NOTE 1 - DESCRIPTION OF PLAN:

The following description of the Custom Leasing, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Custom Leasing, Inc. who have one year of service and are age twenty-one or older. The original Plan was established effective January 1, 1994 by the Company for the benefit of its employees and the employees of any affiliated employer to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan was amended and restated on January 1, 2015. Employees are eligible to become a participant in the Plan as of the entry date (the first day of each quarter of the Plan year). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – The Company's contribution for each plan year will be the amount the Company determines in its discretion. For the year ending December 31, 2017 the Company is not matching any of the participant's discretionary contribution. Participants may elect to make elective deferrals in even percentages of not less than 1% of compensation up to Internal Revenue Code limits. The Internal Revenue Code limit for the year ending December 31, 2017 is $18,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at 4.25%-5.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest

NOTE 1 – DESCRIPTION OF PLAN (Continued):

in his or her account in either a lump-sum amount, or monthly, quarterly, or annual installment payments over a period not to exceed the life expectancy of the Participant or the joint life expectancy of the Participant and his Beneficiary, commencing within an administratively reasonable period of time after the later of 60 days following the Participant's termination of employment or after the valuation date following such termination of employment.

Forfeited Accounts – Forfeited accounts are used to pay administrative expenses and then to reduce employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting and Presentation - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Payment of Benefits – Benefits are recorded when paid.

Expenses – Expenses of the Plan are shared by the Company and participants.

NOTE 3 – CERTIFIED INVESTMENTS:

The Company has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a qualifying institution need not be subjected to independent audits. The Plan's management has obtained certification from the custodian, Nationwide Financial Services, Inc., that the following information included in the Plan's financial statements is complete and accurate.

a) Investments at fair value as of December 31, 2017 and 2016.
b) Notes receivable from participants as of December 31, 2017 and 2016.
c) Interest income on notes receivable from participants for the year ended December 31, 2017.

NOTE 4 - FAIR VALUE MEASUREMENTS:

Accounting principles generally accepted in the United States of America provide a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements.

The three levels of valuation methodology within the fair value hierarchy are described as follows:

Level 1 - The valuation methodologies of Level 1 assets and liabilities are based upon adjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - The valuation methodologies of Level 2 assets and liabilities include: quoted prices for similar assets or liabilities in active markets; quoted prices for similar identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 valuation methodology must be observable for substantially the full term of the asset or liability.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued):

Level 3 - The valuation methodologies of Level 3 assets and liabilities are based upon inputs which are unobservable and significant to the fair value measurement.

Fair value measurement of financial assets and liabilities within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. .

As of December 31, 2017, the following financial assets of the Plan were measured at fair value on a recurring basis consistent with the fair value hierarchy provision:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,354,096	$ -	$ -	$ 2,354,096

As of December 31, 2016, the following financial assets of the Plan were measured at fair value on a recurring basis consistent with the fair value hierarchy provision:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,964,419	$ -	$ -	$ 1,964,419

During the years ended December 31, 2017 and 2016, there were no transfers between levels within the fair value hierarchy.

NOTE 5 – RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by the custodian and, therefore, qualify as party in interest transactions. Fees incurred by the Plan were $4,612 for the year ended December 31, 2017.

NOTE 6 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 7 – TAX STATUS:

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Prototype Non-standardized Profit Sharing Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Mutual funds are exposed to various risks, such as interest rate and credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 9 -- SUBSEQUENT EVENTS:

Management has evaluated subsequent events through September 4, 2018, the date on which the financial statements were available to be issued. There were no subsequent events that require recognition or disclosure in the financial statements.
