifically electing another amount or opts out of the Plan. Effective January 1, 2017, the Plan was amended to increase the automatic enrollment deferral rate from 2% to 3% of an eligible participant's compensation.

Each year, the Company may elect to make a discretionary matching employer contribution to the Plan. The Company made matching contributions related to the 2017 Plan year in an amount equal to 100% of the eligible participant's elective contribution, not to exceed \$500. The Company made matching contributions of \$298,358 in 2017. The Company may also elect to make a discretionary profit sharing employer contribution each year based on the allocation formula as outlined in the Plan document. The Company made discretionary profit sharing employer contributions totaling \$701,738 related to the 2017 Plan year (after consideration of forfeitures applied). Participants must also be employed on the last day of the Plan year to receive the discretionary profit sharing employer contribution. Effective January 1, 2017, the Plan was amended to remove the hours of service requirement and the requirement to be employed on the last day of the Plan year related to the discretionary matching employer contributions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

1. Description of Plan (Continued)

Rollover contributions are subject to conditions stated in the Plan and in the appropriate sections of the Internal Revenue Code (the Code).

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and earnings or losses thereon. Employer matching contributions and employer profit sharing contributions are vested as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
2	20
3	40
4	60
5	80
6	100

Participants are 100% vested upon disability or death, as defined by the Plan.

Investment Options

All contributions to the Plan are invested in the various investment options offered by the Plan at the election of the participants. Each participant selects the fund(s) to which contributions will be allocated.

Notes Receivable from Participants

Effective January 1, 2014, participants are no longer allowed to borrow from their accounts. Prior to January 1, 2014, participants could borrow from their account a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Generally, the term of the notes receivable was up to 5 years, except where proceeds were used to purchase a primary residence as these may have had terms longer than 5 years. The notes receivable are secured by the balance in the participant's account and bear interest at fixed rates as determined by the Plan Administrator as a reasonable rate of interest. The interest rate on outstanding notes was 4.25% at December 31, 2017 with various maturities through July 2020. Principal and interest are paid ratably through bi-weekly payroll deductions.

Plan Expenses

The Company pays certain expenses incurred in the administration of the Plan.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

1. Description of Plan (Continued)

Payment of Benefits

The Plan provides for participants to withdraw their funds at any time upon attainment of the normal retirement age as stated in the Plan document. Such withdrawals are based on the vested amount in the participants' accounts as of the valuation date coinciding with or immediately after the participant's retirement date. The Plan allows for single lump-sum payments. The Plan also provides for withdrawals in the event of death, disability, hardship or termination as provided for in the Plan document. The Plan also allows for in-service withdrawals once the participant reaches 59½. The Plan provides for the automatic direct rollover to an IRA account for terminated participants for balances of not more than \$5,000, unless directed otherwise by the participant.

Forfeitures Account

Forfeitures balances of terminated participants' nonvested accounts are used to either pay Plan administrative expenses or reduce any employer contributions. At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$183,966 and \$9,380, respectively. During 2017, \$52,116 of forfeitures were used to pay Plan expenses and \$63,262 of forfeitures were used in 2018 to reduce the employer contributions receivable at December 31, 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Contributions

Participant contributions are recorded in the period in which payroll deductions are made. Company discretionary matching and profit sharing contributions are recorded in the year for which the related employee service was performed.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the loan is deemed defaulted in accordance with the Plan document, the participant loan balance is reduced and a benefit payment is recorded.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator or the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See note 8 for disclosure of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes the Plan's gains or losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by Plan management to determine whether such events should be recognized or disclosed in the financial statements. Plan management has evaluated subsequent events through September 25, 2018, which is the date these financial statements were available to be issued.

Effective January 1, 2018, the Plan was amended to increase the automatic deferral rate for new and existing participants whose current contribution rate is less than 4% of eligible compensation or had opted out previously from 3% to 4% of an eligible participant's compensation, unless the participant signs a salary reduction agreement specifically electing another amount or opts out of the Plan.

Effective July 1, 2018, the Company acquired Professional Collection, LLC (ProCo) through an asset purchase agreement. ProCo employees who met the eligibility requirements for the Plan could become participants in the Plan on the purchase date. The ProCo employees' prior years of service with ProCo was honored for entering this Plan and for vesting purposes.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

3. Tax Status

The Plan is subject to ERISA and certain provisions of the Code. The Plan adopted a volume submitter form of a plan sponsored by The Angell Pension Group, Inc. The volume submitter plan has received an opinion letter from the Internal Revenue Service dated September 30, 2014, as to the volume submitter's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and is tax-exempt as of the financial statement date. The Plan Administrator has indicated that it will take necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management evaluated the tax positions taken by the Plan, and have concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

5. Party-in-Interest Transactions

The Plan invests in a money market fund and mutual funds issued by The Vanguard Group, Inc. (Vanguard). Vanguard serves as the recordkeeper for the Plan and outsources this service to Ascensus, Inc., the parent company of Ascensus Trust Company, who serves as the trustee for the Plan. Transactions with these parties qualify as party-in-interest; however, they are exempt from the prohibited transaction rules under ERISA. Certain direct expenses charged to the Plan and paid to these parties totaled \$81,722 during 2017. Fees incurred by the Plan for investment management and certain administrative services are included in net appreciation/depreciation in fair value of investments on the statement of changes in net assets available for benefits, as they are paid through revenue sharing, rather than direct payment. In addition, loans to participants qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

6. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedules. The Plan Administrator has obtained certifications from the trustee stating that the information provided to the Plan Administrator by the trustee is complete and accurate. Such information includes investments, investment income/loss, including interest and dividends and net appreciation/depreciation in fair value of investments, investment transactions, notes receivable, interest income on notes receivable and notes receivable transactions.

7. Excess Contributions

Contributions determined to be in excess of maximum contribution levels for certain participants are refunded in the subsequent Plan year. Excess contributions for Plan year 2017 refunded in the 2018 Plan year were \$6,000. Excess contributions for Plan year 2016 refunded in the 2017 Plan year were \$32,993.

8. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy based on the lowest level of any input that is significant to the fair value measurement. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

8. Fair Value Measurements (Continued)

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities. All assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market fund and mutual funds: Valued at quoted net asset value of shares held by the Plan at year end which are traded in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
