**Notes to Financial Statements**
**December 31, 2017 and 2016 (Unaudited)**

## NOTE 1 - DESCRIPTION OF PLAN

The following description of RLH Fire Protection 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan's provisions.

**General -** The Plan is a defined contribution plan covering substantially all employees of RLH Fire Protection. (the Company), who are at least 21 years of age, and have completed one year of employment with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established January 1, 1997.

**Contributions -** Participants' contributions are made to the Plan by means of salary deferral by which the participant is entitled to defer up to 100% of their compensation, or a fixed amount determined annually by the Internal Revenue Service. In addition, the Company, at its option, may make discretionary profit sharing contributions. For the year ended December 31, 2017, the Company made no discretionary profit sharing contributions. The Company may also voluntarily match participant contributions at the Company’s discretion. Matching contributions of $338,187 were made to the Plan for the year ended December 31, 2017.

**Participant Accounts -** Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's matching contribution, (b) the Company’s discretionary profit sharing contribution, and (c) Plan earnings which are charged with an allocation of certain administrative expenses. Allocations of matching contributions are based on participant contributions, as defined. Allocations of plan earnings and administrative expenses are based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested interest in their account.

**Notes Receivable from Participants -** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants are only allowed one loan at a time. The loans are secured by the balance in the participant's account and bear interest at a rate of the prime rate +1%.

**Vesting -** Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in discretionary profit sharing is based on years of continuous service. A participant is 100% vested after six years of credited service. Employer matching contributions are made under safe harbor provisions and participants are immediately 100% vested in these contributions.

## NOTE 1 - DESCRIPTION OF PLAN (Continued)

**Payment of Benefits -** Upon reaching the retirement age of 65 or upon termination of service, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account.

**Forfeitures -** Amounts forfeited from terminating participants' non-vested portion of their Company contributions and earnings on Company contributions are used to pay administrative expenses of the Plan or to reduce future employer contributions. Forfeitures available at December 31, 2017 were $4,172. During the year ended December 31, 2017 no administrative expenses were paid from forfeited non-vested accounts. During the years ended December 31, 2017, employer contributions were reduced by $45 from forfeited non-vested accounts.

**Investments -** Each participant directs the allocation of his or her contribution, and employer matching and discretionary profit sharing contributions to one or more of the 31 investment options.

**Administrative Expenses -** Administrative expenses, to the extent that they are not paid by the Company, may be paid by the assets of the Plan.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Presentation -** The financial statements have been prepared in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under ERISA.

**Basis of Accounting -** The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**Notes to Financial Statements**
**(Continued)**

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Use of Estimates -** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition -** Investments are measured at quoted prices in an active market and have been certified complete and accurate by Massachusetts Mutual Life Insurance Company, the Plan's custodian (Note 5). Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Risk and Uncertainties -** The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

## NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Recent Accounting Pronouncements** - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016. Plan management adopted ASU 2015-07 for the year ended December 31, 2017 which has been reflected in Note 3 - Fair Value Measurements of the financial statements. The adoption had no impact on the statements of net assets available for benefits or the statements of changes in net assets available for benefits as of December 31, 2017.

**Subsequent Events** - The Plan evaluated subsequent events through September 27, 2018, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

## NOTE 3 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |

**RLH FIRE PROTECTION**
**401(k) PROFIT SHARING PLAN**

**Notes to Financial Statements**
**(Continued)**
**December 31, 2017 and 2016 (Unaudited)**

**NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)**

| | |
|---|---|
| Level 2 | Inputs to the valuation methodology include:<br>• quoted prices for similar assets or liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Registered Investment Companies (Mutual funds)*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

## NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract with Massachusetts Mutual Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The investment contract held by the Plan is summarized as follows:

| | **2017** | **2016** |
|---|---|---|
| Unallocated contracts | $ 494,753 | $ 527,050 |

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

## NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

## NOTE 5 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016 (Unaudited).

- Net appreciation in fair value of investments and other income reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2017.

## NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

## NOTE 7 - TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2014.

## NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Massachusetts Mutual Life Insurance Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.
