As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's assets and executes transactions. TRICOR INDUSTRIAL, INC. 401(k) PLAN

Notes To Financial Statements

December 31, 2017 and 2016

Note 1 - Plan Description

The following description of Tricor Industrial, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Tricor Industrial, Inc. who have met age and service requirements, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute 1-15% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective January 1, 2016, the Plan was amended to eliminate automatic enrollment into the Plan.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings, and is charged with withdrawals and an allocation of the Plan's losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Payment of Benefits

Participants are immediately vested in their contributions, the Company's matching contributions, plus actual earnings thereon. Upon death, disability, or normal retirement, the Company's profit sharing contribution balance becomes fully vested. Upon termination of employment for reasons other than death, disability, or retirement, the Company's profit sharing contribution portion vests based on years of continuous service over a six year period as defined by the Plan agreement.

Note 1 - Plan Description (Continued)

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the local prevailing prime rate plus 1% (5.50% and 4.50% at December 31, 2017 and 2016, respectively). Terms for the loans are generally not to exceed 5 years. Principal and interest is paid ratably through payroll deductions based on the participant's pay period, either semi-monthly or bi-weekly.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$15,771 and \$8,151, respectively. These accounts will be used to reduce Plan expenses or future employer contributions. No forfeiture amounts were used for such expenses or contributions during the year ended December 31, 2017.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain administrative expenses of the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3 - Investments

Investments consist of the following:

	<u>2017</u>	<u>2016</u>
Mutual Funds	<u>\$ 7,594,595</u>	<u>\$ 6,238,873</u>

During 2017, the Plan's investments (including gains and losses on investments sold during the year) appreciated in value as follows:

Mutual Funds	<u>\$634,977</u>
--------------	-------------------------

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2017 and 2016.

Mutual Fund: Valued at the net asset value of units held by the Plan at year-end. Trades are executed at net asset value.

Note 4 - Fair Value Measurements (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Total Mutual Funds	<u>\$ 7,594,595</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,594,595</u>

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Total Mutual Funds	<u>\$ 6,238,873</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,238,873</u>

Note 5 - Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for years prior to 2014.

Note 6 - Related Party Transactions

Both Mid Atlantic Trust Company (the trustee as defined by the Plan) and Summit Benefit Solutions, Inc. (the recordkeeper of the Plan) do not manage any funds in which the Plan invests. Fees paid by the Plan for the investment management services are paid by charging the various net asset values (NAV) of the investments at various percentages. The Plan paid \$15,767 in recordkeeper fees to Summit Benefit Solutions, Inc. in 2017.

Note 7 - Information Prepared and Certified By Trustee

The following information included in the accompanying statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>2017</u>	<u>2016</u>
Investments, at fair value:		
Mutual funds	<u>\$ 7,594,595</u>	<u>\$ 6,238,873</u>
Investment income	<u>\$ 888,375</u>	

Note 8 – Various Risks and Uncertainties

The Plan holds various investments. Investment securities are exposed to various risks such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2017, the Plan held \$5,835,387 of American Century mutual funds, which was approximately 77% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

Note 9 - Subsequent Events

Management has evaluated subsequent events from the date of the statement of net assets available for benefits through September 21, 2018.
