Employment Management Services 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Employment Management Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was established effective January 1, 2012, was amended and restated effective June 1, 2014, and was most recently amended on January 30, 2017.

General: The Plan is a defined contribution plan covering all employees of Employment Management Services, LLC (the Company or Plan Sponsor) who have completed two months of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Dates of entry in the Plan are the first day of each quarter.

Contributions: The Plan does not allow for employer contributions.

Participants may elect to contribute up to 100 percent of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Roth deferrals are allowed.

Participant accounts: Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participant's account is credited with the participant's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and actual earnings thereon.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms shall be no more than five years except when the proceeds of a loan are used to acquire a dwelling to be used as a participant's principal residence, then the Plan Administrators may permit a longer repayment period. The notes are secured by the balance in the participant's account and bear interest, as determined by the Plan Administrators.

Principal and interest are paid through payroll deductions. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrators deem the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 and 2016 excess contributions to the applicable participants prior to March 15, 2018 and 2017, respectively.

Payment of benefits: On termination of service, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Any balance under \$5,000 is automatically paid out as soon as administratively possible. Hardship withdrawals are also available subject to certain limitations.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrators to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be recognized to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for disclosure of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through September 20, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Capital Bank and Trust Company

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Capital Bank and Trust Company, the custodian of the Plan, and furnished to the Plan Administrators. The Plan Administrators have obtained certifications from the custodian that the information provided to the Plan Administrators by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrators instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2017	2016
Investments at fair value	\$ 949,442	\$ 717,116
Notes receivable from participants	10,756	2,292

Capital Bank and Trust Company also certified to the completeness and accuracy of \$117,198 of net appreciation in fair value of investments, \$28,088 of dividend income related to the aforementioned investments and \$333 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The *FASB Accounting Standards Codification* (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC, Fair Value Measurements and Disclosures, are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices for the asset or liability that are observable
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Employment Management Services 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Fair Value of Assets at December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 949,442	\$ -	\$ -	\$ 949,442

Fair Value of Assets at December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 717,116	\$ -	\$ -	\$ 717,116

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the custodian, as defined by the Plan and, therefore, these investments qualify as party-in-interest transactions.

The Plan Sponsor also paid certain administrative expenses related to the Plan for the year ended December 31, 2017. Fees paid by the Plan to the custodian totaled \$3,169 for the year ended December 31, 2017.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Plan Sponsor contributions.

Employment Management Services 401(k) Plan

Notes to Financial Statements

Note 7. Tax Status

Effective January 1, 2012, the Plan adopted a nonstandardized form of a prototype plan. The Plan has received a determination letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrators believe the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31	
	2017	2016
Net assets available for benefits per the financial statements	\$ 951,758	\$ 716,499
Add excess contributions payable	11,252	2,909
Net assets available for benefits per Form 5500	<u>\$ 963,010</u>	<u>\$ 719,408</u>

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2017, per the financial statements to Form 5500:

Net increase in net assets available for benefits per the financial statements	\$ 235,259
Add current-year excess contributions payable	11,252
Less prior-year excess contributions payable	(2,909)
Net income per Form 5500	<u>\$ 243,602</u>

Note 10. Subsequent Event

On August 7, 2018, it was announced that the services of payroll, benefits and other human resources functions currently performed by the Company will be transferred to another San Antonio-based firm. This transaction is scheduled to occur sometime during 2018, at which point the Company will cease operations. The Company will continue to sponsor the Plan through December 31, 2018. The future status of the Plan subsequent to December 31, 2018, has not been determined.

Effective August 10, 2018, one of the Plan's administrators and trustees resigned.
