To the Plan Administrator and Management
United Mortgage Corp. 401(k) Plan
Melville, New York

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of United Mortgage Corp. 401(k) Plan (the Plan) for the year ended December 31, 2017, and have issued our report thereon dated August 15, 2018. Professional standards require that we advise you of the following information related to our audit.

As communicated in our engagement letter previously provided, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and is instructed by plan management, we did not perform any auditing procedures with respect to information prepared and certified by Reliance Trust Company, the Trustee, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified to by the Trustee, were audited by us in accordance with U.S. GAAS, and were subjected to tests of the plan's accounting records and other procedures we considered necessary to enable us to express an opinion that they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgement, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit
We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence
The engagement team; others in our firm, as appropriate; our firm; and our network firms have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note B to the financial statements. There have been no initial selection of accounting polices and no changes in significant accounting policies or their application during 2017. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgements are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimate affecting the financial statements is the valuation of investments. Management's estimate of the valuation of investments is reported at fair value. Management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

We evaluated the key factors and assumptions used to develop the accounting estimate and determined that it was reasonable in relation to the financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive accounting disclosure affecting the financial statements relates to the fair value measurement of investments.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Corrected and Uncorrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no identified uncorrected misstatements, other than those that are clearly trivial, requiring communication to the appropriate level of management.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. The attached schedule summarizes material misstatements that we identified as a result of our audit procedures and were brought to the attention of, and corrected by, management.

Disagreements with Management
For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management
We have requested certain written representations from management, which are included in the management representation letter previously provided.

Management Consultation with Other Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues
In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Plan and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention of the Plan's auditors.

Other Matters
With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

REPORT ON INTERNAL CONTROLS AND ADVISORY COMMENTS TO MANAGEMENT

In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible*. The chance of the future event or events occurring is more than remote but less than likely.
- *Probable*. The future event or events are likely to occur.

Our audit was not designed to identify deficiencies in internal control that might be significant deficiencies. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We also became aware of an other matter that is an opportunity for strengthening the Plan's internal controls and improving operating efficiencies. The following matters are presented for your consideration:

Hardship Distributions

The Plan sponsor does not have formal procedures in place to review and approve hardship distributions for merit. We recommend the Plan sponsor formalize procedures to ensure hardship distributions are granted upon review and approval by the Plan sponsor.

This communication is intended solely for the information and use of management, plan administration, and those charged with governance of the Plan, and is not intended to be, and should not be used by anyone other than these specified parties.

United Mortgage Corp. 401(k) Plan
Melville, New York

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of United Mortgage Corp. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements. Accordingly, we do not express an opinion on these financial statements.

INDEPENDENT AUDITORS' REPORT

Other Matters

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

A. DESCRIPTION OF PLAN

The following description of the United Mortgage Corp. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreements for a complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering substantially all employees of United Mortgage Corp. (the Company). The original Plan was established effective January 1, 2013 by the Company for the benefit of its employees and the employees of any affiliated employer to qualify under Section 401(k) of the Internal Revenue Code (IRC). The Plan was amended and restated April 1, 2016. Employees are eligible to become a participant in the Plan on the first day of the month after the employee completes six months of service and attains age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Participants have the option to make before-tax contributions and qualified Roth contributions to the Plan of up to 90% of each participant's compensation, as defined by the Plan and subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their elective deferral percentages and may terminate their elective deferrals at any time. The Company may elect to make discretionary matching and discretionary nonelective contributions each year. The Company did not make any discretionary matching and discretionary nonelective contributions for the year ended December 31, 2017.

3. Participants' Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching and discretionary nonelective contributions, as well as allocations of the Plan's earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. DESCRIPTION OF PLAN (Continued)

4. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants will vest in Company discretionary contributions based on the participant's years of service with the Company. A year of service is defined as 1,000 hours of service during a plan year. Company discretionary matching and discretionary nonelective contributions are vested over a six year period pursuant to the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

5. Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's vested account. The interest rate is the prime rate as published by The Wall Street Journal plus two percent. Principal and interest is paid ratably through monthly payroll deductions.

6. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive the value of the participant's vested interest in his or her account as a lump sum payment, as installment payments over a specified period of time (annually, quarterly or monthly), not exceeding the participants' life expectancy or joint life expectancy with their designated beneficiary, or as part lump sum and part installment payments.

7. Forfeited Accounts

At December 31, 2017 and 2016, there were no forfeited non-vested accounts. During 2017, no forfeitures were used to reduce Plan expenses or employer contributions.

B. SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). Certain adjustments have been made to the financial statements in order for them to conform to the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable, with a corresponding reduction to the contributions. The Plan distributed the 2017 excess contributions of $7,022 to the applicable participants prior to March 15, 2018. The Plan distributed the 2016 excess contributions of $53,146 prior to March 15, 2017.

B. SUMMARY OF ACCOUNTING POLICIES (Continued)

6. Application of New Accounting Standards

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient* (ASU 2015-12). This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this ASU eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value (NAV) per share using the practical expedient in the FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015. The Company elected to adopt all parts of ASU 2015-12 for the year ended December 31, 2016.

Other than the elimination of the above noted disclosures and the elimination of the reconciliation of contract value to fair value, the adoption of the ASU did not have a material impact on the financial statements.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-17), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using the practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, and early adoption is permitted. The Plan elected to early adopt the guidance issued in ASU 2015-07 for the year ended December 31, 2016. The Plan adopted the guidance retrospectively, which removes investments measured using the NAV per share practical expedient from the fair value hierarchy in all periods presented. The adoption of this accounting guidance did not have a material impact on the Plan's financial statements.

B. SUMMARY OF ACCOUNTING POLICIES (Continued)

7. Payments of Benefits

Benefits are recorded when paid.

8. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation of fair value of investments on the statement of changes in net assets available for benefits.

C. TRUSTEE AND ADMINISTRATIVE SERVICES

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Reliance Trust Company (the Trustee) provides services which included executing participants' investment transactions and the payment of benefits. The Trustee provided the 2017 and 2016 fund summaries by investment type to the administrators, which was used to prepare the Plan's financial statements.

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the Trustee as of and for the years ended December 31:

	2017	2016
Investments, at fair value	$ 3,302,843	$ 2,206,194
Notes receivable from participants	$ 245,276	$ 155,592
Net appreciation in fair value of investments	$ 300,843	
Dividend and interest income	$ 152,676	
Interest income on notes receivable from participants	$ 13,324	

The Company pays the Plan's accounting fees and certain administrative fees. The Company incurred $8,500 for accounting and administrative fees during the year ended December 31, 2017. These fees are not reflected in the accompanying financial statements.

D. FAIR VALUE OF FINANCIAL INSTRUMENTS

FASB ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not assumptions specific to the entity.

ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon the market data obtained from independent sources (observable inputs). In accordance with ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs – Unadjusted quoted market prices for identical assets and liabilities in an active market that the Plan has the ability to access.

Level 2 Inputs – Inputs other than the quoted market prices in active markets that are observable either directly or indirectly.

Level 3 Inputs – Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

While the Plan believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methods or assumptions to estimate the fair value of certain financial statement items could result in a different estimate of fair value at the reporting date. Those estimated values may differ significantly from the values that would have been used had a readily available market for such items existed, or had such items been liquidated, and those differences could be material to the financial statements.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

D. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Common collective trust: Valued at the NAV of units held. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Assets Measured at Fair Value

The following are the major categories of assets measured at fair value on a recurring basis as of December 31, 2017:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,947,755	$ -	$ -	$ 2,947,755
Total assets in the fair value hierarchy	2,947,755	-	-	2,947,755
Investments measured at NAV as a practical expedient [(a)]	-	-	-	355,088
Total investments, at fair value	$ 2,947,755	$ -	$ -	$ 3,302,843

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or as equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following are the major categories of assets measured at fair value on a recurring basis as of December 31, 2016:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,955,227	$ -	$ -	$ 1,955,227
Total assets in the fair value hierarchy	1,955,227	-	-	1,955,227
Investments measured at NAV as a practical expedient [(a)]	-	-	-	250,967
Total investments, at fair value	$ 1,955,227	$ -	$ -	$ 2,206,194

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or as equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

D. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Assets Measured at Fair Value (Continued)
Due to their short-term nature, the carrying value of short-term receivables and payables approximate their fair value as of December 31, 2017 and 2016.

Transfers Between Levels
For the year ended December 31, 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient
The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust	$355,088	N/A	Daily	1 day

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust	$250,967	N/A	Daily	1 day

E. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

G. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee and therefore these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment. The Company pays directly any other fees related to the Plan's operations. These party in interest transactions are exempt from the prohibited transactions rules of ERISA.

H. INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by ADP, LLC, the Plan Administrator. The Plan Administrator received an opinion letter from the IRS, dated July 8, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits for any tax periods in progress, however, there are currently no audits for any tax periods in progress.
