NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Horizons 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Description and Eligibility

The Plan, established effective July 2, 1981, is a defined contribution plan available to all full-time salaried and certain hourly employees of Horizons, Inc. (the "Company"), who have attained the age of 21 and are not covered by a collective bargaining agreement. Employees' participation in the Plan is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Employees who are eligible to participate in the Plan may elect to have up to 100% of their compensation deducted from payroll and contributed to the Plan on a pre-tax basis subject to limitations as defined by the Internal Revenue Code ("IRC"). The Company matches 50% of participants' elective deferrals, up to a maximum of 6% of participants' eligible earnings. Additionally, the Company makes non-elective employer contributions on behalf of eligible participants, equal to 1.5% of eligible earnings. The Company may also make discretionary employer contributions on behalf of eligible participants, in an amount determined annually by management. The discretionary contribution was \$300,000 for the year ended December 31, 2017.

Vesting

Participant contributions and employer matching contributions, with all earnings and appreciation thereon, are fully vested at all times. Non-elective employer contributions and discretionary employer contributions are 20% vested after two years of eligible service, with a 20% increase for each additional year of eligible service, resulting in full vesting after six eligible years.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

The allocation of a participant's contributions to the investment funds is selected by the participant and may be changed daily using an automated customer service system. Participants may also elect to have all or a portion of their prior contributions transferred between any of the available investment funds. Employer contributions are allocated to the same investment funds as elected for participant contributions.

Separate accounts are maintained for each participant representing his or her interest in the Plan. Each participant's account is re-valued daily. Plan earnings and other increases and decreases in value are allocated in direct proportion to the size of the participant's balance in a particular fund in relation to the balances of all participants in that fund.

HORIZONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Notes Receivable from Participants

The Plan allows participants to borrow from the fund accounts. Participants may borrow the lesser of 50% of the participant's vested account balance or \$50,000 reduced by the participant's highest outstanding note balance in the previous 12 months even if the amounts have been repaid. The minimum amount of any note is \$1,000.

The repayments of principal and interest are credited to the participant's account balances within the respective funds. Principal and interest payments are made through payroll deductions according to each note's term per the promissory note, ranging from 1 to 30 years. Notes bear interest at rates ranging from 4.25% to 8.25% as of December 31, 2017.

Payment of Benefits

Participants whose employment terminates will be eligible for a distribution equal to the full amount of the separate accounts attributable to his or her participant contributions, plus any vested Company contributions. If the participant's account balance is less than \$1,000, it will be distributed to the participant in a lump sum. If the balance is between \$1,000 and \$5,000, it will be rolled over to an Individual Retirement Account.

Participants are entitled to receive a distribution of all or any portion of their deferral contributions account upon attainment of age 59½. In the event of financial hardship, participants may apply to receive a distribution from their deferral contribution accounts, subject to Internal Revenue Service ("IRS") mandated rules for hardship withdrawals.

Forfeited Accounts

Forfeited amounts are first applied to the expenses of administering the Plan, and any excess forfeiture is used to offset future Company contributions. Forfeitures utilized during the year ended December 31, 2017 was \$95,787. The balance of unallocated forfeitures was \$33,020 and \$89,245 at December 31, 2017 and 2016, respectively.

Plan Termination

Although the Plan is intended to be permanent, the Company reserves the right to terminate the Plan at any time. Upon termination of the Plan, all contributions become fully vested and non-forfeitable. If the Plan is terminated, all amounts credited to a participant's account will be paid to such participant.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. The accounting records of the Plan are accrual basis.

HORIZONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Investment Valuation and Income Recognition

Investments are stated at fair value. See Note 4 for discussion of fair value measurements.

Investment income consists of interest and dividend income. The net appreciation (depreciation) in the fair value of investments consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported based on historical cost.

Fair Value Measurements

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans and are measured at the unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Repayments of principal and interest are recognized in the period in which payroll deductions are processed.

Plan Expenses

Certain general and administrative expenses incurred in the administration of the Plan are paid by the Company. Expenses paid from Plan assets are reflected in the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements and footnote disclosures requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and reported amount of additions and deductions to net assets available for benefits during the period. Although management believes such estimates and assumptions are reasonable, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through September 26, 2018, the date the financial statements were available to be issued.

HORIZONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 3 - INFORMATION CERTIFIED BY TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and as instructed by the Plan administrator, no audit procedures have been performed on certain information certified by Fidelity Management Trust Company, the Trustee of the Plan as of December 31, 2017 and 2016 and for the year ended December 31, 2017, except to compare such information to the information included in the accompanying financial statements and schedule. Information certified by the Trustee includes investments and participants' notes receivable included in the Statements of Net Assets Available for Benefits at December 31, 2017 and 2016, investment income items and interest on participants' notes receivable included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017, and investments included in the Schedule of Assets (Held at End of Year) as of December 31, 2017.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets;
- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- The fair value of mutual funds and self directed brokerage accounts is based on prices in public exchanges of the securities held by the Plan at year-end.
- The fair value of the collective investment trust is based on Net Asset Value ("NAV"), which represents fair value because NAV is the value at which the Plan transacts in this actively traded investment. NAV is used as a practical expedient to estimate fair value.

HORIZONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Investments measured using NAV as a practical expedient:

Collective investment trust	4,944,765
Total investments at fair value	<u>\$ 25,255,166</u>

The Plan's investment in the collective investment trust may be redeemed on a daily basis, and has a daily redemption notice period. There are no unfunded commitments related to this collective investment trust.

NOTE 5 - TAX STATUS

The IRS has determined and informed the Trustee by letter dated March 31, 2014 that the Volume Submitter Defined Contribution Plan, which was adopted by the Plan on February 16, 2016, is a qualified plan under Section 401 of the IRC and is exempt from tax under present income tax laws. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Volume Submitter Plan has been amended since receiving the opinion letter. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded

HORIZONS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan files the United States Federal Form 5500 annually.

NOTE 6 - PARTY-IN-INTEREST

Certain Plan investments are shares of registered investment companies and a collective investment trust managed by the Trustee as defined by the Plan and, therefore, these transactions are party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
