NOTE 1 – DESCRIPTION OF PLAN

AEGSI Holdings LLC 401(k) Plan (the Plan) is a qualified retirement plan adopted by AEGSI Holdings LLC (the Company). The Plan was originally effective on May 15, 2009, to provide employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was amended and restated effective July 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the legal plan document for a more complete description of the Plan's provisions.

Eligibility – All non-excluded employees are eligible to participate and enter into the Plan when the employee has completed three months of service and has attained age 21.

Contributions – Participants may elect to reduce their compensation by a specific percentage or dollar amount and have the amount contributed to the Plan as an elective deferral not to exceed a dollar limit which is set by law. There are two types of elective deferrals: pre-tax deferrals and Roth deferrals. Participants may revoke or make modifications to their salary deferral elections. Participants who have attained or will attain age 50 before the end of a calendar year may make additional catch-up contributions. Participants are also permitted to deposit into the Plan distributions they have received from other plans and certain IRAs. Such a deposit is called a rollover and may result in tax savings to the participant.

The Plan includes an automatic deferral feature. Accordingly, the Company will automatically withhold 3% of a participant's compensation and that amount will continue to be automatically withheld in succeeding Plan years unless the Company amends the Plan or the participant enters into a salary reduction agreement. Participants may enter into a salary reduction agreement at any time to select an alternative deferral amount or to elect not to defer under the Plan.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals. Each year, the Company will determine the formula for the discretionary matching contribution. The matching contribution for 2017 totaled \$206,914. The Plan will not match any catch-up deferrals.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollovers, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are always 100% vested in their elective deferrals, rollovers, and Plan earnings thereon. The participant's vested percentage for employer contributions is based on vesting periods of service. A participant becomes 100% vested after five periods of service.

Investment Options – Participants direct the investment of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers mutual funds and a fixed annuity as investment options for participants. Participants may exchange/transfer money between investment securities at any time.

Notes Receivable From Participants – Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum of \$50,000 reduced by the highest loan balance during the past 12 months, or 50% of their vested account balance, whichever is less. The loans are adequately secured and bear a reasonable rate of interest. Principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a single lump-sum payment in cash equal to the value of the participant's vested interest in their account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a single lump-sum payment in cash. Benefits may also be paid directly to another plan which qualifies under section 401 of the Internal Revenue Code (IRC).

Participants may be entitled to receive an in-service distribution. Prior to termination of employment, a participant may withdraw from their account if the participant has attained age 59½ or has incurred a financial hardship.

Forfeitures – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan and is called a forfeiture. Forfeitures may be used to pay administrative expenses or used to reduce any matching contribution. Forfeitures totaled \$22,807 and \$19,406 at December 31, 2017 and 2016, respectively.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 and 2016 excess contributions to the applicable participants prior to March 15, 2018 and 2017, respectively.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through September 27, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Annuity – Valued daily based on the valuation method disclosed in the annuity contract as calculated by the trustee. The inputs used by the trustee are generally considered obtainable/observable through the review of existing contracts and readily available financial information. The trustee determines and publishes the annuity's value and uses it as the basis for current participant transactions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,048,770	\$ -	\$ -	\$ 9,048,770

NOTE 4 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the trustee of the Plan.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the trustee and record keeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested. The Company will direct the distribution of participants' accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA provided by Great-West Trust Company, LLC. The prototype plan obtained a favorable opinion letter dated March 31, 2014. According to the prototype plan, the Plan's assets are qualified pursuant to section 401 of the IRC and, accordingly, the Plan's net investment income is exempt from income taxes. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
