Contributions

Contributions to the Plan are invested as directed by the participant in any one or more investment alternatives. For employees credited with less than 12 years of service, the Plan provides for employer matching contributions of 100 percent of the participant's contribution in the Plan Sponsor's 403(b) plan, up to a maximum of 3 percent of the participant's annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. For employees credited with 12 years of service or more, the Plan provides for employer matching contributions of 100 percent of the participant's contribution in the Plan Sponsor's 403(b) plan, up to a maximum of 4 percent of the participant's annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's allocations of the Plan Sponsor's contributions and plan earnings. Allocations of plan earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Upon attainment of normal retirement age or upon termination of employment due to disability or death, participants are immediately 100 percent vested in their accounts. Upon termination of employment for any reason other than normal retirement, disability, or death, vesting in the Plan Sponsor's matching contribution, plus actual earnings thereon, is based on years of service. Participants vest in matching contributions 20 percent after two years of service and additional 20 percent each year thereafter until they become fully vested after six years of service.

Benefit Payments

Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future plan sponsor contributions. At December 31, 2017 and 2016, the unused nonvested accounts totaled $60,257 and $179,858, respectively.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Metropolitan Life Insurance Company (MetLife). MetLife is an agent for the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 1 - Plan Description (Continued)

Termination

While it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value, except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Plan Sponsor.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 14, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Reliance Trust Company (Reliance) holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Metlife, acting as agent for Reliance.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan measures mutual funds at fair value on a recurring basis. The fair value of mutual funds is based primarily on Level 1 inputs, as described above at December 31, 2017 and 2016.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2017.

Note 6 - Guaranteed Investment Contract

The Plan has a benefit-responsive investment contract with Metlife. Metlife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Generally, there are no events that could limit the ability of the Plan to transact at contract value with the insurance company.

Note 6 - Guaranteed Investment Contract (Continued)

The guaranteed investment contract permits the insurance company to terminate the contract if:

- The contract value of the contract is less than the termination amount
- The insurance company determines that the Plan or administration of the Plan are not in conformity with applicable law
- If the insurance company receives notice of plan termination

The terms of a guaranteed investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by the issuer. If the contract terminates due to issuer default (other than a default occurring because of a decline in its rating), the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. Contract termination also may occur by either party upon election and notice.

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement for that portion of the net assets attributable to the guaranteed investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 7 - Subsequent Events

Effective July 13, 2018, a board resolution was signed approving a change in trustee from Metlife to Charles Schwab, effective October 1, 2018. At that time, the Plan will be amended and restated to include 401(k) features. In addition, a board resolution was signed approving the merger of the Firelands Physician Group 401(k) Plan into the amended and restated Plan effective January 1, 2019.
