NOTE 1 - PLAN DESCRIPTION:

The following brief description of the Windy City Wire 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all employees of Windy City Wire, Cable and Technology Products, LLC (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to annual IRS limitations. Participants may also contribute amounts representing distributions from other qualified plans. The Company matches 25% of the first 5% of elective employee contributions to the Plan not to exceed 2.5% of the employee's compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants age 50 and over are also allowed to make "catch up" contributions. Additional amounts may be contributed by the Company at the option of the Company's Board of Directors and such contributions of $159,883 and $146,291 were made in the years ended December 31, 2017 and 2016, respectively.

Participants' Accounts

Each participant's account is credited with the employee's contribution, an allocation of the Company's contribution, plan earnings, and an allocation of any administrative expenses. The Company's contribution, exclusive of the 401(k) match, and forfeitures are allocated based upon each participant's compensation, as defined. Plan earnings are allocated in proportion to each participant's account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service, unless separation due to death, disability or retirement occurs, in which case participants are immediately vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Interest is payable at rates available for similar loans from commercial lending institution. Principal and interest is repaid ratably through regular payroll deductions.

NOTE 1 - PLAN DESCRIPTION (CONT'D):

Payment of Benefits

Upon termination of service, a participant may elect to receive their vested account balance as a lump sum distribution or a rollover into another qualified plan.

Forfeitures

Forfeitures of terminating participants will be used to pay Plan expenses. Any remaining forfeitures will be used to reduce the Company's subsequent contributions to the Plan. At December 31, 2017 and December 31, 2016, forfeited non-vested accounts totaled $27,001 and $0, respectively.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan payments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Putnam Stable Value Fund

At December 31, 2017, the Plan owned units in Putnam Stable Value Fund and Putnam Stable Value Fund GM (referred collectively as PSVF). PSVF holds investments in fully benefit-responsive investment contracts through a collective trust fund. In addition, PSVF holds investments in money market and other similar short-term investments. The investment contracts within PSVF are valued at contract value, as described above. The other investments within PSVF are valued at cost plus accrued interest which approximates fair value. At December 31, 2017, the weighted average market yield was 2.21%, and the weighted average crediting interest rate was 2.32%.

Principal Fixed Income Guaranteed Option

In 2011, the Plan entered into a benefit-responsive group annuity contract, Principal Fixed Income Guaranteed Option, in which Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The weighted average credit interest rate was 1.13% for the year ending December 31, 2017. As indicated in Note 4, in connection with the change in service provider, the assets were transferred into other funds on October 15, 2017. As described above, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. There were no reserves against the contract value for credit risk of the contract issuer or otherwise.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's recordkeeping expenses are paid by the Plan. The Company pays all other administrative expenses and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission.

Level 2 Fair Value Measurements

The fair value of funds investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs.

Level 3 Fair Value Measurements

Valuations are observed from unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Total	Level 1	Level 2	Level 3
December 31, 2017				
Mutual funds	$ 10,693,084	$ 10,693,084	$ -	$ -
Total	$ 10,693,084	$ 10,693,084	$ -	$ -

NOTE 3 - FAIR VALUE MEASUREMENTS (CONT'D):

December 31, 2016	Total	Level 1	Level 2	Level 3
Common/collective trusts	$ 4,870,859	$ 4,792,189	$ 78,670	$ -
Pooled separate accounts	941,187	797,761	143,426	-
Mutual funds	2,399,845	2,399,845	-	-
Total	$ 8,211,891	$ 7,989,795	$ 222,096	$ -

NOTE 4 - INVESTMENTS:

On April 20, 2017, the custodian and record keeper for the Plan was changed from Principal Financial Group to Bank of America, N.A. All of the assets were transferred on that date with the exception of the assets held in the Principal Fixed Income Guaranteed Option, which was transferred on October 15, 2017.

The December 31, 2017 and December 31, 2016 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustees in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total assets of $12,017,650 at December 31, 2017 and $9,407,294 at December 31, 2016, and related income of $1,403,993 for the year ended December 31, 2017.

NOTE 5 - RELATED PARTY TRANSACTIONS:

During 2017 and 2016, the Plan invested in various funds managed by Principal Financial Group, the trustee and record keeper of the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 6 - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants become fully vested in their accounts.

NOTE 7 - INCOME TAX STATUS:

The Internal Revenue Service has determined and informed the Company by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

NOTE 8 - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS:

Subsequent events were evaluated through September 27, 2018 which is the date the financial statements were available to be issued.
