Independent Auditor's Report

To the Board of Trustees
Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust

We have audited the accompanying financial statements of Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) and the supplemental Schedule H, line 4j – Schedule of Reportable Transactions as of and for the year ended December 31, 2017 are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental Schedules of Administrative Expense are presented for the purpose of additional analysis and are not a required part of the financial statements. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NORTHWESTERN OHIO PLUMBERS AND PIPEFITTERS
RETIREMENT PLAN AND TRUST

Notes to Financial Statements
Years Ended December 31, 2017 and 2016

Note 1 - Description of the Plan

The following description of the Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust (Plan) is a multi-employer defined contribution pension plan covering eligible members of the Northwestern Ohio Plumbers and Pipefitters Local No. 50 Union (Union) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Contributions are made by employers pursuant to terms and conditions of collective bargaining agreements with the Union, based upon negotiated rates per hour paid.

Participant Accounts

Individual account balances are maintained for each participant and are participant directed. The account value includes the employer contributions earned by the participant and received by the Plan plus or minus the earnings and gains and losses from the individually selected investments of the Plan, net of expenses. Participants are 100% vested in their individual accounts upon completion of one hour paid.

Normal Retirement Benefits

Participants qualify for normal retirement upon attaining age 65. At this date, a participant's individual account balance can be used to purchase a "joint and survivor annuity" contract from an insurance company (or a "single life annuity" contract if the participant is not married) which will provide a monthly benefit payment for the rest of the participant's life and, upon the death of the participant, will provide a reduced monthly benefit to the participant's surviving spouse. A retired participant can elect instead to receive benefits in the form of a lump sum payment or in monthly payments directly from the participant's individual account balance until the account balance is exhausted.

If a participant's individual account balance is not more than \$5,000, the annuity contract benefit option is not available.

Years Ended December 31, 2017 and 2016

Note 1 - Description of the Plan (continued)

Early Retirement Benefits

Participants qualify for early retirement upon attaining 55 years of age. Early retirement benefits are paid in the same manner as normal retirement benefits, with participants able to elect an annuity contract benefit, a lump-sum payment, or monthly payments until the exhaustion of the retired participant's account balance.

If a participant's individual account balance is not more than \$5,000 at the date of early retirement, the annuity contract benefit option is not available.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of Northwestern Ohio Plumbers and Pipefitters Retirement Plan and Trust are presented on the accrual basis of accounting.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions

Contributions are accrued when earned by participants as documented in employer reports.

Investment Valuation and Income

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

RETIREMENT PLAN AND TRUST

Notes to Financial Statements
Years Ended December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (continued)

Benefits

Benefits are recorded when paid.

Administrative Expense

The Plan participates in a cost-sharing agreement with Northwestern Ohio Plumbers and Pipefitters Pension Plan, the Northwestern Ohio Plumbers and Pipefitters Active Health and Welfare Plan, and the Northwestern Ohio Plumbers and Pipefitters Retiree Health and Welfare Plan ("Pension Plan", "Active Health and Welfare Plan", and "Retiree Plan", respectively). Wages and payroll taxes are paid by the Active Health and Welfare Plan, which are reimbursed by the Plan, the Pension Plan, and the Retiree Plan. Certain shared operating expenses are paid by the Pension Plan, which are reimbursed by the Plan, the Active Health and Welfare Plan, and the Retiree Plan. Effective April 2017, the Active Health and Welfare Plan began paying certain shared operating expenses, which are reimbursed by the Plan, the Pension Plan, and the Retiree Plan. Other administrative expenses are paid by the Plan and recorded when incurred.

Note 3 - Investments

The Plan's investments were held and managed by The Trust Company of Toledo, N.A. until June 30, 2016. Effective July 1, 2016, the investments were transferred to the new trustee, Fidelity Management Trust Company, with the exception of a money market account which is still held by The Trust Company of Toledo, N.A. Participants may direct the investment of their accounts among a number of available investment fund options as determined by the Trustees. These options are designed to provide varying degrees of risk and expected returns. Participants may also invest up to 60% of their account balance in any security or mutual fund that is publicly traded or traded on a national security exchange.

During the years ended December 31, 2017 and 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$26,380,958 and \$11,341,110, respectively.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) topic, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Years Ended December 31, 2017 and 2016

Note 4 - Fair Value Measurements (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the company has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Self-Directed Brokerage Accounts: Valuation of investments were derived from quoted market prices.

Mutual Funds and Money Market Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 - Related Party

The Plan, along with the Retiree Health and Welfare Plan, the Active Health and Welfare Plan, and the Pension Plan, leases its current office facilities from the Union on a month-to-month basis. Rent expense for the Plan for 2017 and 2016 was \$6,840 and \$7,068, respectively.

The Plans participate in a cost expense-sharing agreement with related Plans (see Note 2). The amounts due to the related Plans are \$179,145 and \$152,943 as of December 31, 2017 and 2016, respectively, and are included in Accounts Payable.

Years Ended December 31, 2017 and 2016

Note 6 - Federal Income Taxes

The Plan obtained a favorable determination letter dated January 20, 2016 from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements for the Internal Revenue Code. Therefore, they believe that the Plan continues to qualify and operate in accordance with the applicable provisions of the Internal Revenue Code.

The Plan has determined that there are no uncertain tax positions that require disclosure in these financial statements under the FASB Accounting Standards Codification topic *Income Taxes*.

Note 7 - Plan Termination

The Plan may be terminated by joint agreement between participating employers and the Union, subject to the provisions set forth in ERISA. In the event of Plan termination, participants will remain 100 percent vested in their accounts.

Note 8 - Risks and Uncertainties

The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Concentration of Credit Risk

The Plan maintains deposits in federally insured financial institutions. At times, these deposits exceed federally insured limits. Management monitors the soundness of these financial institutions and does not believe it is exposed to significant credit risk with respect to its deposit accounts.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through July 19, 2018, the date the financial statements were available to be issued. There were no subsequent events that required adjustment to the financial statements or additional disclosure.

Schedule H, line 4j – Schedule of Reportable Transactions
(Prepared Pursuant to Requirements of the Employee Retirement Income Security Act of 1974)

The enclosed Fidelity Management Trust Company Schedule of Reportable Transactions
(Pages 1 & 2) are incorporated herein by reference.

Summary of 5% Reportable Transactions
Pursuant to Department of Labor Regulation (DOL) 2520.103-6(c)
For the Plan Year Ending 12/31/2017

Beginning Plan Balance(1):	\$223,129,953.00
5% of Beginning Balance (applicable for IRS Form 5500, Schedule H filers):	\$11,156,497.65

Schedule below is a record of all non-participant directed transactions pursuant to IRS Form 5500 instructions.

Transactions pursuant to DOL Sec. 2520.103-6(c) (1)(i) and 2520.103-6(d):

A transaction within the plan year, with respect to any plan asset, involving amount in excess of 5% for Schedule H filers of the current value of plan assets.

Description of <u>Asset/Transaction</u>	Date	Purchase <u>Price</u>	Sales <u>Price</u>	Expenses <u>Incurred</u>	Cost of <u>Assets</u>	Realized <u>Gain/Loss</u>	% to <u>Bal</u>
--	------	--------------------------	-----------------------	-----------------------------	--------------------------	------------------------------	--------------------

*** NO REPORTABLE TRANSACTIONS ***

Department of Labor regulations require that reportable transactions be determined based on the value of the plan assets as of the beginning of the plan year, (unless the Form 5500 is being filed for the initial plan year -- in which case the value of the plan assets as of the end of the plan year is used). Please note that if your plan converted to Fidelity during the plan year, or Fidelity did not recordkeep all of the plan assets as of the beginning of the plan year, Fidelity is unable to determine the actual value of the plan assets as of the beginning of the plan year. Therefore, the beginning of year value reflected on this report would not be correct. You should apply the value of the transactions identified on this report to the actual value of the assets as of the beginning of the plan year to determine whether or not they are reportable (i.e., exceed 5% of the actual value of plan assets as of the beginning of the year).

Summary of 5% Reportable Transactions

Transactions pursuant to DOL Sec. 2520.103-6(c) (1)(iii) and 2520.103-6(d):

Any transaction within the plan year involving securities of the same issue if within the plan year any series of transactions with respect to such securities, when aggregated, involves an amount in excess of 5% for Schedule H filers of the current value of plan assets.

Description of <u>Asset/Transaction</u>	Total # of <u>Purch</u>	Total Amount of <u>Purchases</u>	Total # of <u>Sales</u>	Total Amount of <u>Sales</u>	Cost of Assets <u>Sold</u>	Net Realized <u>Gain/Loss</u>	% to <u>Bal</u>

Schedule H, line 4j – Schedule of Reportable Transactions
(Prepared Pursuant to Requirements of the Employee Retirement Income Security Act of 1974)

The enclosed Fidelity Management Trust Company Schedule of Reportable Transactions
(Pages 1 & 2) are incorporated herein by reference.

Summary of 5% Reportable Transactions
Pursuant to Department of Labor Regulation (DOL) 2520.103-6(c)
For the Plan Year Ending 12/31/2017

Beginning Plan Balance(1):	\$223,129,953.00
5% of Beginning Balance (applicable for IRS Form 5500, Schedule H filers):	\$11,156,497.65

Schedule below is a record of all non-participant directed transactions pursuant to IRS Form 5500 instructions.

Transactions pursuant to DOL Sec. 2520.103-6(c) (1)(i) and 2520.103-6(d):

A transaction within the plan year, with respect to any plan asset, involving amount in excess of 5% for Schedule H filers of the current value of plan assets.

Description of <u>Asset/Transaction</u>	Date	Purchase <u>Price</u>	Sales <u>Price</u>	Expenses <u>Incurred</u>	Cost of <u>Assets</u>	Realized <u>Gain/Loss</u>	% to <u>Bal</u>
--	------	--------------------------	-----------------------	-----------------------------	--------------------------	------------------------------	--------------------

*** NO REPORTABLE TRANSACTIONS ***

Department of Labor regulations require that reportable transactions be determined based on the value of the plan assets as of the beginning of the plan year, (unless the Form 5500 is being filed for the initial plan year -- in which case the value of the plan assets as of the end of the plan year is used). Please note that if your plan converted to Fidelity during the plan year, or Fidelity did not recordkeep all of the plan assets as of the beginning of the plan year, Fidelity is unable to determine the actual value of the plan assets as of the beginning of the plan year. Therefore, the beginning of year value reflected on this report would not be correct. You should apply the value of the transactions identified on this report to the actual value of the assets as of the beginning of the plan year to determine whether or not they are reportable (i.e., exceed 5% of the actual value of plan assets as of the beginning of the year).
