SOUTHERN ILLINOIS
BANCORP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

Note A – Description of Plan

The following description of Southern Illinois Bancorp, Inc. 401(k) Plan (Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of the Company. All employees are immediately eligible to participate in the Plan. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Capital Bank & Trust is the trustee of the Plan.

The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

1. *Contributions*. Each year, participants may contribute amounts up to the annual maximum as set forth by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a discretionary amount equal to 100 percent of the first 2 percent of eligible compensation that a participant contributes to the Plan. Contributions are subject to certain limitations.

2. *Participant Accounts*. Each participant's account is credited with the participant's contributions and the Company's matching contribution as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

3. *Vesting*. Participants are immediately vested in their contributions and employer contributions plus actual earnings thereon.

Note A – Description of Plan (Concluded)

4. *Payment of Benefits*. On termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may request a hardship withdrawal of a portion of their account balance attributable to participant deferrals. Any hardship withdrawal is limited to amount needed to meet the financial need.

5. *Forfeited Accounts*. At December 31, 2017 and 2016, forfeited non-vested account totaled $6,085 and $6,051, respectively. These accounts can be used to reduce employer contributions. During 2017 and 2016, no forfeited amounts were used to reduce employer contributions.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for a discussion of fair value measurements.

Purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B – Summary of Significant Accounting Policies (Concluded)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to investment advisory services are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Subsequent Events

The Plan has evaluated subsequent events through July 24, 2018, the date which the financial statements were available to be issued.

Note C – Income Tax Status

Effective August 1, 2015, the Plan adopted a nonstandardized form of a prototype plan sponsored by American Funds Distributors, Inc. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status; however, for adopters of the nonstandardized version of the Plan, such opinion letter cannot be relied upon by the adopting Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and; therefore, believe that the Plan is qualified and the related trust is tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

SOUTHERN ILLINOIS
BANCORP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

Note D – Information Certified by Trustee

The following fair value of investments and appreciation of investments included in the accompanying financial statements and schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2017	2016
Investments, at fair value		
Mutual Funds	$5,995,469	$ 5,833,972
	$5,995,469	$ 5,833,972

The aggregate net investment income allocated to the Plan from Capital Bank & Trust for the years ended December 31, 2017 and 2016, respectively were as follows:

	2017	2016
Interest and dividend income	$ 280,392	$ 160,089
Net appreciation (depreciation) in fair value of investments		
Mutual Funds	600,211	183,900
Other income	11,847	15,515
Net investment income	$ 892,450	$ 359,504

Note E – Related Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of mutual funds managed by American Funds, a subsidiary of The Capital Group Companies, Inc. Capital Bank & Trust Company, also a subsidiary of The Capital Group Companies, Inc., is the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

American Funds provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and American Funds. American Funds receives revenue from mutual funds service providers for services American Funds provides to the funds. This revenue is used to offset certain amounts owed to American Funds for its administrative services to the Plan.

If the revenue received by American Funds from such mutual fund service providers exceeds the amount owed under the MSA, American Funds remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2017 and 2016, excess amounts that were allocated to the accounts of the participants totaled $11,847 and $15,515, respectively and have been included on the statement of changes in net assets available for benefits with other income. The Plan or Plan Sponsor may make a payment to American Funds for administrative expenses not covered by revenue sharing.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note G – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note H – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note H – Fair Value Measurements (Concluded)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds:	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

	Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
As of December 31, 2017
