# Notes to Financial Statements

## 1. Description of Plan

The following description of the Coastal Pacific Food Distributors 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan covering substantially all employees of Coastal Pacific Food Distributors (the "Company"). Employees are immediately eligible to make 401(k) contributions. Employer contributions require completion of 1,000 hours as defined in the Plan document. The Finance Committee of the Board of Directors of the Company controls and manages the operation and administration of the Plan. SunTrust Bank serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### *Contributions*

Each year, participants may contribute 2% to 75% of their pretax annual compensation, as defined in the Plan document, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. Company profit sharing and matching contributions are determined at the discretion of the Company's board of directors. The profit sharing contribution was 3% of eligible wages, plus an additional 3% of wages over the social security wage base for the year ended December 31, 2017. Contributions are subject to certain limitations.

### *Investment options*

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and an interest-bearing cash account as investment options for participants.

### *Participant accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments, and transaction fees related to notes receivable from participants and distributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after five years of credited service.

### *Notes receivable from participants*

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2017, outstanding loans bore an interest rate of 4.25 to 5.25%. Principal and interest are paid ratably through payroll deductions.

### *Payment of benefits*

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum distribution. Hardship distributions are available from fully vested balances upon demonstration of financial hardship, with limitations defined in the Plan. In-service distributions are available from fully vested balances after the participant reaches age 59½.

### *Forfeitures*

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $22,880 and $16,546, respectively. These accounts will be used to pay plan administrative expenses, reduce future Company match contributions, or will be reallocated to remaining participants. During 2017, forfeitures of $15,814 were reallocated to eligible participants based on 2016 compensation and $733 was used to pay plan expenses.

### *ERISA account*

During 2017, an ERISA account was established within the Plan to account for funds received under a revenue-sharing agreement with the trustee. This account will be used to reduce plan expenses or will be allocated to participants. At December 31, 2017, the account totaled $19,983. During 2017, no revenue-sharing funds were used to pay expenses.

## 2. Summary of Significant Accounting Policies

### *Basis of accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

### *Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

### *Investment valuation and income recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Notes receivable from participants*

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

### *Payment of benefits*

Benefits are recorded when paid.

***Administrative expenses***

The Plan's administrative expenses can be paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivables from participants and distributions) are charged directly to the participant's account.

***Subsequent events***

The Plan has evaluated subsequent events through August 21, 2018, the date the financial statements were available to be issued.

## 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

**Level 1:** Observable inputs such as quoted prices in active markets.

**Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.

**Level 3**: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2017 and 2016. The following is a description of the valuation methodologies used for assets measured at fair value:

***Interest-bearing cash***
Valued daily at its closing cash balance as reported by the trustee.

***Mutual funds***
Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2017 and 2016.

| | Assets at Fair Value as of December 31, 2017 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Interest-bearing cash account | **$ 4,022,187** | **$ -** | **$ -** | **$ 4,022,187** |
| Mutual funds | **20,550,084** | **-** | **-** | **20,550,084** |
| Total assets in the fair value hierarchy | **$ 24,572,271** | **$ -** | **$ -** | **$ 24,572,271** |

| | Assets at Fair Value as of December 31, 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Interest-bearing cash account | $ 3,746,008 | $ - | $ - | $ 3,746,008 |
| Mutual funds | 16,829,679 | - | - | 16,829,679 |
| Total assets in the fair value hierarchy | $ 20,575,687 | $ - | $ - | $ 20,575,687 |

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## 4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2017 and 2016 and for the year ended December 31, 2017 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee.

| | 2017 | 2016 |
|---|---|---|
| Investments at fair value | **$ 24,572,271** | $ 20,575,687 |
| Notes receivable from participants | **$ 1,440,107** | $ 1,354,521 |
| Net appreciation in fair value of investments | **$ 1,782,474** | |
| Interest and dividends | **$ 1,431,778** | |
| Interest income on notes receivable from participants | **$ 62,594** | |

## 5. Exempt Party-In-Interest Transactions

Certain plan investments are funds managed by SunTrust Bank or its affiliates. SunTrust Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the trustee by the Plan for administrative services and participant initiated transactions were $13,113 for the year ended December 31, 2017. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

## 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

## 7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## 9. Reconciliation of Financial Statements to Form 5500
