MEYER TOOL 401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and December 31, 2016

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Meyer Tool 401(k) and Profit Sharing Plan is provided for general information purposes only. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan document for more complete information.

General

The Plan was established January 1, 1984. AMK Welding was acquired by Meyer Tool, Inc. in January of 2017. All employees of AMK Welding who were eligible to participate in the Plan were eligible upon the date of acquisition. All employees of Meyer Tool, Inc. ("Company") who have reached age 18 and have completed at least three months of service are eligible to participate in the Plan.

Contributions

A participant may authorize contributions up to the annual maximum amount permitted by the Internal Revenue Service through payroll deductions. Profit sharing contributions are discretionary and can be made up to a percentage of the participant's total compensation as long as the participant was employed at the end of the year. The Company did not make a profit sharing contribution for 2017. The Company also makes a discretionary matching contribution which historically has been a percentage of participants' contributions up to a percentage of their salary deferral. In 2016 and 2017 the Company contributed 10% of the first 4% of employee compensation that a participant contributes to the Plan. Participants may allocate contributions made to their account in any of the investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's matching contributions, and an allocation of the profit sharing contribution and investment income or loss. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Fidelity Management Trust Company has been assigned the administrative function of maintaining separate accounts of the participants as provided by the Plan. Fidelity Management Trust Company has no discretionary authority or responsibility to make sales investments and reinvestments. Under the direction of the participants, Fidelity Management Trust Company invests the individual participant accounts in any or all of the Plan's investment options as selected by the participant.

Vesting

Participants are vested in Company contributions based on the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	10%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are 100% vested in their own contributions at all times.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2017 and December 31, 2016

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their 401K participant account balance. The loans are secured by the balance in the participant's account and bear interest at a prevailing interest rate, which is commensurate with local prevailing rates as determined quarterly by the plan administrator at the time of the loan. Interest is charged until the loan is repaid and loans are not placed on nonaccrual status. Loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized at the time payment is made. Principal and interest is paid ratably through payroll deductions and is credited to each participant's account balance. Loans are considered past due when scheduled payments are more than 30 days behind the original loan agreement payment schedule.

Payment of Benefits

Participants may receive a single lump-sum payment of their vested account balance or make a partial withdrawal of their vested account balance upon retirement. Normal retirement age is 65 years. In the event of a participant's death, any remaining balance will be paid to designated beneficiaries.

Administrative Expenses

Certain expenses for administering the Plan are paid by the Company. The Company provides the Plan with certain accounting and administrative services for which no fee is charged.

Forfeitures

Forfeited nonvested accounts totaled \$18,743 at December 31, 2016 and \$57,559 at December 31, 2017. Current forfeiture additions during the 2017 Plan year totaled \$38,816. These accounts are used to reduce future employer contributions.

Plan Amendments

On March 3, 2017, the Plan was amended to change automatic enrollment to 6%.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting and conform to the accounting requirements of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. The investments are not covered by federal insurance.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2017 and December 31, 2016

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

During 2017, the plan sponsor incurred a change in accounting estimate. Every plan year, the sponsor estimates an amount that will be contributed for the profit sharing contribution into the Plan which is then recorded as an employer receivable, to be contributed to the Plan on September 15th of the following year. In 2016, the Plan recorded a receivable of \$675,000 for the employer profit sharing contribution. The estimate of the amount to be contributed changed and on September 15, 2017 the plan sponsor contributed \$474,000 for the Plan year 2016. The sponsor made a decision to not make a profit sharing contribution for the plan year 2017. Therefore, there is a \$0 balance for the employer receivable at December 31, 2017 and the employer contribution on the statement of changes in net assets was reduced by \$675,000. The profit sharing reduction combined with the employer match contribution resulted in a net employer contribution balance of (\$1,577) on the statement of changes in net assets at December 31, 2017.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3- PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, participants will become fully vested in Company contributions and the trustee may commence payments of benefits, pursuant to the terms of the Plan.

NOTE 4- INCOME TAX STATUS

The Plan has adopted a standardized prototype plan sponsored by Fidelity Management Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2014. There are currently no audits for any tax periods in progress.

NOTE 5- TRANSACTIONS WITH PARTIES-IN-INTEREST

All of the Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest. Fees paid to Fidelity Management Trust Company amounted to \$79,166 for the year ended December 31, 2017.

NOTE 6- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9- FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the plan are considered to be actively traded. The fair values of common stock are based on the closing price reported on the active market where the individual securities are traded.

NOTE 10- CORRECTIVE ACTIONS

For the 2017 audit, it was noted that the Plan sponsor failed to withhold elected deferrals for an eligible participant. The result of not fully operating the Plan according to the Plan document is not known at this time. No amount has been accrued or recorded in the financial statements because the amount has not been determined. Plan management is in the process of correcting the issue.

NOTE 11- SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through September 25, 2018, the date the financial statements were available to be issued.
