THE ADCOM GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

1. DESCRIPTION OF PLAN

General

The following is a general description of The Adcom Group (“Company”) 401(k) Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan covering all full-time employees that meet certain eligibility requirements, as defined by the Plan. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA). The Company’s senior management oversees governance of the Plan and determines the appropriateness of the Plan’s investment offerings. The Company contracts with a third-party service provider to assist in monitoring investment performance and certain plan record keeping.

Concentration of Risk

As of December 31, 2017 and 2016, the Plan’s assets are significantly concentrated in Voya investments and Voya pooled separate accounts, the value of which is subject to fluctuations related to corporate, industry and economic factors.

Eligibility

Eligibility requirements to participate in the Plan include the full time employee to have completed at least three months of service and to be age 21 or older.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company matching contributions. Matching contributions are based on participant deferrals. Each participant’s account is also credited with allocations of Plan investment results; all earnings and losses are allocated to each participant’s account as soon as practicable. Participant accounts may be reduced with an allocation of administrative fees or expenses. Forfeited balances of terminated participants’ nonvested accounts are used to reduce future Company contributions or offset administrative fees or expense incurred by the Plan, as specified in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Contributions

Each year, participants may contribute a specified percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute eligible amounts representing distributions from other qualified plans in a tax-free rollover (“rollover”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions, other than rollovers, are subject to limitations imposed by the IRC and the Plan.

The Plan offers a Roth feature. The Roth feature allows participants to make after-tax contributions to a Roth Account. These after-tax contributions are subject to the IRC pre-tax employee contribution limits. The Roth contributions plus earnings grow tax free and qualified Roth distributions are not subject to federal income taxes.

1. DESCRIPTION OF PLAN - continued

Employer Contributions

The Plan allows for discretionary matching contributions for eligible Plan participants. A discretionary matching contribution is available to eligible participants that make salary deferrals and would include Roth deferrals and catch up contributions. The discretionary matching contributions are invested in the same manner as employee contributions. For the year ended December 31, 2017, the Company elected to contribute 50% of the first 6% of annual compensation that a participant contributes to the Plan. Contributions remain subject to certain IRS limitations.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is credited with 20% vesting per year of service, starting in year two and reaching 100% vested after six years of credited service. Participants become fully vested upon death or total and permanent disability.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1.0%, which is commensurate with local prevailing rates as determined by rates charged by local commercial banks for similar loans. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service due to separation of employment, death, disability or retirement, a participant may elect to receive their vested interest as follows: (a) lump-sum, (b) installments over a specified period not to exceed the life or life expectancy of the participant, or (c) installments required under the minimum distribution rules. For distributions of vested balances not exceeding \$5,000, participants can only receive their benefits by receiving a lump-sum. In service withdrawals are permitted for active participants who have attained age 59 ½. Benefit payments are recorded when paid from the Plan.

As defined in the Plan documents, certain participants are also eligible for hardship withdrawals, consistent with the provisions of the IRC.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants' non-vested accounts may be used to reduce employer contributions or to pay administrative expenses of the Plan, as determined by the Company at its sole discretion. For the year ended December 31, 2017, \$13,027 was forfeited from non-vested participant accounts. As permitted by the Plan document, the amount for forfeitures allocated in lieu of employer contributions for the year ended December 31, 2017 was \$35,588. The ending balance of forfeited participant accounts as of December 31, 2017 and 2016 is \$6,592 and \$29,494, respectively.

Changes in the forfeiture account are included in employer's contributions the accompanying Statement of Changes of Net Assets Available for Benefit.

1. DESCRIPTION OF PLAN - continued

Dividends

Dividends paid are automatically reinvested.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis. Investment income is recognized when received, and disbursements are recognized when made. Additionally, securities investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in accordance with the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan provides for investments in pooled separate accounts and a guaranteed insurance contract ("GIC"). Pooled separate accounts are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

GICs are reported at contract value. Generally contract value of the Voya Fixed Account is equal to the participant's deposits minus participant withdrawals plus credited interest. Interest credited is net of expenses. Contract value may be subject to market value adjustments in connections with the contract holder.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year while dividends and capital gain distributions reinvested in the Plan have been presented as investment income and are shown separately from changes in fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Notes Receivables (Participant Loans)

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan Administrator deems to the participant loan to be a distribution, the participant loan is reduced and a benefit payment is recorded.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefit.

Adoption of New Pronouncements

In May 2015, the FASB issued ASU 2015-07, "Fair Value Measurement (ASC Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its equivalent) " ("ASU 2015-07"), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. In addition, the standard limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient, rather than for all investments that are eligible to be measured at fair value using the net asset value per share.

The provisions of ASU 2015-07 were adopted by the Plan, retrospectively, on January 1, 2016, and the disclosures in the Fair Value Measurement has been updated. The adoption had no effect on the Plan's Statements of Net Assets Available for Benefits or Statements of Changes in Net Assets Available for Benefits

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient.

The provisions of ASU 2015-12 were adopted by the Plan on January 1, 2016. Due to the adoption of the provisions of ASU 2015-12, the Plan has restated the value of the Fixed Account at contract value and has removed these amounts from the fair value hierarchy table for both years. The valuation of the Fixed Accounts is further discussed in Note 4.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Future Adoption of Accounting Pronouncements

In January 2016, the FASB issued ASU 2016-01, “Financial Instruments-Overall (ASC Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities” (“ASU 2016-01”), which requires:

- Equity investments (except those consolidated or accounted for under the equity method) to be measured at fair value with changes in fair value recognized in net income.
- Elimination of the disclosure of methods and significant assumptions used to estimate the fair value for financial instruments measured at amortized cost.
- The use of the exit price notion when measuring the fair value of financial instruments for disclosure purposes.
- Separate presentation in other comprehensive income of the portion of the total change in fair value of a liability resulting from a change in own credit risk if the liability is measured at fair value under the fair value option.
- Separate presentation on the balance sheet or financial statement notes of financial assets and financial liabilities by measurement category and form of financial asset.

The provisions of ASU 2016-01 are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018, with early adoption only permitted for certain provisions. Initial adoption of ASU 2016-01 is required to be reported on a modified retrospective basis, with a cumulative-effect adjustment to the balance sheet as of the beginning of the year of adoption, except for certain provisions that are required to be applied prospectively. The Plan is determining the impact of adoption of the provisions of ASU 2016-01.

Date of Management’s Review of Subsequent Events

The Plan evaluated subsequent events through September 11, 2018, the date these financial statements were available to be issued.

3. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lower priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other matters.

THE ADCOM GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

3. FAIR VALUE MEASUREMENT – continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled Separate Accounts: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar funds, the fund is valued under a discounted cash flow approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker price, if available.

The following tables set forth, by level within the fair value hierarchy, the Plans investments at fair value as of December 31, 2017 and 2016:

December 31, 2017				
Description	Total Fair Market Value	Level 1	Level 2	Level 3
Investments:				
Pooled Separate Accounts	\$ 6,649,907	\$ -	\$ 6,649,907	\$ -
Total	<u>\$ 6,649,907</u>	<u>\$ -</u>	<u>\$ 6,649,907</u>	<u>\$ -</u>

December 31, 2016				
Description	Total Fair Market Value	Level 1	Level 2	Level 3
Investments:				
Pooled Separate Accounts	\$ 5,704,874	\$ -	\$ 5,704,874	\$ -
Total	<u>\$ 5,704,874</u>	<u>\$ -</u>	<u>\$ 5,704,874</u>	<u>\$ -</u>

The Plan's policy is to recognize transfers between Level 1 and Level 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2017 and 2016, there were no significant transfers between Level 1 and 2 and no transfers into or out of Level 3.

THE ADCOM GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

4. INVESTMENT IN GUARANTEED INSURANCE CONTRACT ("GIC")

As of December 31, 2016, the Plan maintained one GIC related investment option, the Voya Fixed Account issued by VRIAC (a party-in-interest). The contract underlying this investment option is considered to be fully benefit responsive in accordance with ASC Topic 962, "Plan Accounting - Defined Contribution Pension Plans." As of December 31, 2017 and 2016, the contract value of the investment in the Voya Fixed Account was \$353,867 and \$79,628, respectively.

The crediting interest rates to participants for the contract as of December 31, 2017 and 2016 was 1.00%. The guaranteed minimum crediting interest rates for the contract for the years ended December 31, 2017 and 2016 was 1.00%.

VRIAC makes this guarantee, and although VRIAC may credit a higher interest rate, the credited rate will not fall below the lifetime guaranteed minimum of 1.00%.

VRIAC's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

5. PARTIES-IN-INTEREST

The plan sponsor provides the Plan with accounting and administrative services for which no fees are charged. In addition, certain plan investments are units of separate accounts managed by Voya Retirement Insurance and Annuity Company (VOYA). VOYA was the trustee for 2017 and 2016, therefore these transactions qualify as exempt party-in-interest transactions. Participant loans are also considered party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Members of the management team are currently participants in the Plan, and one member serves as plan administrator.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

THE ADCOM GROUP 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017 and 2016

6. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

7. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by VOYA and was not subject to any auditing procedures performed by the independent public accountants:

- Investments shown in the accompanying Statements of Net Assets Available for Benefits of \$7,003,774 and \$5,784,502 as of December 31, 2017 and 2016, respectively.
- Investment income consisting of interest and dividends shown in the accompanying Statement of Changes in Net Assets Available for Benefit totaling \$4,865 for the year ended December 31, 2017.
- Net investment earnings (loss) shown in the accompanying Statement of Changes in Net Assets Available for Benefits of \$1,021,307 for the year ended December 31, 2017
- All investment-related information in the accompanying supplemental information – Schedule H, Line 4i Schedule of Assets (Held at end of Year) as of December 31, 2017.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan reports net assets available for benefits and changes in net assets available for benefits on the same basis for both financial statements and Schedule H of Form 5500; therefore there were no reconciling items for the year ended December 31, 2017 and 2016.
